Nothing hights existence like the imovedge that our appearance is regulant to these with whom we come in contact, nor is there any relief like that of feeling that the disfiguring causes have been removed. Says Mr. William Alger: My face or one side was a mass of helicines, some of which were constantly full of matter. I run a bake shop doing my own work, but my face got so bad that customers drifted away. Then I hired a man and went to a doctor. He said my blood was in a horrible condition. I sold and unusually described and any sold who have to the city where Scatt's Sarsaparilla was recommended to me. The first bottle did me much good, and after taking five bottles my akin is as clear as possible, and not a sign of my previous disfigurement. I say Scott's Sarsaparilla is the best blood medicine rooms and my peaking from vital exhaustion and imparre blood are radically cured by Scott's Sarsaparilla, a concentrated compound of the finest medicines ever intown.
