RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-tives" Cured Him

McMillan's Corner, Ont., Sept. 30th, 1910.

"Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism." For years I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me except to blister me and make raw spots. I took many advertised remedies without benefit, but fortunately two years ago, I got 'Fruit-a-tives' and they cured me.

Since then, I take 'Fruit-a-tives' occasionally and keep free of pain. I am satisfied 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them in the way I took them. This letter would be of value to you, publish it.

JOHN B. McDONALD.

Indeed, the letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago, and Neuralgia. It points the way to a certain cure. \$50. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

BUSINESS OUTLOOK BETTER

Boston, Aug. 13.—The industrial situation in New England, which has been halting since spring, shows numerous signs of at least temporary improvement. Notices were posted this afternoon on the gates of seven mills of the Fall River Iron Works Company, Fall River, the largest print cloth plant in the world, announcing that the entire concern will start full time Aug. 25.

The Iron Works mills have been shut down since May 10 and about one-eighth of the 6,000 operatives went to their old homes in Quebec and the maritime provinces.

Devonshire woolen mills, Manchester (N. H.), and many of American Woolen Company's thirty-five plants in New England are resuming operations but not to capacity. Many rubber mills, which have been closed, will soon start.

To Make Hairs Vanish from the Skin

(The Modern Beauty.)

Superficial growths of hair or fuzz literally vanish from the skin following an application of the hair removing cream. Just enough paste is made with the powdered deodorant and water to cover the hairy surface and after 2 or 3 minutes it is removed and the skin washed to take off the remaining paste. This simple and painless method is far more satisfactory than the electric needle and seldom calls for repeating, excepting where the hair is unusually stubborn.

It is surprising how beautifully long and curly the eyelids grow when pyroxin is applied at the roots with thumb and forefinger. Rubbing pyroxin on eyebrows makes them come in thick and silky, but be careful and don't get any where no hair is wanted.

SULZER'S WIFE VERY ILL; COMPLICATION OVER IMPEACHMENT

Albany, Aug. 14.—The illness of Mrs. Sulzer, wife of the governor, is so serious as to be regarded almost as critical, according to announcement made by C. Platt, Governor Sulzer's secretary. Two additional specialists on nervous diseases were summoned from New York to telegraph this morning's affliction.

Albany, N. Y., Aug. 14.—With Governor Sulzer impeached by the assembly and the date of his trial before the senate set for Sept. 18, the spectacle was presented tonight of two men claiming to be governor of the state of New York.

As soon as the articles of impeachment against an early hour this morning by the Democratic majority in the assembly were presented to the senate, shortly after 8 o'clock this afternoon, Lieutenant-Governor Martin H. Glynn announced his intention of occupying the executive chamber.

Friends of Governor Sulzer declared that the governor intended to continue in office, and every effort in his power to maintain his position, on the ground that the assembly had no constitutional right to consider impeachment.

Some asserted that the governor would go so far as to summon military protection if necessary to prevent the lieutenant-governor from occupying the executive chamber.

Judge D. Cady Herrick, who will act as chief counsel for the governor at the trial, said tonight "talk of resort to force is the merest rot."

"He will meet the charges against him in an orderly and dignified way," said Judge Herrick, "and will do nothing to encourage the demagogues of the state. He will engage in no physical scramble to assert his rights to discharge the functions of the office of governor."

The governor himself was silent. When at 6 o'clock tonight he left his office in the capitol, where he had spent the entire day, he was asked if he expected to return tomorrow.

"Yes, sir," he replied, in angry tones.
