Yesterday Sister Patrick celebrated her twenty-fifth anniversary as Mother of St. Patrick's Industrial School, Silver Falls. Some time ago three members of the legislature in a joint letter, recommended that an expert be obtained to test the stability of the Suspension bridge. This was thought necessary on account of the largely increasing traffic over the bridge. Mr. LaBillette in answer to the letter, said that the bridge was, in the opinion of the department, quite safe. However the wish of the members will be carried out and an expert obtained as soon as possible.

Rev. Dr. Carman presided over the deliberations of the superannuation fund commission yesterday. The clerical treasurer read the report of the committee, which was considered eminent satisfactory. A report for the quarterly conference, which meets in Montreal next week, was referred to the general conference. The financial statement of the fund was presented. This is the first time in twelve years there has been a surplus in the superannuation fund. A number of applications were considered, together with special grants. The commission's report, to be forwarded to the general conference proposes a more equitable scale of assessments and provision for a special reserve fund accumulation. The surplus in the annual account to be available to meet any possible deficiency that may arise.—Toronto Star.

PROF. JONES ACCEPTS THE APPOINTMENT TO THE U.N.B.

Prof. C. C. Jones has definitely decided to accept the appointment as professor of mathematics offered to him by the senate of the University of New Brunswick. This position, by agreement with the government, carries with it the position of chancellor of the University. His resignation as professor of mathematics at Acadia will be handed in within the next week or so, to take effect before the beginning of the college term.

ANOTHER POSITION.

Miss Edith Barker, of Bath, N. B., has been selected by the Employment Bureau of the Carri Business University, Ltd., to fill a position as stenographer in the office of F. F. Collier & Son, publishing house.

Warning to Exhibition Visitors.

We are obliged each exhibition year to turn away hundreds who come to St. John for the sole purpose of having their teeth attended to, but who neglect the main object of their visit until a few days before returning home. We would therefore advise all to call early and avoid the usual rush so that they may not be compelled to return home disappointed at being unable to avail themselves of our SUPERIOR WORKMANSHIP AND ATTRACTIVE FEES. Parents should remember that the vacations are drawing rapidly to a close, and that as they value the health and welfare of their own children and those of others they should see to it that their children's teeth are in proper condition. We can put their teeth in the condition they should be, without affording them any pain and we can do it reasonably. Call at once.

QUARRELLED OVER BOAT RACE, BUT ARE FRIENDS AGAIN

West Side Men Stook Hands in Court— Several Drunks Disposed Of.

There were five prisoners in the police court this morning and all were given the limit.

John Syron was arrested for bagging in the C. P. R. station and pleaded not guilty. Policeman Smith said that Syron was annoying passengers, bagging tobacco, and he was drunk. Syron has been on the chain gang for about a month and was liberated on Tuesday last with the understanding that he was to leave town and try to get back to New York. He was sent into jail and told that he was liable to six months. Harry Guy, drunk on Church street, was fined \$4 or ten days.

Wm. Beckwith lying drunk in the old burying ground, was told he should be ashamed to drink till he had to lie down. He was fined \$4 or 10 days jail.

Joseph McNulty got drunk yesterday and this morning was asked to pay \$4 or go to jail for ten days.

Theophilus Marchant, drunk on Paradise Row, was fined \$4 or 10 days jail.

Elliah Ross and George Belyon, of Carlton, were in court reported for fighting. They acknowledged that they had been mixed up in a boat race dispute. They were sorry for what had happened, shook hands in court and the case was laid over for a week.

The man Duffy arrested a few days ago charged with stealing \$16 from George Brown, was heard this morning. He explained that he thought he had been loaned to him and intended to pay it back. Brown was not anxious to prosecute and the case was dismissed.

R. J. Armstrong, manager of the York Theatre, tells the Star that already opera lovers are requesting early reservations for the opening performances of the Pollard Lilliputians, now the most famous company of youngsters in the world. Sweet memories of these wonderful children will ensure a succession of big houses at the York during the week of the 17th, when the catchiest and most popular comic opera will be delightfully sung, gorgeously costumed and appropriately staged.—Advt.
