

parts of such examinations as are allowed to holders of University Degrees.

Under its special Act, this Medical College is represented on the Council of the College of Physicians and Surgeons of Ontario, and upon its Examining Board. It is, therefore, possessed of every privilege enjoyed by any Medical teaching body in the Dominion.

Full instruction is given in Trinity Medical College in all the subjects for the degree in Medicine required by the several Universities with which the College is affiliated, and by the Medical Council of Ontario.

Since the inception of an Eight Month's Session, Summer Sessions are no longer required by the Medical Council.

The Faculty has been greatly gratified by the high standing the students of Trinity Medical College have, for many years, taken at the Examinations of the College of Physicians and Surgeons of Ontario, and of the various other Medical Bodies at home and abroad, before which they have presented themselves. This proves better than anything else, the **HIGHLY PRACTICAL AND THOROUGH CHARACTER** of the **TEACHING** given in the College.

METHODS OF TEACHING.

Ever since its organization, "**EFFICIENCY, with PRACTICAL TEACHING IN EVERY BRANCH,**" has been the motto on which the College has been and will continue to be conducted, and to this its great success is undoubtedly due.

The only modification made in this Institution for many years was the passing of an Act by the Legislature in 1887, raising "Trinity Medical School" to the standing and dignity of a "Medical College," a position well earned by many years of successful teaching.

TRINITY MEDICAL COLLEGE GOES ON ADVANCING AND IMPROVING Session by Session, and keeps fully abreast of the rapid advances of science in every branch of the Medical profession and of the requirements laid down by the Ontario Medical Council.

Thoroughness in **TEACHING—PUNCTUALITY** and **ZEAL** in all College work, will as heretofore, be steadily maintained as fundamental essentials of a sound medical education.

LECTURES.

All the lectures, except those on Clinical Medicine and Clinical Surgery, are delivered in the College Buildings, situated in the immediate vicinity of the Toronto General Hospital. The College has found it
