

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

CLOSING LETTER
ON MONTREAL
EXCHANGE

(F. B. McCURDY & CO.)

Montreal, Aug. 13.—Sentiment on the local exchange was more cheerful today than it has been for some time past. The improvement was due in part to local conditions, but probably in the main the reflection of the improvement in Wall Street. The course of prices in the latter market was strongly upward during the past few days and the advance in the leading stocks and the activity throughout the market has been more marked than for months.

The advance in C. P. R. in particular, affected the local list. The stock sold locally above 222. Opinions are divided as to whether this was caused by covering on the part of shorts or by buying for improvements. The probability is that there is quite a short interest in C. P. R. and with sentiment improving in other international stocks, as it has during the past week or so, it would not be surprising if the shorts had concluded that it is time to cover up. Towards the close of the afternoon C. P. R. showed a somewhat easier tone as did a number of other stocks but the change in price was of no consequence. Brazilian which showed a considerable advance during the past few days was quiet today but no further advance in price took place. The stock is now selling within a small fraction of 92, this being nearly 10 points above the low price of some time ago. Montreal Power was moderately active and the tone was firm but the price of the stock did not advance in the manner it has in the past under somewhat similar conditions. The top price during the forenoon was 205 1/2, and thereafter the market eased off somewhat. Final sales taking place around 205. The rights changed hands at 47.

One of the strong stocks of the morning was Dominion Steel Corporation which changed hands not far from yesterday's best. The price during the forenoon was 46 1/2 and closing at 47.

Cement continues to reflect some disappointment over the bond issue just announced, this at any rate is how the street regards the matter although it is not altogether easy to see why the bonds issue, the proceeds of which will be used for construction and extension of plants should be considered a bear card.

WOMEN TO VOTE IN U. S. IN TEN YEARS

Dr. Anna Howard Shaw, president of the National Women Suffrage Association, who has just returned from the International Suffrage Convention at Budapest, said that twenty-eight nations, representing Asia, Africa, Europe, America and Australia sent delegates to the convention.

She said that the American delegation made the best appearance of all, and that she believes that women will be voting all over the United States in ten years.

NOON LETTER ON
NEW YORK
STOCKS

(F. B. McCURDY & CO.)

New York, August 14.—At the opening market was active but price changes were small and for some time fluctuations were within narrow limits. Southern Pacific being rather heavy, apparently feeling the effect of the competition of the new certificates, which were admitted to trading on the floor and sold from 93 3/4 to 94 1/2, or less than two points above the regular Southern Pacific stock.

Amongst the specialties the Texas company responded to the favorable annual report, which shows earnings of over 14 per cent as compared with about eight per cent in the previous year. In the second hour the market had a spurt of great strength and activity under the leadership of Steel, which advanced on very heavy transactions to 66 1/2. Enough stock was encountered on this rise, however, to force prices back a point in Steel and good sized fractions throughout the rest of the list. Trading grew dull on the decline, however, and the market again shows a tendency to rally, the undertone remaining strong.

Sales to noon 355,000. Bonds \$566,000.

E. & C. RANDOLPH.

THE NOVA
SCOTIAN
MARKSMEN

Halifax, August 13.—Fine weather favors the marksmen at the Nova Scotia Rifle Association meet on Bedford range. The young marksmen are doing phenomenal shooting. Today Sergeant Love, of the 6th regiment, Halifax, won the Bankers' Cup with a score of 68.

Trooper Anthony, of the K. C. H. King's County, won the Borden trophy with a score of 97, and 76th regiment second team with a score of 450. The Royal Canadian Engineers were second with 447.

Having been awarded the contract to carry mail between, to and from St. Martin's, David Love has arranged to provide an excellent service. The stage, which will carry passengers as well as the mail, leaves Love's stable at 8 o'clock daily, and St. Martin's at the same hour.

Roger Drury, Calais; Fannie Hodgkins, Eastport.

THE CHOCOLATE SOLDIER

This merry, tuneful opera success of two continents will be the next attraction at the Opera House, opening their engagement Wednesday, August 20, and closing Saturday, Mr. Whitney has sent into the provinces a company that is surpassingly clever, a scenic production that is a beauty and an orchestra of ten pieces, with Signor De Novellis as musical director. The costumes have also received its share of attention, and as the entire plot is laid in Bulgaria, the management has, in order to be correct in detail, had them made by Bulgarian peasants.

A Restless World.

(Montreal Gazette.)

There is peace, at least temporarily, in the Balkans, but there is still excitement to be had in other parts of the world. Mexico and Venezuela are disturbed from within and causing worry to their neighbors. In Italy and Spain there are strikes and in Portugal rumors of rebellion. In Ireland there is wild Home Rule talk and in England the suffragettes annoy members of Parliament, the police and the citizens in general. Altogether it is a restless world.

LAIDLAW & CO'S
CLOSING STOCK
LETTER

(J. C. MACKINTOSH & CO.)

New York, Aug. 13.—Based upon a theory that the advance of prices had been too rapid, sentiment on the stock market was somewhat reactionary this morning and first prices showed fractional declines from last night's close. This setback, however, failed to stimulate selling in any volume and the leading issues appeared to meet substantial support.

Under the leadership of U. S. Steel, the firmness of this issue under adverse trade news was impressive and when Southern Pacific developed strength in the face of suppositions selling by underwriters the general list turned strong. The large interests however, seemed indisposed to encourage anything but an orderly advance of prices and when the bulges became too pronounced stocks were supplied. There was good support, on reactions, however, and the general action of the market still indicated a decidedly upward trend.

LAIDLAW & CO.

PROVINCIAL
LAWN TENNIS
TOURNAMENT

Halifax, August 13.—Interest in the third day of the provincial tennis tournament today centred in the men's double match between Captain Grant and Captain Cobbett, Garrison and Dr. MacDonald and G. S. Jackson, New Glasgow, in which the New Glasgow men, who formerly held the championship, came out victorious, 6-4, 6-6. The match was hard fought, but the former champions were never really very seriously pressed and at one time had the score 5-1 in their favor in the second set. In the ladies' doubles, Miss Worgan and Miss McIlver, Sydney, defeated the Misses Silver, Halifax, in three sets, but were in turn defeated by Miss Lydard and Miss McLeod, Kentville, 7-5, 6-0.

The tournament has now been about half concluded and the best play is looked for in the next two days. The challenge rounds will be played Saturday.

CLOSING STOCK
LETTER FROM
RANDOLPH

(F. B. McCURDY & CO.)

New York, August 13.—The stock market opened active, but price changes were small, and during the early trading there was a good deal of irregularity, but in the main a very firm undertone. Shortly before 12 o'clock a fresh buying movement carried prices up all along the line, Amalgamated Copper selling as high as 75 3/4, Reading 162 3/8, Union Pacific 156 1/8, and U. S. 86 1/2. A plentiful supply of stock was encountered on this rise, however, and prices receded. Although there were some further bursts of bullish activity, the tone in the late dealings was inclined to heaviness, although Southern Pacific, which had been a laggard in the early movement, turned aggressively strong and maintained a good part of its advance.
