

Unlocked Process Shoes

The unlocked process of making shoes is conceded by the most famous orthopedic physicians, surgeons and shoe men as the very last word in the shoe world today.

MADE UNDER PATENTED METHODS, both in SHOE PROCESS, LASTS AND PATTERNS. It has the call throughout the world as the only shoe that will give the foot PERFECT EXERCISE, MUSCLE DEVELOPMENT, GOOD BLOOD CIRCULATION, HEALTH AND LIFE, for the reason that the shoe is built in such a manner that it gives perfect body weight balance and conforms to the foot WITHOUT BREAKING IN; in fact it is the only UNLOCKED PROCESS SHOE known to the shoe world, making it impossible for imitators to copy.

UNLOCKED PROCESS SHOES AND LASTS follow the anatomy of the foot in every particular. Nothing is left UNDONE, and the wearer will find that in wearing this shoe it will eliminate the cold, clammy, sleepy feeling in the feet and limbs and make the feet BREATHE and live again.

We invite all orthopedic surgeons and physicians to investigate this shoe, and we guarantee to them and to the public that they will find we can give them more in this shoe than we have claimed.

If you are looking for foot liberty, wear BELL'S UNLOCKED PROCESS SHOE.

RED CROSS WORK

That the good work of the local Red Cross has not suffered neglect during the summer months is apparent from the returns shown at a postponed meeting yesterday afternoon. Mrs. John A. McAvity, the president, was in the chair; most of the officers were present, and the meeting was very largely attended. The reports for needle-work show 5,883 pieces done during August. Miss Helen I. Russell, Walter Gilbert, Mrs. Alfreda M. Dean of Montreal, and Miss Margaret Morrison were made life members, and Mrs. G. E. Coster and Mrs. W. G. deMille were made members of the society. Various reports were brought in from outside Red Cross Circles showing very satisfactory results.

MUCH DAMAGE BY TIDES. Sackville Post.—The recent high tides did a good deal of damage to the crops around Sackville. It is said \$1,000 will hardly cover the loss to the crops on what is known as the Fred Dixon farm, and many others suffered to a less extent.

You may want to change your automobile, or your piano, or even your home—but you will never want to change the COFFEE, when once you taste the delectable flavour of Chase & Sanborn's "SEAL BRAND" COFFEE.

In 1/2, 1 and 2 pound tins. Whole—ground—pulverized—also fine ground for Percolators. Never sold in bulk.

Now Remember!

When I ask for cocoa I want the best — and everyone knows that the best is

COWAN'S COCOA
"Perfection Brand"

It is a well-known fact that in every home where quality is appreciated, this delicious cocoa may be found. It is pure and wholesome and manufactured from the best cocoa beans procurable.

See that the boy brings it.

Male Teachers Want More Pay

The regular meeting of the school board was held last evening at which a petition from the male teachers of the city was presented, requesting an increase in salaries, dating from Sept. 1. The increase for the four months ending December, would amount to about \$1,840. The matter was referred to the teachers' committee, but no definite action was taken.

R. B. Emerson presided, and the following were in attendance: Mrs. Dever, Dr. Bridges, J. E. Russell, G. H. Green, George E. Day, M. Coll, Colby Smith, Dr. James Manning, D. Gordon Leavitt and Miss Reid.

The minutes of the previous meeting were read and confirmed. After the reading of the minutes, it was moved that the delegation of the male teachers of the city be heard. The delegation consisted of W. J. S. Miles, who acted as spokesman; W. A. Nelson, H. V. Hayes and W. J. Shea.

The chairman of the board then promised the delegation that their petition would be considered as soon as possible. Business was resumed and an application from Willa E. Hunter was read, asking for a position in the city schools, beginning in January, 1918. Miss Hunter is a graduate of Mount Allison, and also holds a superior school license.

Mr. Coll informed the board that they could procure 300 more tons of coal at the same price from J. S. Gibson if they thought it necessary, but after much discussion it was decided that enough coal had already been secured, as going over with Mr. McGivern had been already shipped.

Dr. Bridges said that the opening of the schools after Labor Day had been a big success and that the scholars were all present on that day. Dr. McIntyre had been here lately and in speaking to Dr. Bridges he remarked that all the western schools do not open until after Labor Day.

On a motion the question of the salaries of the male teachers was transferred to the teachers' committee.

The meeting was then adjourned. At the meeting of the teachers' committee nothing definite was done in respect to the male teachers' salaries.

OPEN TO CAPACITY HOUSES

The Arlington Orchestra and Fata Ring at The Unique

The Unique Theatre stepped right into the line yesterday in offering something special in honor of the convention held here on Saturday and Sunday. The programme claimed special interest in the re-appearance of the Arlington Orchestra, a combination which proved so popular when heard here last season. Many remember this organization with pleasure, but it seemed that yesterday in opening their engagement they outdid their best efforts of last year. Miss Davis at the piano, Mr. Crook, Mr. Davis and Mr. Leavitt were, as the boys say, "right there" through the "The Arlington" have a brand new library of popular and classical music which they render in a novel and decidedly pleasing manner, which adds so much to the programme and enhances their value to no small extent. The orchestra has been engaged for an indefinite period.

The introductory episode of Pathe's latest serial "The Fatal Ring," suggests something a little better than its predecessors. It is a combination of love, mystery and intrigue, with Miss Pearl White playing the role of Pearl Standish, an American heiress. Thrills of a nature that do not suggest crudeness, coupled with a mighty interesting plot and produced on a scale of grandeur, leave little or nothing to be desired. It is an excellent offering and if following chapters are as good as the first, the success of the serial is guaranteed.

The Pathe Weekly is too well known to need any criticism, and the comedy, "Seeing Things," is one of those merry go rounds of genuine fun.

VICTORIA WOMEN IN PROTEST AGAINST THE ELECTION ACT

Victoria, Sept. 11.—The local council of women has unanimously passed a resolution vigorously protesting against the war time elections, and is going on record as "deeply deploring that a body of men elected to legislate for the protection of the rights and liberties of the people should even consider an act contrary in its spirit to the freedom for which we, as a nation, are today making great sacrifices in the interests of humanity."

SOLDIERS MAY BAND TO BUY SUPPLIES

Paris, Sept. 11.—The minister of war has authorized the soldiers to form and administer co-operative societies for the purpose of purchasing food supplies for themselves and families in order to combat the increasing cost of living. Membership will be limited strictly to soldiers and the functions of the societies to the purchase and distribution of food.

Manchester Robertson Allison, Limited

LONG YEARS OF GOOD SERVICE BROUGHT HONOR

As the Times announced on Saturday, Peter McCart, Charles Pigeon and John Rogerson, of this city, former members of the customs service have all been granted the imperial service medal by His Majesty King George.

Mr. Pigeon was in the service the longest of the three. He entered in 1870 and was superannuated only in January, 1917, spending forty-seven years of his life in the department. Mr. McCart and Mr. Rogerson entered the service in 1887 and were superannuated along with Mr. Pigeon. They were in the service for twenty-nine years. All three are receiving the congratulations of many friends on being awarded this medal. It speaks highly for their standing in the department and for their long years of faithfulness of service.

LABOR WEEK FAIR CLOSFS

Labor Week Fair which has been under way for a week in St. Andrew's rink under the auspices of the Great War Veterans' Association, assisted by the local Labor Council and the Young Women's Patriotic Association, was brought to a successful close last evening when about 1,000 people visited the fair. The lotteries which were held in connection with the fair were drawn last evening, but in nearly all the cases only the numbers of the lucky tickets are known. The following are the prizes: The rustic seat was won by ticket No. 224, no name; lottery No. 1, first prize, a vacuum sweeper, won by Mrs. Capson, 100 Chealey street; second prize, half ton of coal, won by Norman Gregory, 228 Prince William street. Lottery No. 2, first prize, ton of coal, won by ticket No. 1821, no name; second prize, electric lamp, won by ticket No. 1035, no name. Lottery No. 3, first prize, silver scallop dish, won by ticket No. 2784, no name; second

prize, half ton of coal, won by Charles Avery, 215 City road. The model of S. S. Victoria, won by ticket No. 489, no name. The big prize of \$200 was won by ticket No. 165, no name. Prize winners can claim their prizes at rink today. After that holders of lucky tickets

Applying This Paste Actually Removes Hairs
(Beauty Notes).
Seldom applying an inexpensive paste to a hairy surface, say beauty specialists, will remove the hairs. This paste is made by adding a little water with some (Beauty Notes).

can secure their wins by calling at the War Veterans' rooms in Union street.

How to Banish Wrinkles Quickly

If your face is disfigured with wrinkles, no matter how deep, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered salicylic acid in a quart of water. Wash your face with this lotion twice a day. The salicylic acid is a powerful skin cleanser and it is not purely temporary, for the lotion also has a healthful tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for awhile; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.
