

TURBILLS FROM NOVA SCOTIA

Three Little Tots Found Unconscious in Woods After Three Days' Wandering-- Arthur Peters a Millionaire.

Annapolis, July 11.—Lost in the woods for three days and nights was the thrilling experience of the five-year-old sons of Mr. and Mrs. Frank Moody, of Roundhill Park, near Annapolis. They left home Sunday afternoon to walk to a neighbor's about half a mile distant. Instead of going by the road, they decided to take a short cut across their father's woods. Although they did not arrive home Sunday evening the parents went to the neighbors for them and were horrified to find that they had never arrived. Arriving home, they immediately organized a search party, who although they beat the woods all night, found no traces of the lost children. All Monday through the force down-pour of rain the tireless searchers kept on. Monday night a party arrived from a nearby village and continued the quest. By this time the parents were nearly distracted with fear for their children. It did not seem possible that the little tots could live through the storm and without food. The anxiety was greatly heightened by the discovery of bear tracks. And when late Monday night, or early Tuesday morning a cap that one of the boys was known to have worn was found, the fears of those who searched were at the highest point. Nothing daunted, the party retraced their tracks, and by Tuesday night over two hundred men and boys were wading the woods. Wednesday afternoon their labors were rewarded by the discovery of the little ones lying under a tree. They were both unconscious, but the doctor who accompanied the party soon brought them to consciousness. Meeting of parents and children was beyond the power of words to portray. After they had sufficiently recovered to be able to talk, the lost children told of their adventures. As soon as they discovered they were lost they began to cry, but hunger soon overcame them and they sank down exhausted and slept. During the heavy rain on Monday night they stayed in a cave. After Tuesday morning they had no recollection of what occurred until the time that they found the doctors bending over them.

An American automobilist learned a lesson on Thursday that he is liable to remember and profit by till the end of his life. He had brought a large Pierce Arrow touring car to the province which he had driven on Thursday afternoon he was out riding when something went wrong with the machinery. For some reason he opened the gasoline tank and a spark from his cigar dropped into it, causing a moment there was a frightful explosion. The owner of the car was lying wounded and unconscious in the car which twenty feet away and the car which was distributed in pieces over the surrounding ground. A lady who was in the tonneau had an experience in aviation as she was thrown through the air by the explosion and landed unhurt but had a slight burn on her neck by the fall. The owner required the services of a medical man who took ten stitches in a wound in the arm. The machine, which was a new one valued at \$6,000, was completely destroyed.

Arthur Peters Home. Twenty years ago Arthur Peters, a native of this county, went to the United States to make his fortune. After two or three years he was heard from and it was supposed that he was dead. On Saturday of last week he arrived back at his own home in this county. He had made a fortune in the neighboring States that was quite borne out by the display "of the goods" that he made. After working for a few years in a mill as a laborer he was gradually promoted to the position of foreman. From this he quickly rose until today he is vice president and general manager of one of the largest manufacturing concerns in the State of New York, and is rated at something over \$2,000,000. Everybody in his native village is certainly glad to see him back again, for he is giving them all a "great time." Mr. Peters had to far to drop his explanation of his continued absence. When he arrived his mother, now nearly ninety years of age, did not recognize her son, but as soon as she did so it is safe to say that was the happiest woman in Nova Scotia, and has every reason for the pride she takes in her son who has returned home after his mother had given him up as dead.

GLORIOUS TWELFTH IS WELL CELEBRATED

North Shore Orangemen Gather At Newcastle—Frederickton Contingent To St. Andrews—In Westmorland Co.

Newcastle, July 12.—The Glorious Twelfth was celebrated here today by the largest demonstration of its kind ever held on the North Shore. Delegates from the different lodges of practically every county throughout the northern part of the province were in attendance and a monster open air meeting was held. It was estimated that fully 500 men were present. More than 200 had been expected from Campbellton, and Dalhousie, but owing to being in attendance. Notable presence of the principles of Orangemen were delivered by men high up in the order. The address of Hon. Donald Morrison was the feature of the meeting. He scouted the idea that Orangemen was antagonistic to a certain church, and showed that it merely stood for liberty, equal rights and privileges to none and urged his hearers to live up to the aims, objects and glorious traditions of the order.

Frederickton, N. B., July 12.—The Orangemen of Frederickton and vicinity with upwards of 800 of their friends, making a party of about 1,000 people left by special train of 11 cars this morning over the C. P. R. for St. Andrews where the party joined brethren from other sections of the province. The party was in the celebration of "the glorious 12th of July."

Westmorland. Moncton, July 12.—Westmorland Orangemen today celebrated the 12th at Summerside with the Island Orangemen. The members of the local Orange lodges met this morning in the lodge rooms and marched to the depot headed by the band about 2.30 o'clock. A large crowd accompanied them. Orangemen at Sackville observed the day at Cape Tormentine.

MEETINGS OF CONGREGATIONALISTS

Congregationalists Accept Invitation to Meet Next Year at South Maitland, N. S.— Sunday Services.

Kingsport, July 12.—The meetings of the Congregational Union were brought to a close Sunday after one of the most successful gatherings held in recent years. The delegates left for their homes yesterday morning, all loud in their praise of the hospitality of the Kingsport friends.

On Saturday morning at ten o'clock, business was resumed. The invitation of the church in South Maitland, Hants Co., to meet there in July, 1911, was accepted.

A resolution was passed urging the churches to work in the interests of total abstinence.

A very helpful paper, written by Miss N. Burditt, Luton, England, on the subject "Deeper Consecration for Sunday School Teachers" was read by J. W. Burditt, followed by a round table on Evangelism and Our Church, conducted by the chairman, Rev. A. R. Schrag.

On Saturday afternoon no business session was held. About 100 delegates and friends had a drive to the "Look-off" on the North Mountains, near the famous Blomidon. After spending some time enjoying the wonderful panorama of the valley below, the drive was continued to Sheffield Mills where tea was served on the lawn at Mrs. Ellis, and the party reached Kingsport again at about ten o'clock, having had a 20 mile drive.

Sunday Services. Rev. W. Cannon preached the union sermon on Sunday morning, taking as his subject, The Ministry of Reconciliation. At the afternoon service H. W. Barker, of Toronto, spoke on the Laymen's Missionary Movement, which he called a union of deeds rather than words. Mr. Barker made a strong appeal for workers, and mentioned that two prominent business men in Toronto had volunteered to give of their time three months of each year for the advancement of this movement.

Regarding offerings for missionary work, he said it was not true as many have stated, that if these are increased the work at home will suffer, but on the contrary the churches' life will be quickened. The following resolution was passed by the union: Resolved, that we recommend the work of the Laymen's Missionary Movement to our churches, feeling that as the Christian men are awakening to a sense of their privilege and duty with regard to the missionary enterprises of the church, the world will be evangelized more speedily, and that our churches themselves may receive a greater blessing. We would before our people the \$5 per member standard, believing this to be not only possible, but easy of accomplishment.

Mr. Barker will visit several of the churches in the interests of the movement during the next few weeks. E. S. W. Barker also gave an address during the afternoon on the subject, The Child, the World's Hope. At the closing service held on Sunday evening, the church was filled to overflowing, and the service remained outside. The preacher for the evening was Rev. Joseph K. Unsworth, B. A. of Westmount, Que., who spoke on the text, "A great door and effectual is opened unto us."

MONCTON TAKES ACTION

Carload of Supplies Goes Forward From Railway City—Catholic Foresters Send Case of Supplies—To Establish Post Office.

Moncton, July 12.—The city of Moncton today forwarded a carload of provisions to Campbellton and City Clerk Magee and Alderman McAnn went up to distribute the lot. J. H. Harris and F. W. Sumner also went to Campbellton to render any assistance possible. The Reed Company, who had a wholesale branch in Campbellton, had \$22,000 insurance on the stock and \$4,000 on building, and lost \$5,000 above that sum. They are sending two carloads provisions to Campbellton tomorrow. The city council at a meeting tonight appointed a committee to take action for further relief.

The Moncton Court of the Catholic Order of Foresters telegraphed Chief Pinault in Campbellton that fifty dollars worth of case goods, etc., for sufferers has been forwarded. Supt. of Mail Service Gross was here today and sent to Campbellton a baggage car with windows to be used as a temporary post office. Of course everything in Campbellton office was burned, not even a postage stamp was saved.

GOVERNMENT ACTION

Premier Hazen Makes Request for Military Tents and Authorizes Expenditure of \$2,000. In relief work the provincial government is playing an important part. The mayor of Campbellton was authorized yesterday to draw upon the government for \$2,000 for immediate relief of the distressed, and was despatched to the Minister of Militia, by Premier Hazen, advising him as to the extent of the conflagration and calling upon him to forward militia tents and supplies for the temporary housing of the afflicted. Special trains, bearing supplies and equipment are being rushed to the scene, the larger centres of the Province are buying themselves with the problem and the authorities hope soon to have the situation in hand.

Property Value. The value of the property in the town was about \$1,970,000, but a certain portion of this still remains, the figure represents both land and buildings. The assessed value of the property was \$989,000. The value of the water and sewerage equipment of Campbellton was \$180,000, and the cost of it was covered by bonds. This department, however, will experience little loss as it is hoped that the system is still in good working order. Against this there is the bonded debt of the town for \$215,000, which was devoted chiefly to public works, which have been destroyed, representing an almost total loss to the town of this sum.

Devastation of North Shore Metropolis is Most Complete

CAMPBELLTON AND SUGAR LOAF MOUNTAIN \$1,203,500 INSURANCE.

Continued from Page 1. through the town is ruined. The post office and customs house, the Royal Bank of Canada, the Bank of New Brunswick and the Bank of Nova Scotia, the Roman Catholic church, convent and hospital, the Baptist church, the English and Presbyterian churches every store, every industry, in fact Campbellton, as a town, has ceased to exist. Latest reports show that there was no loss of life. The militia department was asked for tents at Sussex and everything that can be done in Dalhousie for relieving the distressed is being carried out. The Dalhousie Lumber Company is sending cooking utensils, provisions and tents. About 4 o'clock the Dalhousie fire department responded to a call from the burning town, and a special hook hose and firemen to the relief. Scarcely had they gone than an alarm of fire was sent in from the upper end of Dalhousie. Some men had the hose on the spot where an old cook house was on fire, and after a desperate fight, it was put under control. If this had not been accomplished Dalhousie would have shared the same fate as Campbellton. Last night most of the inhabitants of Campbellton spent the night in the open air unable to reach proper resting places. The wind was so strong that the fire fighting apparatus was of no use.

Practically All The Local Companies Are Heavily Affected—Wm. Thomson & Co. Lose \$100,000. The Campbellton fire will be a hard blow to a number of fire insurance companies represented in this city and through the local offices of which a very large proportion of all the fire insurance in the burned town was carried.

Naturally there was no small amount of excitement among the agents and the offices of the local agencies presented a very busy scene yesterday morning as the companies' officials endeavored to get a line on the losses. Although estimates vary, as the exact loss is not yet known, it is about certain that more than \$1,200,000 of insurance was carried through the city offices and this will be practically all called for when the losses are appraised. As far as can be learned the list is as follows:— F. R. Fairweather—Sun, \$20,000. Knowlton and Gilchrist—Phoenix, Hartford, \$30,000; Guardian, \$60,000; British American, \$9,000; Home \$1,000; total, \$100,000. W. M. Jarvis—Liverpool, London & Globe, \$60,000; Manitoba Insurance Co., \$9,000; total, \$69,000. E. J. Sippel—Dominion, \$10,000. G. O. D. City—Union, \$55,000; Law Union & Rock, \$5,000; total \$60,000. R. W. W. Frink—Western, \$57,000; London Assurance, \$12,000; total \$69,000. E. H. Fairweather—Etna, \$30,000; Hartford, \$30,000; London and Lancashire, \$500; total \$60,500. T. B. & H. B. Robinson, Norwich Union \$52,000; German American \$20,000; Rochester American, \$15,000; total, \$87,000. A. C. Fairweather—Commercial Union, \$10,000; Fidelity Phoenix, \$4,000; total \$14,000. W. L. Fenton—Atlantic Mutual \$2,500. E. L. Jarvis—Nova Scotia Fire, Rimouski and Crown, \$70,000. Wm. Thomson—Six non-tarif companies, \$100,000. J. M. & C. Clarke—Canadian, \$10,000. J. M. & C. Clarke—Hope Grant—Royal, \$60,000; Scottish Union, \$17,000; total, \$77,000. Lockhart and Ritchie—General \$15,000; Quebec, \$20,000; total \$35,000. Machin and Foster—Royal Insurance Co., \$20,500. Jarvis & Whitaker—Queen Insurance Co., \$70,000; North American, \$10,000; total, \$80,000. J. M. Queen, Equity, \$2,500. Cowie & Edwards, Caledonia, \$25,000. B. R. Armstrong, Yorkshire, \$24,000. Richmond & Drummond, \$5,000; Pacific Coast \$9,000; total \$38,000. White & Calkin—St. Paul Fire and Marine, \$16,500; New York Underwriters' Agency, \$47,000; Atlas \$48,000; total, \$111,500. W. D. Foster, of Machin & Foster, said that Mr. F. M. Murray, agent of the Royal at Campbellton, would have about \$100,000 additional. The agent of the North British and Mercantile Company also reports direct and the amount held in this company is not known.

This makes a total insurance of about \$1,203,500. The following is Bradstreet's list of the Campbellton business houses which were destroyed: Adams, A. G. and Co., dry goods, etc. Alexander, H. S., general store. Alexander, Edward, Ivery. Alexander, James, general store. Alexander, A. E. and Son, hardware. Ainslie, Edward J., groceries. Andrews, J. P., blacksmith. Andrews, A. A., books, etc. Ainslie Bros., the Pub. Co., Ltd., printers and publishers. Baird and Peters, wholesale groceries, etc. Bank of New Brunswick. Bank of Nova Scotia. Belanger, Freres, hotel. Belleisle, A. C., implements. Bernatchez, Numa, wholesale liquors. Berry, H. E., meats. Blair, F. S. and Co., coal. Boudreau, Isaac, painter. Boudreau, J. I., hotel. Bonneau, Joseph, hotel. Bruce, D., clothing. Cantin, Leon, jewelry. Carter, Thomas O., fruits and confectionery. Christie, Wm. J., plumber. Clave, Charles, F., jewelry. Comcau, Wm., photographer and grocer. Connell, Robert, grocer. Cormier, Henry, hotel. Cormier, J. C., furniture. Coy, Amed, fancy goods. Crockett, Chas. S. O., printer and publisher. Crowley, Miss Ann, millinery. Cyr, Louis, barber. David, Emil, dry goods, etc. Dickie, Thomas N., mason. Dimock, Samuel W., photographer. Diote, Alexander, general store. Duncan, Joseph, general store. Eiby and Tancour, general store. Ellsworth, R. E., blacksmith, etc. Ellsworth, Thomas, implements. English, A. H., plumber. Ferguson Bros., men's furnishings and groceries.

Fleet, John A. and Co., dry goods. Fortin, Aime, F., groceries, etc. Frenette, Samuel C., Ivery. Gignere, Ed. R., fruits and confectionery. Godpee, Miss L. M., groceries, etc. Goldenberg, D. and Co., clothing and furnishing goods. Goodman, Bernard, clothing. Goodman, W. L., barber and tobacconist. Gorman, Thomas J., hotel. Graham, D. P., undertaker and pianos. Gray, John J., restaurant. Gray, Walter H., restaurant and bakery. Greenburg J., clothing. Guirdy, Edward, shoes, etc. Haine and Hello, general store. Harquail, J. and D. Co., Ltd., wood workers. Harrison, S. S., produce, etc. Henderson, Alex., restaurant. Henderson, Elizabeth L., millinery. Henderson, James R., tailor and grocer. Jardine, James P., grocer. Jones and Schofield, wholesale grocers. Kelly, O. C., blacksmith. Kerr, F. G., house furnishings. Lacasse, J. Alphonse, general store and barber. Lacasse, Mrs. J. S., hotel. Laublan, Samuel, pianos, etc. LeBlanc, A., tailor. LeBlanc, J. A., merts. LeCoffre, P. C., blacksmith. LeBlanc, Aime, butcher, etc. Legallais, Edw. A., implements. Levesque, Edward, jewelry. Lounsbury (The) Co., Ltd., implements. McDonald, A. McG., lumber. McDonald, James A., druggist. McIntyre, John, hotel. McKay, Mrs. C. H., groceries, etc. McKenzie & Co., tailors. McKendie & Co., photographer. Metzler, George H., painter. Miller, W. H., mfr. shingles and general store. Miller Bros., meats. Moore, general store. Morton, Alice B. Mowat, millinery, etc. Mowatt, Mrs. B. A., general store and millinery. O'Brien, J. D., grocer. Nelson, H. L. & Co., men's furnishings and shoes. Nordin, K. & V., Ltd., mfrs. lumber and planing mill. O'Leary, J. P., liquor. Parker, Sarah J., groceries, dry goods, etc. Pierce, H. K., harness. Plamondon, Alfred, fruits, confectionery, etc. Poirie, Simon A., general store. Reid, P. A. & Co., wholesale groceries. Richards, William & Co., Ltd., mfrs. lumber. Rodell, W. R., hotel. Roy, A. C., mfr. bottled waters. Roy, Paul, groceries, etc. Roy & Hill, groceries, etc. Royal Bank of Canada. St. Onge, Mrs. Frank X., millinery. St. Onge, Thomas, hotel. Sanson, George S., laundry. Scott, V. R., & Co., boots and shoes. Scott & Marquis, bowling, etc. Sharp, James, confectionery and fruits. Sharpe, Joseph R., restaurant, etc. Sheppard, F. E. & Co., women's clothing and furnishing goods. Shivers Lumber Co., Ltd., mfrs. Smith, Mrs. James, fruits, etc. Smith, Richard, carriage maker. Snider, A. B., meats and vegetables. Stevens, Mrs. Charles, groceries. Stewart, David A., carpenter and builder. Sullivan, Edward, com. implements. Thompson, Mrs. A. K., millinery. Titus, F. S., groceries and shoes. Ulican, Miss Irene, millinery. Vermette, George, bakery, confectionery, etc. Wagner, John B., tailor. Wallace, W. H. (The) Co., contractors. White Drug Co. Wran, T., drugs.

City Lends Aid. Continued on Page 2. although aid will be forthcoming, it is thought that whatever can be done should be done as quickly as possible. The local council propose taking prompt measures towards forwarding clothing to the poor people who have practically lost everything in the fire. An appeal will be made to the public for donations of clothing or money to

LIEUT. PFETZNER UNABLE TO BEAR UP DISAPPOINTMENT BELIEVED TO HAVE KILLED HIMSELF AT MARBLE HEAD

Lieut. Pftzner Unable to Bear Up Disappointment Believed To Have Killed Himself At Marble Head.

Marble Head, Mass., July 12.—The science of aviation may be said to have claimed its 13th victim in the suicide here today of Lt. Alexander L. Pftzner, a native of Budapest, Hungary, a former officer in the Hungarian artillery, and a member of an old and aristocratic family of that country. Pftzner was met with a number of mishaps recently in attempting to fly the Burgess-Curtiss aeroplanes at Plum Island near Newburyport and each time became more and more discouraged and morose. His high strung temperament was apparently unable to stand the discouragements and early today he went out from Marble Head in a skiff, and it is believed committed suicide by drowning. The skiff was found floating late in the day containing the man's coat and hat and an automatic revolver. The barrel of the revolver was somewhat clouded as if it had been fired.

Lt. Pftzner was about 35 years of age. He graduated from the University of Charlottenburg and the University of Budapest, taking engineering courses, after which he served in the artillery. Later he was involved in internal combustion motors.

He came to this country about eight years ago, and was employed by a leading automobile company, developing a motor which was many awards for speed and endurance.

Later he associated himself with the Herring Curtiss aeroplane company at Hammondsport and designed and built himself the motor which Glenn Curtiss used in winning the Gordon Bennett cup at Rheims last year.

A few months ago he came to Marble Head to become superintendent of the Burgess company and Curtiss aeroplane plant and had made many flights at Plum Island.

purchase clothing which will be forwarded as quickly as possible. On former occasions the council did much good in a like manner and should donations be called for it is hoped that the appeal will meet with a ready heartiness that is borne by St. John in its own memory of a like calamity.

The management of the ticket theatre have kindly consented to give the council the use of the assembly rooms free of charge, as a place where donations and appeals for relief of the relief of the citizens of Campbellton. Those present were: Mayor Frink, Ald. Jones, Christie, McDoldrick, Vanwart, Elkin, Likely, White, Willet, Scully, Common Clerk Wardrop, Chamberlain Lingley and Comptroller McIntyre.

Emergency Council Meeting. A special meeting of the Common Council was called at short notice by His Worship Mayor Frink yesterday morning to decide what official action should be taken by the city towards the relief of the citizens of Campbellton. Those present were: Mayor Frink, Ald. Jones, Christie, McDoldrick, Vanwart, Elkin, Likely, White, Willet, Scully, Common Clerk Wardrop, Chamberlain Lingley and Comptroller McIntyre.

Mayor Frink opened the meeting by reading a telegram from A. H. Hilliard, manager of the Dalhousie Lumber Co., telling of the loss and stating that help was asked from the city. He had replied to this wire stating that he would take action at once to provide assistance. His Worship stated that he had also referred the matter to Mr. Estabrooks and a special meeting of the Board of Trade had been called. The militia department had been notified and would in all probability respond and supply tents and bedding. He suggested that a subscription list be opened for private contributions.

Ald. Willet moved that the mayor's action be confirmed. Ald. Likely suggested that some effort be made to get into communication with Mayor Murray, to ascertain whether food or money was most essential.

Moved Vote for \$2,000. Ald. McGoldrick moved that \$2,000 be placed at Mayor Frink's disposal and other that Mayor Frink be instructed to draw on St. John for that amount or if it seemed best to invest the amount or part of it in provisions to be forwarded as quickly as possible.

Ald. Elkin in seconding the motion thought it might be advisable to send a veteran of the St. John fire of 1877 to assist the Campbellton people in securing better organization.

Ald. Jones stated that it would be more discreet to vote \$1,000 first and afterwards an additional thousand if necessary. He suggested that a committee be appointed to visit Campbellton and ascertain the needs of the people.

Mayor Frink said he would be unable to go but thought Mr. Timothy Burke, who had taken a considerable part in assisting the St. John fire sufferers, might be of use to Campbellton. He said that much difficulty would be experienced, but he would do what he could to open up communications.

Ald. Likely thought \$2,000 would be enough, money would be sent from all parts of the province. Later if necessary, more money could be voted.

Ald. Elkin's motion was voted on and carried. Ald. McGoldrick's motion was also adopted to place \$2,000 at the Mayor's disposal to deal with as he found best.

His Worship stated that he would endeavor to get into communication with Campbellton and use the money as seemed advisable.

Board of Trade Active. It was moved and carried that a further public subscription list be opened at the Mayor's office and the public notified that their contributions will be received there. All desiring to contribute to the relief of the fire victims may do so by calling at City Hall as soon as possible.

The meeting was then adjourned. A special meeting of the Board of Trade was called at 11.30, immediately after the adjournment of the Council meeting to decide what part this organization should take in the relief movement. Those present were the president, T. H. Estabrooks, W. E. Anderson, W. F. Hatheway, James Fender, J. Hunter White, H. H. Robinson and H. C. Schofield.

Mr. Estabrooks opened the meeting and stated that the Board of Trade in volunteering to aid the sufferers from the effects of the fire, could not receive the hearty commendation of the citizens, and it is well to remember that only by the cooperation of the public, can these measures be made to prove a success.

The motion was voted on and carried, and it was decided to secure a baggage car to carry the supplies. Mr. Anderson is to prepare a list of the material required and to solicit contributions of the supply dealers and private citizens.

All those desiring to aid the Board of Trade in this work will do well to notify Mr. Anderson of their intention and have their provisions at the I. H. C. yard as soon as possible.

The action of the Common Council and Board of Trade in volunteering to aid the sufferers from the effects of the fire, could not receive the hearty commendation of the citizens, and it is well to remember that only by the cooperation of the public, can these measures be made to prove a success.

Mr. Fender enquired if nails would be of any use. Mr. Hatheway thought a few kags might be employed in erecting shelters, etc., and it was decided to include them in the car. Another list. The motion was voted on and carried, and it was decided to secure a baggage car to carry the supplies. Mr. Anderson is to prepare a list of the material required and to solicit contributions of the supply dealers and private citizens.

BOY REMAINED IN UPRIGHT POSITION AFTER REVOLVER BULLETS HAD LODGED THEMSELVES IN HIS HEAD

Boy Remained in Upright Position After Revolver Bullets Had Lodged Themselves in His Head.

Somerville, N. J., July 12.—Sitting in a natural position on the stump of an old tree on the banks of the Raritan canal with a fishing rod in his hands, Joseph Trovati, was found murdered Sunday morning. The assassin had approached him from behind and placing a revolver close to the back of his head had fired two shots, which must have killed him instantly. His body which was supported by a sapling, had scarcely shifted position and the fishing rod was still held in a death grip.

The murdered man, sitting in this position, had been passed in the early morning by several rowboats, the occupants of which believed that he had fallen asleep. It was not until 8 o'clock that two farmhands employed by William Bradley, a contractor of New York, who has a summer home a short distance from where the man was murdered, passed near him. They asked him what luck he was having. Getting no response they made an investigation which caused them to call Richard T. Lynch, Mr. Bradley's son-in-law. Mr. Lynch found that the man was dead with two bullet holes in the back of his head. County Detective George D. Totten, County Physician William H. Long and County prosecutor F. A. Pope hastened to the place and took charge of the body.

The officials have been unable to obtain any clue to the murderer. Trovati lived on Canal street near Kenyon's foundry in Raritan with his wife and two young children. It was his custom to go fishing every Sunday night and remain away until Sunday morning. Last night he started up the footpath of the canal about 6 o'clock on a bicycle. His bicycle and lantern were found near his body and no attempt had been made to rob him.

County Physician Long thinks that he had been dead several hours when discovered. There have been several murders as the outgrowth of feuds among the Italians of Raritan in recent years. Whether Trovati has been implicated in any of these feuds the authorities have not been able to discover. There has been recently a race war between the negroes employed on the Bradley estate and the whites of Raritan. The negroes were benten in Raritan on Friday night and Mr. Bradley said that he would make an attempt to get permits from the authorities for the negroes to carry revolvers.

Trovati was not employed on the Bradley farms and is not known to have been implicated. The authorities think he was murdered by one of his fellow countrymen.

LAURIER AT WINNIPEG MAKES RASH PROMISE

Liberal Leader Chilled By Reception Made Effort To Secure Enthusiasm By Pledge Of \$2,500,000.

Winnipeg, July 12.—Laurier's welcome to Winnipeg was quite cool. At 10 o'clock this morning after his arrival along the N. T. R. from Fort William several hundred people were at the depot but while three cheers were called they were not lustily given. In the evening he delivered an address to a big mass meeting in the Horse Show Amphitheatre.

At the luncheon given by the city Council Laurier promised on behalf of the government of Canada a grant of two and a half millions to the World's Fair to be held here in 1914. Railways, the city of Winnipeg and commercial bodies here have promised a similar amount and Laurier said he would equal it.

and stated that as all the stores in Campbellton had been burned, no provisions could be obtained. Little food could be had except that contributed by nearby places. He suggested that contributions of cooked food be made to procure it be received by the secretary, Mr. Anderson, and a special car containing these supplies be sent to Campbellton with the express tonight. He pointed out that arrangements were pending with the Militia Department to provide tents and bedding. Mr. Anderson should be sent to Campbellton with the supplies and if possible members of the Common Council to supervise their distribution.

Mr. W. F. Hatheway suggested that cooked meat bread and canned goods be sent to Campbellton and the president's action in calling the meeting be endorsed and efforts made at once to secure subscriptions.

Mr. Fender enquired if nails would be of any use. Mr. Hatheway thought a few kags might be employed in erecting shelters, etc., and it was decided to include them in the car.

Another list. The motion was voted on and carried, and it was decided to secure a baggage car to carry the supplies. Mr. Anderson is to prepare a list of the material required and to solicit contributions of the supply dealers and private citizens.

All those desiring to aid the Board of Trade in this work will do well to notify Mr. Anderson of their intention and have their provisions at the I. H. C. yard as soon as possible.

Another list. The motion was voted on and carried, and it was decided to secure a baggage car to carry the supplies. Mr. Anderson is to prepare a list of the material required and to solicit contributions of the supply dealers and private citizens.

All those desiring to aid the Board of Trade in this work will do well to notify Mr. Anderson of their intention and have their provisions at the I. H. C. yard as soon as possible.

The action of the Common Council and Board of Trade in volunteering to aid the sufferers from the effects of the fire, could not receive the hearty commendation of the citizens, and it is well to remember that only by the cooperation of the public, can these measures be made to prove a success.

Mr. Fender enquired if nails would be of any use. Mr. Hatheway thought a few kags might be employed in erecting shelters, etc., and it was decided to include them in the car.
