SELECT SCHOOL.
For Young Ladies,

CONDUCTED by MISS THOMSON, assisted by her daughter, ELIZABETH THOMSON, the large building lately occupied by the Mayor, facing the Sea, and containing three minutes walk of Queen's Square, St. John, is now open for the reception of young ladies desiring to attend a School, containing some of the largest rooms in the city, and being replete with convenience of every character.

The advantages enjoyed by their Pupils arise of a superior order, affording them a liberal and solid education; the strictest attention being paid to the formation of their character, and to their moral and religious training. The course of instruction pursued is well adapted, and based upon the principles of natural and careful cultivation, rather than of constrained exertion—of developing the faculties of the mind, and rendering their studies a pleasure rather than a task.

Arrangements will be made to accommodate those Pupils who may wish to do with the family.

References to Clergymen and Parents of great respectability, who have sent Children as boarders with Miss Thomson.

R. T. intends to devote particular attention to the order, affording them a liberal and solid education which may be required in her Class-room at certain periods, he has, by the wish of several parents consented to form TWO CLASSES FOR YOUNG LADIES, in a separate part of the House.

Terms &c., may be known on application.
