MONCTON ACADIANS CELEBRATE FEAST

Moncton, N. B., Aug. 15.—The feast of the Assumption of the Blessed Virgin Mary was celebrated in this city today. All the services in St. Bernard's church were of a special character. The preacher at all three services was Rev. Father P. LeBlanc, eudist superior at St. Ann's College, Church Point (N. S.), who spoke on the national feast and the day celebrated. After the evening devotion a mass meeting was held in St. Bernard's hall, the speakers including Father Chasson, Father Robichaud, Fox Creek; Father D. LeBlanc, Moncton; D. T. Robichaud, Gloucester; A. J. Lege, Moncton; Senator Poirier, Shediac. Father Chasson was the preacher at the big celebration L'Assomption Day at Shediac tomorrow. The police last night raided a hotel run by Henry Cormier on Duke street, being armed with a Scott act summons, and search warrant. All the police found were bottles partly filled with whiskey and gin. The case comes up this week.

Frank Coleman, while spitting kindling Saturday afternoon, had the side of his face split open by the axe, catching in a clothes line.

MYRTLE CREW SAFE

North Sydney, N. S., Aug. 15.—A message was received here today to the effect that the crew of the schooner Myrtle, which was wrecked at Lingon on Wednesday night, was picked up and landed at Bell Island. The name of the steamer, presumably an ore boat, is not given.

Dr. Joseph Aliso Scott Dease 1 Bar Harbor, Me., Aug. 13.—Dr. Joseph Aliso Scott of Philadelphia a brother-in-law of George Wharton Pepper, of that city, died today at Northeast Harbor.

Canada's revenue for July totals 30,000,311, an increase of four and a half millions.

SAFE AFTER SIXTY HOURS IN BOAT

Gloucester, Aug. 15.—The loss of the New York schooner Annie Bliss off Cape Sable last Wednesday morning, was reported today, when six men of the crew were landed today by the Gloucester (Mass.), fishing schooner Lillian, which picked up the men on Friday morning. The small boat had been drifting at sea in an open boat without food or drink for sixty hours.

The rescued men are Captain Enos Huntley, Mate W. H. Munson, Seamen Harrison, Cannon, George Anderson, Oliver Olson and Cook R. E. Bridges. All came from Horton (C. B.), except the captain and cook, who belong to New York.

On Tuesday the 10th the vessel ran into a northwester which swept away the deck and caused the Bliss to labor heavily. Just before dawn on Wednesday, a big wave threw the ship over on her beam ends and the crew was obliged to take to the tender. There were but three oars in the boat and in the high sea it was difficult to keep the boat head on to the waves. She rapidly filled with water, and old shoes were used to bail her out.

At noon the abated, but the men suffered severely from hunger and thirst. Thursday a steamer was sighted in the distance, but apparently the small boat was not seen. Just as dawn broke on Friday morning the 13th, however, a schooner was seen three miles distant and was signalled by means of a shirt fastened to an oar. The schooner immediately bore down upon the boat and picked the men up. They were greatly exhausted.

The Bliss was lost off Brier Island, near the southern coast of Nova Scotia, about 105 miles to the westward, as near as could be learned. She was owned by Simpson Chapp, of New York, who was built at Thomaston (Me.), in 1871. Her gross tonnage was 334; net 275.

FREDERICTON NEWS

Fredericton, N. B., Aug. 15.—Mr. and Mrs. Percy W. Thomson, Eric Thomson and D. C. Skinner arrived here from St. John this evening in an automobile.

A party of young men from Woodstock arrived here this morning in an auto and returned this afternoon. They seemed anxious to make fast time and in going through Kingsclear, it is said frightened a horse driven by Edward Segee so badly that it sprang off the road overturning the carriage and damaging it considerably. Mr. Segee and his two children were thrown out and one of the latter had an ankle sprained.

The season for salmon fishing which closed today has been quite up to the average. On the southwest Miramichi the sport has been better than usual and some good fish were taken with the fly. York and the St. John and Tobique rivers has been good.

The body of the late N. D. Hooper will arrive from Portland at noon tomorrow and the funeral will take place at 3 o'clock from his brother's residence.

Mrs. J. J. McCaffrey, of the Queen Hotel, returned yesterday from a six weeks trip in Western Canada.

Ralph Sherman, Rhodes scholar from the U. N. B., occupied the pulpit of St. Peter's church, Springfield, at both services today. News of the death of Miss Mowatt, sister of Rev. J. J. Mowatt, formerly of this city but now of Eskine church, Montreal, has been received. She was a school teacher.

Mrs. Daniel E. Richards, lately appointed matron of Victoria Hospital, will close her private hospital on September 1 and visit hospitals in the States.

The Oriental dances that thrived during the World's Columbian Exposition, is to be suppressed at Chicago if legal means can be found.

BEAUTY QUEEN OF CHINATOWN IS MURDERED

New York Has Another Mystery — Six American Women in the House.

New York, Aug. 15.—Chinatown was in a turmoil again early today on discovery of the murder of the most beautiful of the few Chinese women in New York, Bow Kin, twenty-one years old, who came here from San Francisco about a year ago with an Americanized Chinaman, Chin Den, thirty-one years old.

It was about 7 o'clock this morning just as the usual Saturday night revelry was quieting down, that Chin Den dashed out of a tenement house at 17 Mott street, crying: "My woman has been murdered." The street, filled with loitering Chinamen and passing Americans, was "roughed up" all of whom quickly recalled the sensational murder of Elsie Seigel, the missionary girl, was soon the great excitement. A policeman and a detective hurried into the house under Len's direction, through dark hallways to a rear room on the second floor.

The door was locked and the officers were about to break it in when Len pushed them aside and unlocked it himself.

In a bedroom lay the murdered woman on the floor, stabbed in half a dozen places. Her slender neck was ringed with bloody finger marks, indicating a struggle with her assailant, and beside her lay a rusted hunting knife.

It was evident that the woman had been dead for two or three hours. On the stairs were found tracks of blood and on a door leading to the store of Yuen Chin & Co., on the ground floor. Three Chinamen there were arrested, although they denied any knowledge of the murder.

Six American women, who declared themselves to be the wives of Chinamen, were also found in the house and arrested, but none would admit any knowledge of Bow Kin's death.

In the murdered woman's room were found many business letters in Chinese but none that gave a clue. At 22 Mott street, however, when Len, who was of his time and where the couple lived previously, was found a trunk which Len admitted was his wife's property. In it were found a hunting knife, a pistol, a revolver and two boxes of jewelry.

Len declared he had no idea who killed his wife, unless "maybe" See Sing killed her. See Sing said she owe him money and he say he get it.

Len said, as to Sing's whereabouts, he knew nothing.

Len's account of himself the police admitted with reservations. He spent the early evening with his wife in their room, he said, until about 7 o'clock, when he went out to see a visit at No. 22 Mott street. Returning at 2 o'clock in the morning he found the body upon the floor, upon touching he soiled his hands with blood, with which he smeared the door and stairway as he hurried to the street. No foreign has been preferred against Len but he is held in \$5,000 as a material witness.

TRESTLE ON G.T.P. GIVES WAY, ONE LIFE IS LOST.

Six Spans Collapse Near McGivney Junction and John McMullin of Cape Breton is Killed.

Fredericton, Aug. 15.—Six spans of one of the largest trestles on the New Brunswick coast, on the Grand Trunk Pacific, collapsed on Saturday afternoon with the result that one workman was killed and several others had miraculous escapes.

The accident occurred at 3:30 o'clock on the trestle over Mullins Brook, four miles west of McGivney Junction where the G. T. P. crosses the Canadian Eastern division of the Intercolonial.

John McMullin, of Cape Breton, was instantly killed. John Patterson, engineer, badly bruised, and four workmen injured but not seriously.

The trestle over Mullins Brook comes on a curve is 400 feet long. Six spans of twelve foot spans of the wooden trestle were hurled to the bottom of the gully, a distance of about 50 feet. Six men went down with the car.

John Patterson, the engineer in charge of the locomotive, stuck in his post, and, having seen enough to jump, and with four others he came out of the accident with injuries that are not serious.

When the workmen rushed to the assistance of the injured, they found McMullin was dead, having apparently been instantly killed, a car crashing him. The injured were given every possible attention. Physicians and a coroner were summoned. Dr. Wainwright, of Stanley, attending as coroner. He held an inquest and the result was a finding that the accident was not due to negligence and had agencies than have been achieved in the past.

It is thought that an "A" which had been built in the spans at the centre of the trestle over a large concrete culvert proved the weak spot in the structure and gave way.

Harry F. Lean, superintendent of the Toronto Construction Company, said tonight that the big trestle had never shown any signs of weakness, and every precaution for the safety of the men had been taken.

Mr. McMullin also said that the body of McMullin had been prepared for burial and would be forwarded to his home in Cape Breton.

The Late Miss Alice Hall.

Penobscot, Aug. 14.—The funeral of the late Miss Alice Hall was held at the upper Baptist church on Friday afternoon at 2:30. A great prayer service was held at the home, after which the sad procession, headed by the members of the I. O. G. T. lodge, was formed and proceeded to the church, where Rev. C. J. Steves preached an appropriate and affecting sermon.

The service at the grave was performed by the I. O. G. T. lodge, of which deceased was a charter member. The C. T. Harry Wallace; P. C. T. William S. Teale, and Chap. J. J. McCallum, read the burial service from the lodge ritual. The pall-bearers were also from the ranks of the lodge. They were Lewis McCready, Welling, W. Stewart, F. Freeze, F. Morton and C. Robinson.

The flowers were very beautiful and included the following: Crescent, Dr. and Mrs. McAllister; anchor, I. O. G. T. lodge; spray, Mrs. G. L. McCully; star, Mr. and Mrs. Sears; bouquet, Florence Morton; bouquet, Kate and Cora Hall; wreath, deceased's family.

Mr. and Mrs. Hall wish to thank all who were so kind during their daughter's illness and also those who sent floral offerings.

Laid Behind the Counter Until Relief Came.

TERRIBLE SUFFERING OF AN OWEN SOUND CONTRA-TOR AND BUILDERS.

Mr. Wm. KRAMER, Owen Sound, Ont., writes: "Having read some of the testimonials of cures effected by Dr. Fowler's Extract of Wild Strawberry, I thought it advisable to say a word of praise for its merits."

"Some years ago I was much troubled with stomach trouble and cramps. I used to roll on the floor in agony, and on one occasion I went into a faint after suffering intensely for four hours. A short time after this, in driving to town, I was attacked again and had to lie down in my car, seeking relief."

"When I reached the drug store I asked the druggist for a quick remedy and behind the counter until relief came. The remedy I received from the druggist was Dr. Fowler's Extract of Wild Strawberry. Whenever, after that time, I felt cramps coming on, I found speedy relief in the above mentioned remedy, and I can now cure this dreadful malady. The bottle is small, but its contents effect a marvelous cure. I can recommend it highly for cure of cramps."

Dr. Fowler's Extract of Wild Strawberry has been on the market for 65 years. It is not a new and untried remedy. Ask for it and insist on getting what you ask for. Refuse substitutes. They're dangerous.

MR. PUGSLEY SPEAKS OF WESTERN TRIP

Sees Great Gains Since His Last Visit—The Waterways—Coming Here in Few Days.

Ottawa, Aug. 15.—Hon. Wm. Pugsley, minister of public works, returned today from a seven weeks' tour of the western provinces.

He expressed himself as astonished at the marvelous progress the country has made since he travelled over it some years ago.

The development of the water routes in the prairie provinces was the public work which interested him most deeply, he said tonight. He had given a good deal of study to the proposal to improve navigation generally in the Saskatchewan river and open up water communication between Edmonton and Winnipeg. This would mean everything to the farmers living in proximity to that great river.

The locks at St. Andrews will soon be completed, thus enabling vessels traversing Lake Winnipeg to reach the city of Winnipeg. By the expenditure of a reasonable sum of money it appears, said Mr. Pugsley, "that it will be possible to secure water communications by way of the Red River, Lake Winnipeg and the Saskatchewan River."

The minister added that though it might seem somewhat visionary, he believed that a great system of waterways converging upon the Nelson River, and so reaching Hudson Bay and Europe directly could be created.

Mr. Pugsley spoke in complimentary terms of the American settlers, and the good work they had done in Saskatchewan, rendering highly productive land, which a few years ago even the government experts declared unfit for cultivation. The men, however, had come from a territory in which similar dry conditions prevailed, and they had turned their knowledge to such good account that land, which they had purchased for two or three dollars an acre, was today valued at thirty to forty dollars. At Dundas, for instance, one farmer expected 35,000 bushels of wheat from two sections while another anticipated 30,000 bushels from 2,000 acres.

In British Columbia, said Mr. Pugsley, he had not heard the Oriental question mentioned except by the ladies, who said that if they could not get more Chinamen there, Liberals and Conservatives alike, would get up a motion picture to such good account that land, which they had purchased for two or three dollars an acre, was today valued at thirty to forty dollars. At Dundas, for instance, one farmer expected 35,000 bushels of wheat from two sections while another anticipated 30,000 bushels from 2,000 acres.

As regards the question of imperial defence the minister said that he had heard nothing but approval of the course adopted by the government. There was no criticism made to him.

Mr. Pugsley met many from the Maritime Provinces in the course of his trip. He found that in Edmonton there was a society containing 300 members all from the Maritime Provinces, while at a dinner in Nanaimo at which seventy sat down, seven came from the Maritime Provinces.

The minister will leave for St. John (N. B.), in a few days.

SONS OF ENGLAND DECORATE GRAVES

Yesterday was observed as decoration day by Marlborough Lodge, 207, Sons of England. In the morning a special committee consisting of Alfred West, Charles Ledford, A. B. Thorne, Henry Holland, and C. W. Pile, went out to Fernhill cemetery where they decorated the graves of their late brothers—Alston, B. S. Stewart, J. H. Murray, Dr. J. H. Scamell, J. Hamlet Wood and T. N. Walker.

At 3 o'clock yesterday afternoon more than sixty members of Marlborough Lodge assembled at the rooms in the Oddfellows Hall, Union street, and headed by the St. Mary's Band, marched to Cedar Hill cemetery, in accordance with the English custom each member carried a large bunch of flowers. The procession was in charge of Vice-president Alfred West.

On their arrival at the cemetery the line was drawn up and the graves of former members buried there were decorated by the Vice-president Alfred West, Past President George H. Lewis, Secretary Charles Ledford, and Honorary Chaplain Rev. B. R. Mathers. An address was afterwards delivered by Rev. Mr. Mathers. The graves decorated were those of C. G. Knott, R. T. Jackson, George Pile, J. W. Simmons, R. Rawlings, W. R. Brown, W. Boone, L. T. Thoroughgood and J. B. Stubbs.

On the return to the hall a vote of thanks to those who had so beautifully contributed to the success of the occasion by sending flowers, was unanimously carried.

STEAMER IS FLOATED

Sydney, N. S., Aug. 15.—(Special)—The steamer Jeannara, bound from Montreal to Buenos Ayres, which ran ashore on Cranberry Head, while entering Sydney Harbor last night, was floated this morning and docked at the Dominion Coal Company's pier. The steamer was pulled off by the company's tug Winch, assisted by the steamers Cape Breton and Co.
