

LAUTERBACH TELLS STORY OF THE STAND

"More Sinned Against Than Sinning" is Defence of Lobbyist.

GRILLED FOR HOURS ADMITS THE FACTS.

Claims He Had No Thought of Reward and Denies Knowledge of Attempt to "Shake Down" Morgan.

Washington, July 7.—The strange tale of Wall Street operations begun before the Senate's lobby committee last week by David Lamar, had another chapter added today when Edward Lauterbach, Lamar's associate in many undertakings, pleaded that he had been the innocent victim and the "vicious sacrifice" in negotiations that have involved the Morgan firm, the Steel interests, New York attorneys, members of Congress, and men of lesser prominence.

Since Lauterbach's former appearance Lamar had told his unexpected story, involving himself and Lauterbach in the preliminaries of the Steel trust investigation, and in an extraordinary effort to restore Lauterbach to the good graces of the Morgan firm, and Lewis Cass Ledyard had added his sworn statement that Lauterbach had represented himself as the emissary of Speaker Clark, Senator Stone and democratic leaders in an effort to effect a "reconciliation" with the Morgan-Steel interests, and shut off investigation or opposition in Congress.

Lauterbach, long prominent in legal circles in New York, sat all day under a searching fire from senators on the lobby committee. He admitted voluntarily or under the demand of his questioners, most of the facts alleged by Ledyard, but he declared that throughout the negotiations between Lamar and himself, and between himself and members or representatives of the Morgan firm he had seen the innocent victim of those who had concealed facts or made misrepresentations to him.

The witness admitted his long association with Lamar and said it had been an honorable connection and a profitable one for him. He told of talking over with Lamar the steel trust investigation, and of seeing the proposed resolution, and admitted urging Lamar to withhold it until he could see J. P. Morgan and others, and urge them to authorize him to prevent its introduction.

Throughout the entire proceedings he declared there was no thought of reward on his part. He raised himself in the witness chair and shouted "no" with emphasis when Senator Ledyard suggested that there had been an effort to "shake down" the Morgan and Steel Trust interests.

"That insinuation is an insult and an outrage," he exclaimed.

Lauterbach admitted he had told Mr. Ledyard that he had the authority of Speaker Clark transmitted through Senator Stone, to make certain "proposals for peace" to the Morgan interests, but said this authority came for Lamar. He declared he had never seen Clark or Stone, but had been assured by Lamar that the latter knew Senator Stone, and that he had made the arrangements for the Lauterbach-Ledyard interview with the approval of Stone and the speaker.

EXPECT MORE TROUBLE FROM MINERS ON RAIL

Continued from page one.

Attempts to terminate the Rand Club and other buildings are feared. The club is barricaded and deserted except for armed members, who patrol the premises day and night. The residences of mine owners are heavily guarded with soldiers.

An attempt to destroy the railroad between Johannesburg and Germiston was made during the night, but failed. The only newspaper published to day was a four page sheet issued by the printers' union.

Twelve thousand members of the trade unions marched today at the funeral of the victims of the riots. Immense crowds lined the route. The Right Rev. Michael Bolton Pures, Lord Bishop of Pretoria, officiated. He begged the multitudes to return to their homes peacefully, out of respect for the dead.

The spokesman of the Trades Federation made a similar appeal, "disperse quietly," he said, "let none say we are a disorganized rabble." Among the wreaths was one from the Socialist party inscribed: "In memory of our martyrs foully murdered in cold blood by the capitalist class."

At the end of the ceremony the Socialists assembled outside and sang "The Red Flag."

Have Refused Amnesty. Pretoria, July 7.—Generals Botha and Smuts were closeted with the union officials this afternoon in an endeavor to reach a more satisfactory settlement than that already agreed to. The government has promised to make an immediate inquiry into the matter of caring for the dependents of the killed and injured, which the strikers have demanded, but has refused to grant amnesty to those guilty of criminal acts.

The executive of the Railway Servants' Union has notified the railway centers that the Pretoria railway men who stopped work today to show sympathy for the workers killed in the riots, will resume work tomorrow but add if the miners decide to remain out a general strike of railway men throughout the Union of South Africa will be called.

J. P. McANDREWS' FRIENDS FEEL A MISTAKE IS MADE

West End District Chief Arrested Yesterday on Charge of Setting Fire to Guilford Street Barn.

The members of the Fire Department and other citizens were given a great surprise yesterday when they learned that John P. McAndrews, District Chief of the Fire Department for the Western Division, had been arrested on the charge of setting fire to a barn in the rear of the house at 101 Guilford street and occupied by a colored woman named Letitia Leslie. McAndrews was arrested as the result of the information given by the Leslie woman, who identified him as a man she saw setting fire to the barn about midnight on Saturday.

McAndrews firmly denies that he was the person and says that there must have been a mistake made by the woman. It is believed by Mr. McAndrews' many friends that he is not guilty and that his being charged with such a serious offence is a case of mistaken identity. He has been a member of the fire department for many years and is spoken of by Chief Blake and Commissioner McEllan as a most attentive and excellent officer in the department. They cannot believe he is guilty of the crime charged.

McAndrews has also borne an excellent record in the city and is one of the most popular residents in the West End. He was taken before Magistrate Ritchie about noon yesterday and was remanded to jail until this morning, when the case will be commenced and evidence heard.

COURT UPHELD WILL OF SIR JOHN MURRAY SCOTT

members of the Scott family, and cast the burden of the costs of the suit, which will be extremely heavy, owing to the array of counsel employed, on the late baronet's relatives, who contested the will.

Lord and Lady Seville will obtain about \$2,500,000 of the \$3,000,000 of the testator's property, including some of his magnificent art collections. Many of their friends amongst the aristocratic audience assembled in the court, offered their congratulations to Lord Seville and his daughter, Lady Seville, who was not present today, as she was retreating after the strain of the recent cross-examination she underwent.

The verdict of the jury seemed to be a foregone conclusion, after Sir Samuel Thomas Evans, the presiding judge, had delivered his charge to them before they retired. He expressed strongly the opinion that Lady Seville was guileless and that the verdict of the jury was a just one.

The jury of the probate court, where the suit has been in progress for eight days, pronounced a verdict today upholding the will. After only ten minutes' consideration they decided that Lady Seville was guileless of the charges of fraud and undue influence brought against her by the contestants.

A well known young man was given a brutal beating out the Rotchey road Saturday night, and was left unconscious on the side of the road by the person who assaulted him. Sunday morning, while a gentleman was driving in the city, he saw the man lying on the side of the road near Brookville. His face was badly cut and bruised and he was in a very weak condition. He was assisted to the carriage and driven to the city where his injuries were given attention. The injured man said that he could not tell who assaulted him.

Josephine Sheehan arrived in the city yesterday from Amherst.

ELEVEN YEAR OLD SHOOT HIS FATHER

Boy Shouted "Look Dad I'm a Soldier" and Fired—Victim in Hospital and May Recover.

Boston, July 7.—While inspecting the greenhouse of Michael F. Gray, a florist at 7 Cape street, Milton, John Fitzgerald of Manchester, N. H., was yesterday shot and seriously wounded by his 11-year-old son.

The boy discovered a shotgun kept in the greenhouse for the purpose of shooting cats, rats and skunks, and with a childish shout of triumph levelled it at his father and pulled the trigger.

On Dangerous List. Mr. Fitzgerald, who is 27 years old, was rushed to the Massachusetts General Hospital, where a large number of bird shot were removed from his abdomen and thighs, and he was placed on the dangerous list.

The police were notified, but owing to the boy's tender years and the fact that they were convinced the shooting was entirely accidental, they took no action in the matter.

The Fitzgeralds, who reside on Peavey street, Manchester, have been friends of the Grays for some time, and have been visiting them. Mr. Gray is a prominent florist with two sons who are in business with him, John J. and Luke D. Gray, and three daughters.

Yesterday afternoon about 2.30 John Gray invited Mr. Fitzgerald out to see his greenhouse, which covers considerable ground in the vicinity of the Gray residence. The boy, Thomas, followed along behind the two men, unnoticed.

Several greenhouses were visited and their contents shown to the admiring Mr. Fitzgerald, and the party entered a house in which was kept a shotgun used to drive away cats, rats and skunks, which are the bane of farmers and florists in that vicinity.

The shotgun was a single-barrelled affair, loaded with birdshot, and was kept beneath a bench.

"Look Out, Pa." The boy spied it and took the gun from its resting place. Placing it butt to his shoulder, he levelled the shotgun at his father and shouted: "Look out, pa, I'm a soldier." Mr. Fitzgerald turned as the boy fired and dropped to the ground with a heavy charge of birdshot in his body.

John Gray went to the assistance of the wounded man, while little Thomas rushed to the Gray home and cried: "I have shot pa, but I didn't know the gun was loaded."

Dampier Steamship Line, who has been spending his vacation at Spruce Lake, returned to the city yesterday and leaves today for Montreal.

OLD RIVALS LIKELY TO CLASH AGAIN

David Lamar, the "Wolf of Wall Street," has proved his right to the title. While the Senate lobby investigating committee alternately gasped and laughed in sheer amazement at the man's impudence, Mr. Lamar confessed to a course of intrigue in which Wall Street and the democratic party were to have been brought into close relations, with himself as the pivot wheel of all future relations.

FORESTRY ASSOCIATION URGES PROTECTION OF WOOD LANDS

Speeches of Appreciation of the Vast Timber Wealth of Canada Mark Opening of Fiftieth Convention—Great Loss Through Forest Fires Deplored.

Winnipeg, July 7.—The fiftieth convention of the Canadian Forestry Association opened in the industrial bureau here this afternoon with an initial attendance of some 200 people.

Sir William Whyte, who presided, spoke of the timeliness of the convention in the city of Winnipeg, and dwelt upon the necessity for vigorous forward action in Canada today. Lt. Governor Cameron, extended the warm greeting of the people of Manitoba to the association, and told of his unbounded faith in the future of Manitoba as a source of material for pulp which can be pressed into boards and other forms of structural material for the use of the ever-growing prairie.

"Our small timber, coupled with our unlimited water powers, will form a combination which augur well for the development of this country," said his Honor, "and I look forward with keen anticipation to what the proper management of our forested areas to the north will bring forth."

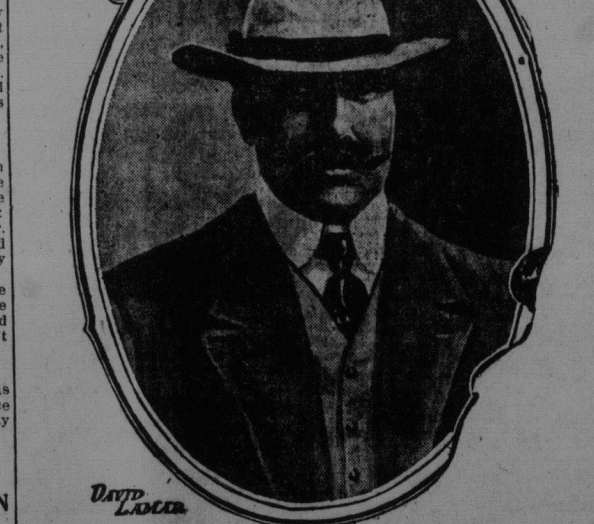

In speaking of the absolute necessity of protecting the wood lands of the Dominion, Mayor Deakin, who welcomed the delegates on behalf of the city, deplored the conditions which would allow such a country as northern Ontario, to be swept, as it is being swept today, by vast forest fires, such as those in the Cobalt country. "I should be delighted if this association could arouse the government to the proper conservation of the great forest resources, which is of the greatest possible value to our growth."

"I trust that this line of development will not be left at the horizon but that something of practical value may be accomplished," said his Worship.

In replying to the expressions of welcome, Hon. W. A. Charlton, president of the Canadian Forestry Association, referred to the growth of the west and its possibilities. Mr. Charlton was very sanguine over the amount of timber in the north country. J. E. Rhodes director of the American Forestry Association, brought greetings from the body, coupled with the hope, authorized by the president of the conservation congress of America, that the Canadian association would be represented at the forthcoming congress in Washington next November. Mr. Rhodes brought out the development of Canada in the past, and said that scientific forestry would be applied fully in Canada at an early time. He said the tenure of forest lands in the United States made it imperative that lumbermen should cut timber to escape great taxation.

Mr. R. H. Campbell, Dominion director of forestry, characterized the forestry movement as one of the basic factors of modern development and tracing briefly the forestry movement in Canada, expressed confidence that the money which is spent in forestry will be returned with great interest in the future.

SUFFRAGETTES ARE ARRESTED

Miss Sylvia Pankhurst and Others Now in Jail for Inciting a Riot at Bromley.

London, July 7.—Miss Sylvia Pankhurst was arrested together with several other suffragettes at a meeting at Bromley tonight.

A warrant had been issued for her arrest because she had failed to appear at Bow street police court last Saturday morning to answer a summons charging her with inciting a crowd to raid the residences of the ministers in Downing street on June 29.

Miss Zelle Emerson, the American suffragette who was released from Holloway jail last April, after her case had aroused an international agitation, was among those arrested, according to the report. But if she was taken into custody by the police there is reason to believe she was liberated. The police say that Miss Pankhurst was the only suffragette detained.
