

Tailors' Bad Backs.

DOAN'S KIDNEY PILLS

Are the best friend of kidneys needing assistance. Read the proof from a tailor who has tried them.

Mr. John Robertson, merchant tailor, Durham, Ont., gives his experience as follows:

"I had been ailing with my kidneys for more than a year when I commenced taking Doan's Kidney Pills, which I got at McFarlane's drug store, and am sincerely glad that I did so. The wrong action of my kidneys made me sick all over and caused me much inconvenience and pain. That is now a thing of the past, because Doan's Kidney Pills cured me. I have had no trouble or inconvenience with my kidneys or back since I took these remarkable pills, and you may be sure that I gladly recommend them to other sufferers."

A distressing accident occurred at Sydney Tuesday afternoon at the Steel Company's pier. John Ryan, carpenter, of North Sydney, went over the side of the pier to drop on the staging underneath. He gripped a rail and a train came down the pier, passing over the hand and severed it at the wrist.

In Holy Name Cathedral, Chicago, Sunday, when the presence of Father Crowley became known, the excommunicated priest was asked by Chancellor Barry to retire, and on his refusing to do so, the solemn high mass in progress was suspended, and a low mass substituted. No sermon was delivered. The strain for a time was intense.

A serious stabbing affair took place at Clementsvale last Thursday. Timothy Riley, a pensioner of the American civil war, had quarrelled with his wife to such an extent that she was obliged to leave him. While under the influence of liquor he evidently made up his mind to kill his wife. Attempting to break into a house for that purpose, he attracted the attention of Mr. Jacob Long, a respectable citizen of Clementsvale, who immediately interfered.

Timothy stabbed Long with a tanner's knife, nearly cutting off the latter's ear and making several bad gashes on the back of his neck and side of the head. Long will recover, although the physician stated that it was a narrow escape.

TACT.

A little boy once said to his mother, when he found himself getting into close quarters about something which they disagreed over: "Don't make me do it, Mamma; let me do it."

It is easier to do a thing when they let us do it, than it is when they undertake to make us do it.

Little four-year-old Bud was playing with his older sister, Ethel, when some plaything was wanted from below.

"Bud, you go down stairs and get it."

The young man hesitated, and looked as if he was thinking. "You might have said please."

"But, Bud, you must, I am the mother, and I am the oldest."

The little chap straightened himself up, and stamped his little foot, and said: "Well, Ethel, if I must, I won't."

Bud had a great deal of human nature, and Ethel was slightly lacking in tact. If the older brothers and sisters will put on fewer airs, and less authority they will get on much better managing their little brothers and sisters than they do when they are trying to show off their dignity. Patience and meekness help much about managing little ones.—Christian Observer.

A Kansas minister informed his congregation just before the plates were passed around that the members who were in debt were not expected to contribute. It is, perhaps, unnecessary to say that the collection that day more than exceeded the minister's expectations.

A New Departure.

A New, Effectual and Convenient Cure for Catarrh.

Of catarrh remedies there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of "suffing salt water through the nose would often relieve and

the washes, douches, powders and inhalers in common use are very little, if any, better than the old-fashioned salt water douche.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it cannot be cured by local treatment any more than they can be.

To cure catarrh, whether in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

Wm. Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position. As I was clerk and my hearing was absolutely necessary."

"Some of my friends recommended an inhaler, another a catarrh salve but they were no good in my case, nor anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it."

They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I cannot say enough in favor of Stuart's Catarrh Tablets."

A little book on cause and cure of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich., and the tablets are sold by all druggists in the United States and Canada.

A Christian's capacity for joy ought to be full to overflowing. Said a big, broad-shouldered convert in a rescue mission: "I'm the happiest man in the room tonight. I don't believe I could be any happier—unless I were larger." Well it is for every Christian if his abundance of joy thus taxes his capacity.—Sunday School Times
