

NAVIN KEEPING OUT OF JOHNSON CONTROVERSY

DETROIT, Sept. 18.—Frank J. Navin, president of the Detroit American

League Baseball Club, intends to take no part in the movement to unseat Garry Herrmann as head of the National Baseball Commission, or in that directed against E. B. Johnson, president of the American League, he said here today.

Declaring that Mr. Herrmann had devoted many years to bringing baseball to its present high standard, Mr. Navin added that he had resigned from the nominating committee of the commission to avoid becoming involved in the controversy centering about him.

What Does Our Packing House Mean To You?

THE OPENING a few months ago of our model, sanitary slaughtering plant at Hyde Park marked the beginning of lower-priced meat for our customers. WHY? Because it made us independent of the big packers. We are now able to pick and choose our cattle from the choicest herds in Ontario, and sell to you direct, thus eliminating the packer's and middleman's profits. That's why we are able to sell at such low prices as are quoted below.

REFUSE TO INDORSE "GRATUITY LEAGUE" DEMAND FOR BONUS

Windsor Veterans Want Pensions Adjusted—Customs Collector Named.

[Special to The Advertiser.]

WINDSOR, Sept. 18.—More than three hundred members of the local Veterans' Association at a meeting here last night after considerable discussion decided to indorse the plan of the Toronto Gratuity League to demand a \$2,000 bonus from the Government. Satisfaction of veterans of pensions and care for disabled men and their families, however, urged. Retention of W. H. Taylor as provincial secretary of the organization was also favored.

COL. DOUGLASS TO QUIT.

Lieut.-Col. W. J. Douglass, secretary of the G. W. V. A. here, has informed the members of the organization that his resignation would be presented at the next meeting of the executive committee. He said many men complained of the way in which the work of his office was conducted.

The association passed a resolution, declaring satisfaction with the work of the secretary, but Lieut.-Col. Douglass said that would not hinder his resignation.

COLLECTOR NAMED.

Announcement was made tonight by the Canadian civil service commission of the appointment of Albert T. Monro of the Customs collector for the port of Windsor to succeed the late Dr. J. A. Smith. He has been in service for 20 years, and has been sub-collector at Walkerville the last eight years. Commencing as a clerk here, he filled almost every position in the office until he took charge of the Walkerville office.

ESTABLISH FLOATING HOSTELRY TO RELIEVE WINDSOR SHORTAGE

Alderman Howell's Scheme—To Use Lake Liner.

WINDSOR, Sept. 18.—Without adequate hotel accommodation, Windsor will ask the Detroit and Cleveland Navigation Company to use one of its lake liners as a floating hostelry on the Canadian side of the river. Ald. Howell has been empowered by the city council to open negotiations with this view.

Ald. Howell also has a plan to interest outside capitalists in a project to build a hotel on Ouellette Square at a cost of \$800,000. Half of the cost, the alderman says, must be borne by Windsor men. At present travelers arriving on late trains or boats are unable to find rooms, the hotels being filled early in the evening by overland business from Detroit.

NOT OVERCROWDED.

Permeable plying between Detroit and Windsor are not being unduly crowded, except on a few occasions, and then not to the danger point, according to the report made by acting collector of Customs McEwen to Mayor Winter. The boats have all passed regular inspection, and have been pronounced satisfactory, says the report. The mayor is not satisfied with the report, however, and has referred the matter to the civic transportation committee.

FACES ACUTE SUGAR FAMINE; BRANTFORD STOCKS AT LOW EBB

Meeting Soon Over Hamilton-Woodstock Proposed Hydro Radial.

BRANTFORD, Sept. 18.—There is acute shortage of sugar in this city, no stocks being held either by wholesalers or retailers. It was announced this morning that in ten days the situation might be relieved, but there was at present only one carload on shipment to this city, which would only afford temporary relief.

SURVEYING RADIAL.

Sir Adam Beck has sent an acknowledgment of the resolution of the Brantford City Council supporting the hydro-electric radial proposed between Hamilton, Brantford and Woodstock. He stated that he would endeavor to arrange a meeting of the representatives of all the municipalities interested within a short time. In the meantime, engineers are at work on the proposed line and will submit their report to the commission.

INDORSE REQUEST.

The Brantford Trades and Labor Council has indorsed the request of the G.W.V.A. for the appointment of a commission to investigate the gratuity question, and indorsement was also given the sale of the old post-office in this city to the veterans.

INQUEST ADJOURNED.

The inquest into the deaths of Dr. Duncombe of St. Thomas and Mrs. C. H. Duncombe of Waterford on the Corkshut road last Sunday was adjourned here tonight without evidence being heard. Counsel for the Duncombe family made the request for the adjournment. About twelve witnesses have been summoned.

CATTLE DISPLAY IS STRIKING FEATURE OF WOODSTOCK FAIR

Five Thousand Present on the Second Day—Officer Returns.

[Special to The Advertiser.]

WOODSTOCK, Sept. 18.—Five thousand people attended the Woodstock fair today. The fair was officially opened last night. The weather was all that could be desired, and the exhibition in all its brightness. The display of cattle is the big feature of the fair. Woodstock has many herds of continental reputation, and they are all represented at Oxford's big show.

The exhibits of sheep and swine are not large, but the exhibitors rank well with previous exhibitors. In the main building the fair directors pride themselves on the finest display in the history of the fair. The merchants of the

city have many excellent exhibits and the building has proven all too small for the fair. Tomorrow is farmer's day, and with weather a great crowd is assured. Today the chief interest centered around the half-mile track, where some very good racing was contested. OFFICER IS HOME.

Capt. D. B. Taylor arrived home from overseas this morning. Capt. Taylor, who went overseas with the 16th Battalion as paymaster in 1916, was appointed paymaster of the fourth Canadian Reserve in England. Later on he was sent to France as paymaster of the Fourth Brigade Canadian Field Artillery. Prior to going overseas Captain Taylor was advertising manager of Kodak and Gun in Canada.

NO FRICTION NOTED AT DUTTON MEETING

WEST LORNE, Sept. 18.—To the Editor of The Advertiser: In your report of the U. F. O. L. P. convention held in Dutton on Thursday of last week it was reported that ex-Ald. Hookway's remarks concerning Hon. F. G. McDermid were greeted with hoots and jeers. As this was absolutely incorrect your local correspondent who was at the convention as a distinguished party wishes to correct the wrong impression which has been conveyed by the said report.

The meeting was conducted by Ald. John Lane of St. Thomas in an exceptionally able manner and throughout there was not the slightest sign of any friction between the delegates representing the U. F. O. and the U. L. party. One very evident fact was the sincerity of the men and women assembled as delegates, and there was a conception conveyed to the disinterested spectator that both parties would unite solidly behind Mr. F. G. McDermid, who was the choice of the convention.

The feeling of the meeting seemed to be opposed to the Heart administration and Hon. F. G. McDermid or any other representative of the old political parties who might offer to become a candidate in the coming provincial contest. As a whole the meeting was for better politics and higher conceptions of our national life.
