LIBERAL LEADER GETS NOMINATION FOR NORTH YORK

New Market, Ont., Sept. 21.—Hon. William Lyon Mackenzie King, Liberal leader for the Dominion of Canada, was unanimously chosen at a Liberal convention here Saturday afternoon as the party candidate for North York in the Dominion general election. Hon. Mr. King, who had written to Howard Cane, president of the North York Reform Association, stating that if the nomination were tendered to him unanimously he would accept, made it clear in his

letter that at the general election "he intended to run in his own province, and in the heart and soul of it, meaning North York and that he had already accepted nomination in Prince Edward Island" for the purposes only of the bye-election.

NO DIVISIONS AT THE CONFERENCE

Ottawa, Ont., Sept. 21.—When the national industrial conference broke up at 5 o'clock Saturday afternoon, the newly achieved friendliness between employer and employee by agreement had not been endangered by a division on the question of the eight-hour day, the recognition of labor unions and the right of employees to collective bargaining. On these cardinal doctrines of organized labor the various joint committees of employers and employees were unable to bring in unanimous reports. It was decided on the motion of John R. Shaw of Woodstock that it would be better to avoid embittering either side through losing by a few votes, and that the objects of the conference would be achieved just as well by having the recommendations of the various sections of the committees brought in and embodied in the Hansard report of the proceedings. In seconding this motion, R. A. Riggs of Winnipeg, pointed out for the employees that on the question of principle there had been expressed practical agreement, and that the differences of opinion had come on questions of detail. The reports of the various sections of the committees on these questions would go before the various governments which could determine the values of the respective opinions expressed.

HONOR MEMORY OF NURSING SISTER

A beautiful brass tablet was unveiled in Charlotte Street Baptist church, West St. John, last evening, in loving memory of Nursing Sister Lenna May Jenner, daughter of the pastor, who died on Dec. 12, 1918, in a London hospital while serving her country. The church was filled with a sympathetic and reverent

congregation. The service, conducted by the Rev. D. J. MacPherson, pastor of the Central Baptist church, was throughout deeply impressive. The church was made bright with flowers, the platform being garlanded with dahlias. The excellent music under the direction of the organist, Prof. Stout, was especially appropriate to the occasion and was rendered with feeling. A particularly touching incident of the service was the placing of a basket of red roses beneath the newly unveiled tablet by Mrs. D. J. MacPherson. The tablet is placed upon the right hand wall of the church near the pulpit and was unveiled by Burton Jenner, a brother of Miss Lenna Jenner, who saw active service overseas. It was the gift of the children of the congregation, who had joined under the leadership of Miss Hazel Clark to show this mark of love and affection for the pastor's daughter. After the voluntary had been played the service opened with the singing of the national anthem. The portion of scripture read was taken from the thirteenth chapter of I. Corinthians and after its conclusion, when prayer had been spoken, the congregation stood in solemn and respectful silence while Burton Jenner drew aside the flag that covered the tablet and its inscription stood revealed:

"To the Glory of God and in loving memory of Lenna May Jenner, daughter of Pastor J. H. Jenner, Nursing Sister in the Army Medical Corps, who died in England, while on duty in the Great War on Dec. 12, 1918, at twenty-two years. She hath done what she could."

PREDICTS CHANGE IN IRISH POLICY

London, Sept. 21.—In a forecast of the coming reconstruction ministry, the *Star* says that Premier Lloyd George has decided to offer another olive branch to Ireland, "recognising as does Bonar Law, that resolute government has been carried to the farthest extent possible and that Ireland cannot indefinitely be kept under military occupation."

The correspondent commenting on the fact that James Ian MacPherson, Chief Secretary for Ireland, did not accompany Viscount French, Lord Lieutenant and Governor General of Ireland, on his visit to London for the week-end to discuss the situation, says there is a suspicion that indisposition which is given as the reason for his absence, may be the prelude to MacPherson's resignation. "He (MacPherson) has so identified himself with the policy of strong repression," the correspondent says in this connection, "that any reversion to conciliation must involve his retirement."

The *Times* says the Prime Minister has sounded several labor leaders, but they have definitely declined. Hence, it adds, the ministerial changes probably will be few. Viscount Rothermere, who is an ardent economist, according to the *Times*, will probably be appointed secretary of war, while Colonel Winston Spencer Churchill, the present secretary of war, will go to the colonial office, as Viscount Milner, who holds that office, is anxious to retire.

GREAT IMPROVEMENT IN WESTFIELD ROAD

Splendid New Steel Bridge Over Milligan's Brook Practically Complete—Sharp Turns Being Blasted Out Bodily

Motorists who use the Westfield road frequently note approvingly the work which the provincial department of public works is carrying on upon the road and bridges practically all the way

from the city to Westfield. The largest piece of work is the erection of the new steel bridge at Milligan's Brook, on the city side of Hillendale. The structure is almost ready for use. All that remains to be done is the completion of the approaches and the building of the railing leading up to the bridge. The floor of this bridge is almost thirty feet above tide water and will cut off a depression almost to that extent in the road as it is at present. This is a fine piece of work and those viewing it are enthusiastic in their comments in the fact that the road will be straightened and graded up at this point. Practically all the way from Ketepec to Acamnac just above South Bay the road is being widened, by skirting out the bushes at the side, and ploughing

up at the sides of the road the material being used to round up the centre. On the lower part of this stretch a serious effort is being made to blast out some sharp turns and at one place, particularly, just this side of Acamnac an immense quantity of rock has been taken out and is being used further on to take out a depression and straighten out a bend in the road. Coming towards South Bay for a distance of nearly a mile splendid work has already been done improving the road with a road machine and large quantities of gravel. This work has made great progress during September. The Westfield road is being largely used for driving and when the work of straightening and grading is completed it will prove one of the most popular driveways out of St. John.

When you see a young man sitting in the parlor with the ugliest four-year-old boy that ever frightened himself, mirror clambering over his knees, jerking his necktie out of place, ruffling his shirt front, pulling his hair, kicking his shins, feeling in all his pockets for coppers, while the unresisting victim smiles all the time like the cover of a comic paper, you may safely say that the howling boy has a sister who is in a room not 20 feet away and that the young man doesn't go there just for the fun of playing with her brother.
