## MANY N. B. TEACHERS ARE GOING TO THE WEST.

They Believe That They Can Do Better Out There and Have About Given Up Hope of Receiving Higher Salaries in This Province.

Arthur P. Stevenson, of Sheffield, Queens Co., who has during the past year been principal of the superior school at Bloomfield, Kings Co., is in the city today on his way to the west. Mr. Stevenson is to take the principalship of a large school in the new province of Saskatchewan. He expects to be accompanied on the excursion by a large number of New Brunswick teachers many of whom are going from York county. These teachers have been waiting in the east, some to hear of the increase in salaries which "lures from afar but ever flees before," and when they will pack their trunks and go to the west, where the profession holds brighter prospects for the ambitious youth.

The matter of the exodus of so many of the best teachers to the great west is becoming a matter of serious alarm to the school authorities of this province. Scores of the energetic young men and women in the teaching profession have recently given up their schools and taken position in the west where in many cases they have been able to double their salaries. Scores of others are only waiting to get a year's experience in the west, where they can follow the crowd in the direction of the prairies.

At the meeting of the provincial institute at Chatham Superintendent Inch read a letter from Inspector Mercereau, of Doaktown, who has been away on a year's leave of absence, and is making an extended tour of western Canada.

In the letter the inspector pointed out that a teacher's life in the west was not all it was represented to be, and he showed some of its disadvantages. These, it appears, were mainly to be found in the conditions of living in the west. He did not deny the fact that the profession in any part of the west was better paid than in New Brunswick.

Dr. Inch, in a strong address, advised the teachers that they should be true to their native province and that it was in New Brunswick their services were most needed. He intimated that salary grievances would soon be removed. "Just as soon as the finances of the province permit," said the superintendent, "the teachers shall have an increased government grant."

This province seemed fair enough and some of the younger and more hopeful members of the institute were satisfied with it. But when they were informed that the same promises had been made at a meeting for the last 15 years, the realization seemed as far in the future now as ever before. Meanwhile the western fever continues to spread among the teachers. On the whole the New Brunswick teachers are a body of strong, healthy young men and women, and are able to cope with the adverse conditions of living in the west quite as well as the members of other professions who are thriving in the prairie lands. On the other hand they are a class of people who know the value of a dollar, and notwithstanding the respect they may have for home institutions, and the desire they have to advance their educational progress, they are not ready to leave their native province, there is no reason why a largely increased salary should not have the same allurements for them as for other individuals. One noticeable fact about the New Brunswick teachers who have gone west is that there is scarcely an instance where a young man or woman after spending a year or more in the profession there has returned to teach in the east. This is one of the strongest arguments our teachers are using in favor of taking up the profession there.

### POLICE REPORTS.

This police report having found an umbrella, with man's coat in Bond's alley, a dead dog on Britain street and a pile of gravel on St. James street.

John O'Regan, sentenced a couple of months ago for drunkenness and who was taken from the jail to hospital, returned to the county jail this morning looking much better than when he was arrested. He will have about four more months to put in before he is given his freedom.

Kate Hamilton was remanded to jail this morning for not giving a satisfactory account of herself and also being a habitual frequenter of houses of ill repute.

Robert Matthew, a colored boy, has laid information in the police court against Harry Musgrave, whom he charges with striking him on the mouth and biting his shoulder.

## DOWN WENT MCCARTHY

John Got Too Free in Abusing His Wife.

Kept Her Clothes, Took Her Watch and Assaulted Her—He is Now in Jail on Remand.

John McCarthy and his wife are again in difficulties. Mrs. McCarthy went to the police court this morning to complain of her husband. John followed her and landed in jail. Mrs. McCarthy told the court that on Monday night John took her watch from her, swore at her, called her numerous bad names, said that she was running about the streets and park with bad girls and fellows, and told her to leave the house. He quieted down after a time and gave her back the watch. Last evening when he came home he started another fight and ejected her. She walked around town until ten o'clock and then secured lodgings at the Ottawa Hotel. This morning she was going to her husband's home on Acadia street to get her clothes and when she reached the door of King and Canterbury streets she was met by her husband who called her names and said that he had gold for her clothes and would then turn off her back. He then snatched her gold watch from her belt and broke the chain and put the time piece in his pocket. She went to Pond street where she cleans and she was found by her husband and caught hold of her coat. She said she had been separated from her husband for some time and only returned to him about a month ago as he had finished his valuable address he was remanded to jail.

McCarthy is a very rapid talker and for nearly half an hour he spoke to the court at the rate of 80 words a minute. He said that his wife was a spendthrift, that the watch he took was his property, that she was near of age, that she had bad girls, that she was dirty, did no work at the house, and spent his hard earned money foolishly. After he had finished his valuable address he was remanded to jail.

## TAKING PRECAUTIONS AGAINST CIRCUS FAKIRS.

Detectives Write to Chief Clark Asking His Assistance in Protecting Visitors to the Show.

The Barnum & Bailey show people are putting forth every effort possible to prevent their patrons from being harried or otherwise taken in by fakirs.

This morning Chief of Police Clark received a letter from the Barnum & Bailey detective Samuel McClure, to the effect that a man in travelling dress had been seen by the show people as one of the circus advance agents. He is not anything of the kind. The detective says that the show has four advance agents, viz., Conklin, Barnum, Keeler and Guinea, and requests Chief Clark if he should come across any person other than those mentioned above to arrest him immediately and to notify the circus detective. He says the man pretending to be an agent is not only causing the show considerable trouble but is annoying the public greatly by issuing worthless tickets.

The chief is also in receipt of a letter from the Pinkerton National Detective Agency stating that they have special detectives with the big show and asking the aid of the local force in keeping order on Friday.

A very pretty wedding took place this morning at the Cathedral of the Immaculate Conception, when Sarah Flood, daughter of Jas. Flood, sr., Brimley street, was united in marriage to Wm. P. Sullivan, of Madawaska county, N. B. The ceremony was performed by Rev. A. McLean.

The attendants were Miss May McCarron and Norman J. McGowan. The bride was becomingly gowned in white silk trimmed with a bouquet of pink carnations. The groom's present to the bride was a pearl necklace and to the bridesmaid a ring set with opals and pearls. Numerous beautiful presents were received, including chimes from the bride's father and brother. Breakfast was served at the home of the bride's brother, James Flood, Jr., Brimley street. Mr. and Mrs. Sullivan left by this morning's train for the honeymoon. They will reside in Boston.

Mary George Moore, Margaret Morey and Annie George were before the police court this morning having been reported for peddling about the streets without license. They were told to go to the city hall and secure licenses or be fined.

## EDUCATION COUNTS IN AFGHANISTAN.

The Ameer Criticizes the Policy of British Officials

And Announces that Henceforth the Civil Service Will be Open Only to Qualified Men.

LAHORE, Punjab, British India, July 18.—The amir of Afghanistan issued a notable pronouncement on the subject of education in his dominions. He says education is retrograding but the fault does not rest with the teachers, but with the government officials, who discourage education, dreading its leveling working on the Cresser Mystery, the high born officials that they must either change their attitude in this connection or be changed. Henceforth, he says, education will be the sole path to state service.

## WILL MAKE ANOTHER SEARCH FOR THE CREAMER CHILDREN

F. W. Sumner, of Moncton, Again Pays the Expenses of Constable Thomas—Thinks the Little Ones Will be Found.

MONCTON, N. B. July 18.—Constable Charles H. Thomas left this morning for Bayfield to spend another week working on the case of the outbreak of a revolution in Russia. Emperor Nicholas being advised of the general nature of the deliberations. It was decided in principle, the paper adds, that Germany and Austria will intervene in Poland with armed forces in case the Russian emperor finds it impossible to maintain the control of Poland, the three emperors thereafter acting in concert for the maintenance of the status quo of their respective possessions.

ST. PETERSBURG, July 18.—The political barometer is again falling. The confusion which seems to have taken possession of the upper spheres since the efforts to form a coalition ministry failed, coupled with the alarming reports from the interior and the attitude of parliament, make almost anything possible. There has been a marked revival of apprehension that the crisis may end in a coup d'etat against parliament. The assassinations of Vice-Admiral Choukhin and General Kozlov, the discovery that behind the murder of the general was a big plot to kill not only General Trepot, but Prince Putiatin and other courtiers, and the general epidemic of disorder which has terrorized not only the local authorities, but even the police, together with the conviction of the peasant by the peasantry in half a dozen provinces during the last few days have again strengthened the small part of the court, which believes in resorting to "extreme measures."

The adoption by the lower house of parliament of an address to the country will, it is feared, place in the hands of the reactionists the need of a lever to move his majesty, M. Petraski, who has been the lower house yesterday of the seriousness of the proposed step, but the majority of the constitutional democrats, of which party he is a prominent member, seem to be convinced that they must hold the peasants at all hazards. The members of the extreme left seemed to have been preaching open revolution from the rostrum. The Novoe Vremya, which often reflects the views of the parliament, says today that the adoption by the lower house of an address to the country would go beyond the limits of the constitution and virtually constitute an appeal from the government to the people. The paper adds:

"With its adoption parliament would cross the rubicon, abandon its professed policy of trying to restrain the passions and of trying to pacify it deliberately pour oil on the kindling fire of the peasants' uprising."

Despatches from the interior continue to tell without interruption stories of the burning of houses, robberies, murders collisions between peasants and rural gendarmes and the hurried dispatch of troops here and there. The centre of the peasants' uprising is Voronezh province where the peasants in their ravages of the estates of M. Kokorshin, one of the most prominent constitutional democrats in the Lower House. Today's reports describe the situation in that province as "hopeless from the standpoint of the landlords. The situation is almost as bad in Plovdiv and Smolensk provinces, in Tambov province, eighty peasants are reported to have been killed or wounded by dragons.

## CHATHAM POLICE ARRESTED WRONG MAN.

Were Advised to Look Out for a Circus Fakir and Got Hold of an Employee Instead.

CHATHAM, N. B. July 18.—At the school board meeting held last evening W. T. Denham was appointed teacher for the grammar school here. Mr. Denham belongs to St. John and is a graduate of the St. John High School and of Acadia University.

The death occurred last night of Mrs. Benson, wife of Dr. John S. Benson, of Chatham. Mrs. Benson had been in poor health for some months.

A man named Austin was arrested this morning for giving circus tickets in exchange for bill board coupons. The management had requested Chief of Police Dickinson some days before to arrest any man except four named in a telegram who claimed to sell tickets. This man was not of the number mentioned in the telegram.

Fortunately the advertising car was at Chatham and the men there stated that Austin was all right and was not selling tickets but giving passes for bill board coupons issued to owners of lots.

Austin was then let go but he feels pretty sore over the matter.

## ARTILLERYMEN LEAVE TODAY FOR PETAWAWA

Arrangements Completed for Annual Shooting—Other Detachments Follow Next Week.

The first detachment of artillerymen for Petawawa will leave on this evening's train. This will consist of seven gunlayers from No. 1 company, the charge of Corporal Titus. A gun detachment from No. 1 company will leave on Saturday night in charge of Maj. J. M. Robinson. On Monday night No. 2 company will leave in charge of Lieut. Mosher. On a week from Saturday, or on July 28th, No. 3 company will start in charge of Major Barker. Other officers who will be going along with the detachments are Capt. Harriell, Lt. McGowan and perhaps Maj. Magee, with No. 1 company; Lt. Pat- chell with No. 2 company, and Lieuts. Smith, Fowler and Vassie with No. 3.

The officers of the artillery are endeavoring to make arrangements for a colonist car to run straight through to Petawawa with each detachment, and for the men to take their meals on the regular dining car.

Mr. and Mrs. A. R. Wetmore, Fredericton, are in the city.

## CANNOT WAIT FOR ARBITRATION THEY CONTINUE FIGHTING.

OTHER NATIONS TO ACT In Case the Revolution in Russia Breaks Out.

Several European Powers are Prepared to Use Armed Force in Poland.

PARIS, July 18.—The Journal today says it is in a position to affirm that in the course of the recent interview at Schoenbrunn Palace, near Vienna, between the Emperor of Austria Hungary and the German emperor their majesties deliberated on the means to adopt in the case of the outbreak of a revolution in Russia. Emperor Nicholas being advised of the general nature of the deliberations. It was decided in principle, the paper adds, that Germany and Austria will intervene in Poland with armed forces in case the Russian emperor finds it impossible to maintain the control of Poland, the three emperors thereafter acting in concert for the maintenance of the status quo of their respective possessions.

HARRY NICE ACCEPTS. To the Sporting Editor of the Star: Sir—I hereby accept the challenge of W. J. Coates to row him a single shell race, mile and half with turn, the race to be rowed in the harbor in smooth water and on the fourth of August, if the condition of the weather on that day is favorable.

(Signed) HARRY NICE.

Mr. Nice feels that he is now in better condition for a race than he was at the Fredericton races, and he thinks under favorable conditions he will have no trouble in at least giving Coates the race of his life.

## FUNERALS.

At 8:45 this morning the funeral of the late Mrs. Caroline E. Belyea took place from the home of her son-in-law, St. Princess street, to the L. C. R. depot. Service was held at the house by Rev. Mr. Stewart, curate of Trinity. The body was taken to Westfield where the burial service was conducted by Rev. Canon Richardson.

The funeral of the late Charles H. Whitman took place at 3 o'clock this afternoon from his residence, No. 10 Waterloo street. Service was conducted at the house at 2:30. The interment took place at Cedar Hill.

The steamer Manhauset, Capt. Pinkham, arrived at the Island last evening from Philadelphia and docked at the McLeod wharf this morning, where she loads deals.

Adverse Comment on the Selection of Salvador's Representative to Peace Conference—He Acted Badly Before.

SAN SALVADOR, July 18.—Notwithstanding President Cabrera's agreement with the President of Mexico to cease fighting pending peace negotiations in Central America, two sharp engagements have occurred in Salvador just across the Guatemalan border. One was at Patanar and the other at Metapana. The Salvadoreans were victorious in both engagements. Within two hours Cabrera agreed to suspend hostilities his troops attacked the Salvadorean army at Patanar only to be defeated by the latter Monday morning. The fighting at Metapana occurred Monday afternoon. Both Patanar and Metapana are objective points in the march to Santa Ana, the summer capital of Salvador. Never in the history of any country has there been such a patriotic spirit shown as in Salvador at the present time. Rich and poor are served alike as was shown in the engagement yesterday. In one of the engagements Adalberto Guila, son of the millionaire, Angel Guila, lost his life. He was a graduate of West Point, and when the war broke out enlisted with thousands of his countrymen. He was about 30 years old, and worth half a million dollars in his own right. This is not the only case of rich men enlisting. There are members of almost every rich family in Salvador now at the front.

ACAJUTLA, Salvador, July 18.—The steamer Empira, owned and operated by revolutionists in Guatemala, arrived here from Comito yesterday. It was formally turned over to the Salvadoran Government. The latter will arm the vessel and use it as a gunboat in west coast operations.

WASHINGTON, July 18.—It is rumored that Senator Jose Rosa Paez, the Salvadorean minister of interior, who was appointed by President Escalon to come to the United States and present Salvador's side of the Central American dispute, may be named by Salvador to represent it at the conference to be held on the United States cruise Marblehead. This rumor has caused much comment in diplomatic circles because of the notoriety Senator Paez attained by his conduct after the announcement of an unfavorable award in the case of the Salvadorean commercial company against Salvador.

In that case the American company sought to recover from Salvador \$200,000 for damages it suffered as the result of the seizure by the government of harbor improvements the corporation had made at one of the Salvadorean ports. After long dispute the case was submitted to arbitration in Washington with Senator Paez representing Salvador. Chief Justice Henry Strong as the neutral member of the commission, and Don M. Dickinson as the American representative.

The members of the commission met for weeks at the Arlington Hotel in this city and when the award was announced Mr. Paez bitterly charged at the two other members of the commission with treating him and his government with "gross unfairness." Mr. Henry Strong personally resented the attack on his action and a scene followed. Senator Paez storming about the hotel in great rage.

Salvador protested the decision of the cardinal principles of arbitration and delayed the payment of the award \$22,178 for a long time. The state department was compelled to make representations to Salvador respecting the full amount of the award agreed to a compromise in 1903 and the case is said to have been settled for about \$20,000.

## THE CAR SERVICE TO THE CIRCUS GROUNDS

Every City Car Will Run to the Bridge—All That are Available Will be Put at Work.

The Street Railway Company have completed arrangements to give a first class car service for the circus on Friday. They will have between thirty-five and forty cars running in the city on that day and expect to have the cars following each other every minute and a half.

During the day the park line will be abandoned and all the cars brought over to the city. The city cars will not run to Indianatown but will go direct over Douglas avenue. From Douglas avenue to Indianatown there will be only one car running. On Paradise Row the usual line of cars will be kept running with the assistance of four others.

From the head of Rodney wharf to the circus grounds two cars will be kept running. It is considered wise, however, not to have any transfers at the bridge as it is only a few steps from the Fairville side of the bridge to the circus grounds and the cars would only be in the way.

The car service will go into effect on Friday at noon and will continue until the last people are taken home from the circus at night.
