revised, and the Clerk instructed to make enquiry of the churches in reference to some of the Licentiates, whether they are now engaged in preaching, and are still intending to enter the ministry.

SATURDAY AFTERNOON SESSION, 2 O'CLOCK.

Prayer by Bro. Estabrooks.

Sunday School Report submitted.

Your Committee believe that, as a sphere of Christian usefulness for individual Church members, none is more inviting and none promises greater and more glorious results than the Sabbath School. And that treading the downward road, is doing more for the establishment of pure principles in heart and life than can be estimated in time. Nor should any of our Church members, with such an extensive field before them whitening for the harvest, be satisfied until the youth of their congregations enjoy the hopes and privileges of the glorious gospel of the Son of God.

As members of a royal priesthood, it becomes us to regard with care the voice of the great Head of the Church, speaking unto us in the words addressed to the ardent Apostle, "Feed my lambs." Neither should our efforts be the least relaxed until God is glorified in the conversion of those lambs. For the accomplishment of this great object, much more is required than simply hearing the scholars read their scripture lessons in the school. Steadfast perseverance, self-denying zeal, prayerfulness of soul, and simplicity of speech in imparting religious instruction, should be observed and maintained. Your Committee are also fully persuaded the period in the history of our denomination has arrived when our families and Sabbath Schools should be more particular in the selection of their reading matter, and provide themselves better with our denominational publications and literature.

Respectfully submitted.

Report on *Christian Visitor*.

That we still rejoice in the prosperity of that periodical, and regard it as an indispensable auxiliary to our denomination. We believe the cash or pre-payment system the only way in which the *Visitor* can be permanently sustained. Every Baptist family should have a copy of our denominational organ. This done, Brother Bill, Editor and Proprietor, would be freed from all financial pressure, and would be enabled further to enlarge the paper. To accomplish this, the ministers and members generally, must continue to take a deep interest in this work.

Report on Temperance:—

That they have great pleasure in stating that, in their opinion, the cause of Temperance is steadily advancing in our Province; and while other religious bodies are engaged in the work with commendable zeal, we, as a body, should put forth greater and more persevering efforts for
