

REGISTRATION OF ELIGIBLE MEN IN PROVINCE

Part of New Brunswick Recruiting Association's Plan to Get All Fit Men Into Khaki --- Association Formed Yesterday at Fredericton Wants Modified Form of Conscription and Distinctive Badge for Those Turned Down as Medically Unfit to Join the Ranks---Preference for Returned Heroes

Special to The Standard.

Fredericton, March 15.—A provincial recruiting association for New Brunswick was organized at a conference held at the legislative building here today on the initiative of Lieut. Col. Percy A. Guthrie, special recruiting officer for the Maritime Provinces. The association went on record unanimously as favoring a form of conscription in Canada for single men between the ages of 18 and 45 years and authorized Col. Guthrie to seek with their endorsement the passage of a resolution in the legislature urging the Dominion government to put into effect such a mild form of conscription as outlined.

The association adopted plans for a more vigorous recruiting campaign than has yet been undertaken in New Brunswick and will leave nothing undone in their systematic efforts to bring to the colors every eligible and physically fit man in the province. An important feature of this plan is the proposed legislation providing for the registration of all eligible men in every city, town and municipality by revisors. This bill is being drafted along the line of the bill that has been placed before the Nova Scotia legislature.

It is also proposed to have a distinctive insignia to be worn by those who have volunteered for overseas duty but who have been turned down as medically unfit. The executive of the recruiting association have been authorized to procure a suitable badge for this purpose.

Providing for Returned Soldiers.

The problem of providing for returned, incapacitated soldiers was one of the most important matters dealt with, all of those present agreeing that for the stimulating of recruiting nothing could be more effective than the adoption of proposals which would insure returning soldiers who come back to Canada after doing their bit in the trenches that they would have the first consideration of positions and would be assured of every care and attention which might be expected under such circumstances.

The meeting decided to ask the provincial government for the funds required to maintain returned soldiers until such time as they can be permanently provided for. In this connection, Mr. E. A. Schofield of St. John favored the establishment of a suitable home at St. John where provision could be made to take care of the men when they first landed. Mr. G. W. Ganong, ex-M.P., in seconding the resolution in favor of making this request of the government said that if the request was refused he would subscribe part of the amount required himself.

The association took a very strong stand on the matter of returned soldiers being given preference in appointments to public positions. A resolution in favor of giving the preference to men who had "done their bit" in making appointments to positions in the gift of the federal government, or municipal governments was unanimously adopted. Mr. T. J. Carter, M. L. A. for Victoria, in moving the resolution stated that he believed that returned soldiers along the lines of the resolution if able to fill the positions whether they happened to be as well qualified as another applicant who had not been in khaki or not, Mr. A. E. Trites of Salisbury, seconded the resolution and in doing so said he believed there need be no question as to the loyalty of people of this country and that the soldiers would be safe in allowing the state to rest with the employers of labor who would appreciate the services they had rendered the empire and would be anxious to do anything they could to give

them suitable employment. "I, for one," said Mr. Trites, "will give the preference to returned soldiers." Mr. Ganong said that he was in positions open for returned soldiers. Going further along this line the association also voted in favor of urging that public positions which might be open during the war be not filled permanently except by returned soldiers and that no single man between the ages of 19 and 45 years, unless they had volunteered for military service and had been found medically unfit, be appointed temporarily to any public position. In this way the association aims to have positions which may become vacant during the war and have to be filled for the time being at least opened up again for returned soldiers later on. This latter resolution was moved by Mr. I. C. Prescott of Albert and seconded by Mr. F. M. Thompson of Hillsboro, who declared that no single man who was not enlisted under the military service law should be given any position by any governing body. In this connection Mr. Thompson said that his company employed 200 or more men all the time and now had only four married men on their pay roll.

Government's Help Appreciated.

A resolution expressing appreciation at the government's action in placing funds at the disposal of Lieut. Col. Guthrie and Capt. Tiley for carrying on recruiting work for matters which could not very well be provided for under military regulations was passed and in this connection it was pointed out that members of the association would all give their services freely throughout the period that they were carrying on their work and that they would also each pay their own individual expenses.

During the proceedings Mr. Donald Munro, M.L.A., secretary of the Returned Soldiers' Aid Association, was called in to address the association and what was being done for returned soldiers until they are permanently placed in positions. Members of this committee are H. P. Robinson, E. A. Schofield and Capt. Tiley.

How Work Will be Carried Out.

At the opening of the meeting Lieut. Col. Guthrie outlined his plan for carrying the province for recruiting purposes, stating that it had been his object to have every citizen have an organization of its own to work under the direction of the Provincial Recruiting Association and also to have each district of each county have its subsidiary organization of both men and women so that nothing would be left undone. He also advanced practically the same argument he had previously given in the legislature a few days ago in respect to the introduction of a form of conscription which he favored and explained in detail his proposals for a plan for registration such as given at length in an interview with The Standard some time ago and then recruiting when registration was completed. Provision for carrying registration plans into effect will be made in the bill which is to be introduced in the legislature as stated above.

The officers of the association are: President, R. O'Leary, Richibucto; Vice-president, Judge McLaughlin, Campbellton; treasurer, E. A. Schofield, St. John.

John, secretary, Capt. L. P. D. Tiley, M.L.A., St. John. Additional members of executive, L. A. Dugal, M.L.A., Edmundston; J. E. Hachey, M.L.A., Bathurst; A. E. Trites, Salisbury; P. Robinson, St. John and Lieut. Col. Percy Guthrie, M.L.A., Fredericton. Those attending today's meeting were:

G. W. Ganong, ex-M.P., St. Stephen, was elected honorary president, and His Honor Lieut. Governor Wood will be asked to accept the position of patron of the association.

The association will meet again on April 13th at the government rooms at St. John.

STORM BREWING IN GERMANY'S PARLIAMENT

Over Naval and Foreign Policy —Leaders Clamor For a Chance to Speak Their Minds on the Situation.

Berlin, March 15, via London, March 16, 3.10 a.m.—A storm is developing in the German Reichstag, through the North German Gazette, the discussion of questions of foreign policy and of the conduct of the military operations were beyond their competence. Members of the opposition had returned to the attack.

The Diet Committee on Ways and Means met today to discuss the chancellor's communication and in a chastened mood. It has not yet been decided whether their deliberations will be regarded as confidential, but according to an inspired communication the conservative leaders favor full publicity.

Thinly veiled references to the situation were made during yesterday's debate in the Diet on the budget of the Ministry of Education and Ecclesiastical Affairs, when the Conservative spokesman, Herr von der Osten, prefaced his remarks as follows: "If our enemies seek, by ostentatious regard to Huns and barbarians to serve the political end of weakening our conduct of the war, I hope that they will find they have miscalculated. If our enemies seek, by ostentatious regard to Huns and barbarians to serve the political end of weakening our conduct of the war, I hope that they will find they have miscalculated."

It is expected that the session of the Reichstag may open the way for discussion which has been barred under a political truce since the outbreak of the war. Chancellor von Bethmann-Hollweg is exerting all his influence to prevent the discussion taking a form which would cross the declared policy of Germany.

PURSUIT OF VILLA BEGUN

Brig. Gen. Pershing, with 4,000 Men, Crosses Border South of Columbus and Another Force West of the Town.

San Antonio, Texas, Mar. 15.—Brigadier-General John J. Pershing, with more than four thousand troops, began the pursuit in Mexico today of Francisco Villa, whose raid across the border last week caused the Wilson and his cabinet to decide to use the United States army to run him down.

Gen. Pershing's report that he and his command had crossed the international border line just south of Columbus reached Gen. Frederick Funston, in charge here of general operations.

How far into Mexico the column has reached was unknown here tonight, for Gen. Pershing's appearance greatly concerned General Pershing's course for the next two days is known at headquarters, and not until after Friday are sharp developments expected.

Col. George A. Dodd, heading a smaller column, that entered Mexico, was elected honorary president, and His Honor Lieut. Governor Wood will be asked to accept the position of patron of the association.

The association will meet again on April 13th at the government rooms at St. John.

RESOLUTION TO INCREASE DUTY ON APPLES ADOPTED

Ottawa, March 15.—Sir Wilfrid Laurier told the House at the opening of the sitting that he had received complaints from Quebec merchants that the duty on apples was too high. He said that the government was considering the matter and that it was possible that the duty would be reduced.

CANADIENS CLINCH N. H. A. CHAMPIONSHIP

Ottawa, March 15.—Canadiens defeated the Ottawas by a score of 1 to 1 at the local arena tonight, and thus clinched the championship of the N. H. A. for this season. They can lose their remaining games and still be champions. The hockey was brilliant from start to finish, with Canadiens having much the better of it. Seven thousand people jammed into the arena for the game, and hundreds had to be turned away. Benedict, in clearing in the second period, struck LaViolette, of the Canadiens, on the face with the puck, and broke his nose. The French player came back and finished out the game, with his face covered with plaster.

GRITS FOUND IN CARVELL A BROKEN REED.

deal with all the charges, on the ground that to do so would make public information that would be unwelcome to the interests of the Empire, but he said sufficient to create the suspicion that little reliance could be placed in the rest of the brief prepared by Mr. Carvell and the belief that the Liberals had been resting on a broken reed that was merely sensationalism.
