HORSE and Sleigh For Sale, 139 Sheffield street. 1207-12-1

RAILWAY RECEIPTS AND EXPENSES FOR SEPTEMBER

The business of the railways for September while showing a considerable improvement over that of September, 1911, does not maintain the rate of increase set by the record-breaking month of August. The total net operating revenue of 90 per cent of the steam railways increased \$5,896,840 for September, while the increase for August was \$15,895,622. This increase in net operating revenue, when at the rate of \$21 a mile of line for the month or at the rate of seventy cents a mile of line a day.

The total operating revenues per mile of line for the month increased 4.5 per cent, the operating expenses 7.3 per cent and the net operating revenue 3.1 per cent.

The foregoing statistics are from the summary made by the Bureau of Railway Economics from the reports of the railways to the Intercolonial Commerce Commission. A special committee of the railways having headquarters in Chicago reports that bills now pending in the federal courts providing for an increase in the number of employees of the railways and for the rapid substitution of steel for wooden equipment will, if enacted, place the railways under an additional expense of approximately \$12,000,000 per annum for the former, and a total expense of \$32,746,000 for the latter purpose. Without comment, the railways in the course of three years have increased their steel underframe equipment 250 per cent.

The debate on the railways was continued on the 27th inst. by the Hon. Mr. Emmerson, who asked as to the correctness of the newspaper reports that beginning with January 1 next, the C. P. R. would be given running rights over the Intercolonial and the Dominion Express Company would be given the privilege of the government line.

Mr. Cochrane replied that no arrangement had been made "as yet" but the Dominion Express Company were to be given the same rights as the Canadian Express Company, controlled by the Grand Trunk.

Mr. Emmerson wanted to know if the C. P. R. would be compelled to grant to other express companies on its maritime lines equal rights with the Dominion Express.

Mr. Cochrane replied that his first answer covered the ground.

The debate on the railways was continued in the commons this afternoon with special reference again to the MacDonald by-election inquiries. The Hon. Mr. MacNeill, of Salt Cove, one of the Liberal members who took part in the by-election, added his personal experience of the protection of justice and fair play by the Rogers-Robin machine. In view of the fact that the Rogers-Robin machine had not arrested him, he was not at all surprised that the Rogers-Robin machine had not arrested him.
