## Managing Committee of St. George's Society

For 1869.

The Committee of Management of St. George's Society, of Toronto, beg leave to present their Report for the past year. That year has been one of much anxiety to them. The constant arrival of Immigrants, following so closely on those who came out in the two previous years, has taxed the energies of the Committee, and the funds at their disposal, to an extent unprecedented since the formation of the Society.

It is therefore with much satisfaction the Committee are enabled to report, that notwithstanding such heavy demands, they have nevertheless met all their engagements, and are in a position to hand over to their successors a substantial balance, with which to commence the new year. This result is to be attributed to the praiseworthy liberality of the members of the Society, and the Englishmen of Toronto generally, who have nobly responded to every appeal for aid made by the Committee.

For the assistance thus afforded in the carrying out of the duties for which they were appointed, the Committee cannot feel too grateful.
