

To Our Friends, "The Public."

THIS year we rejoice with you in the prospects of better times, owing to a bountiful harvest and higher prices produce.

Our endeavor this year will be to sell you goods at a lower price than you have ever been able to obtain them.

To do this we decided to reduce expenses, and by removing to our new premises, **16 Market Square**, we effect a saving of over \$600.00 a year. We propose dividing this amount among our customers through Cash Certificate Cards, allowing *5 per cent. discount on all purchases.*

Our new premises being so much larger than the old ones enabled us to increase our wholesale and jobbing trade.

We will be pleased to welcome you at our new store on **16 MARKET SQUARE, the store with the Yellow Front and the Yellow Mortar over the door.**

PARKE & PARKE.
