Forecast.—Moderate winds a few scattered thunder showers but generally fair, not much change in temperature.

Northern New England.—Fair weather and mild temperature Saturday and Sunday.

## AROUND THE CITY

**WEST END ALARM.**  
The West Side fire department were called out yesterday afternoon for a slight fire in the wooden sidewalk in front of the Immigration Building. Very little damage was done.

**A SLIGHT FIRE.**  
An alarm from box 132 called out the Fire Department about 5 o'clock yesterday afternoon to extinguish a blaze which had broken out in the roof of a house on the Strait Shore Road. The fire, which is said to have caught from sparks from the chimney of a neighboring house, was soon put out. Little damage being done.

**TRADES AND LABOR.**  
The regular meeting of the Trades and Labor Council was held last night when considerable routine business was transacted. Among other matters dealt with the Council endorsed the stand taken by the farmers in the milk question and also took a stand in the coming election by endorsing a vote for light wines and beer.

**ENJOY SWIMMING.**  
The warm weather of the past week has made swimming a popular pastime, and the resorts are being well patronized. The bathing facilities at the city of the foot of Kennedy street are being used daily by large numbers. With the closing of the schools no doubt the children will make the scene their afternoon headquarters.

**PRISONER TAKEN TO HAMPTON.**  
George White was taken to Hampton yesterday afternoon by Isaac Campbell, deputy sheriff of Kings County. White was arrested by the local detective department at the request of the Kings County authorities. He will be tried before Magistrate Brewster, of Hampton, for the theft of \$500, which he is alleged to have stolen from his employer, Norman Brown, of Smithtown.

**DIFFERENCE IN HORSES.**  
While hauling a load of mud out of Smythe street yesterday afternoon one of the city horses slipped on the cobblestones and fell. The harness was unhooked from the shafts, and the horse quickly rose to his feet, seemingly none the worse for his mishap. About a minute after this accident had happened, another similar one occurred on Pond street in front of the Hotel. The horse was owned by a foreigner and was hauling a load of coal. Unlike the city horse, he was not so spry in getting on his feet after the rigging had been unhitched. Probably that was the first rest of a long weary day, and the tired equine wanted to take full advantage of it.

## Nine Year Old Boy Arrested For Theft

**Juvenile Charged With Stealing Eighty Dollars and a Bicycle — Changed Money in Bank and Gave Green Backs to Chums.**

A nine year old juvenile was arrested by Detectives Biddiscombe and Donahue yesterday afternoon, as he was coming out of one of the local banks. The youngster had just changed a twenty dollar bill, and was arrested for the theft of \$80 and a bicycle. Whatever the juvenile's faults may be, selfishness is not one of them, as many of his chums will testify. He did not long believe in idle money, and generously distributed his ill-begotten wealth to all his chums, who received regal tips from the young Wallingford of five and ten dollar bills. He was evidently changing the \$20 into further tips.

**L. O. B. A. MEETING.**  
Rev. H. A. Fish, of Toronto, will address a mass meeting of the L. O. B. A. in No. 27 room, Market building, this evening at 8 o'clock, daylight time. A full attendance is requested. Entrance off North Market street.

**GRACE AKERLEY.**  
M. W. Grand Mistress of B. A.

**LOYAL ORANGE ASSOCIATION.**  
Rev. H. A. Fish, P. G. C. of B. A., will address members of the L.O.A. on the following evenings: Monday, the 28th instant, in the Orange Hall, German street, and Tuesday, the 29th instant, in the Orange Hall, Simond street. Both meetings will open at 8 o'clock (daylight time). All Orangemen in good standing are particularly requested to be present.

**FRANCIS KERRE.**  
County Master, St. John.

## Reception Given To Graduating Class

Last Evening Alumnae of High School Delivered Address to Dr. H. S. Bridges and Presented Large Portrait of the Superintendent to the School.

In honor of fifty years of service in educational work in New Brunswick a presentation was made last evening and an address, delivered to Dr. H. S. Bridges, Superintendent of city schools in which a very high tribute was paid the Doctor's good influence upon the pupils and teachers which whom he had been associated. The ceremony took place at the annual reception given to the graduating class by the St. John High School Alumnae. Nearly two hundred and fifty people were present in the Assembly Hall of the High School, the young people enjoying dancing at the close of the programme. Excellent music was furnished by the High School Orchestra.

Miss Jessie Lawson president of the alumnae presided. Mrs. Lawson, honorary president, welcomed the graduates, speaking of the flag draped over the centre of the platform which is one which flew over General Allenby's headquarters in Palestine, and of the good work of the High School Orchestra.

A Life Membership pin in the alumnae was presented to Miss Edith MacRae, leader of the graduating class, the presentation being made by Kenneth Sullivan, alumnae scholar. A pleasing reading was given by Mrs. Shields after which Miss Barbara Dobson read the scholarship report stating that \$2,400 is on hand. Dr. James, Magee presented the Alumnae Memorial Scholarship to Miss MacRae which entitles her to a year at the University. Miss Valde Fenton sang sweetly two solos.

Miss Jessie Lawson, in an eloquent address, told of the special occasion which last evening celebrated, and in earnest and sincere words spoke of what Dr. Bridges means to all those who have worked with him or been his pupils. She felt that the teacher has the greatest influence and that Dr. Bridges had given all who had been associated with him a love of learning. She then called W. J. S. Myles to the platform, and asked him to accept, in the name of the Alumnae a large framed portrait of Dr. Bridges which is to hang on the walls of the St. John High School. Mr. Myles accepted the gift and paid his tribute of high praise to Dr. Bridges. Dr. Bridges was entirely taken by surprise and thanked those who had made the presentation, referring in feeling terms to the kind words spoken. He said it means much to him, he told those assembled that he loved St. John and urged them to be proud of their picturesque city. Miss Grace Estey on behalf of the executive of the Alumnae presented Miss Jessie Lawson with a bouquet of roses.

## Mothers Receive Milk For Children

Milk Depot Established by Board of Health Received Many Grateful Callers Yesterday—Mothers Tell Experience.

The milk depot established by the Board of Health in the Home of the Victorian Nurses, corner of Carleton and Dorchester streets, was the oasis of our milkless city yesterday and was visited by many mothers in search of milk.

As the location of the home had become more widely known, it was visited by over twice the number of visitors of the day before and nearly sixty mothers were supplied with milk. All the women expressed the utmost gratitude and evinced a willingness to pay almost any price to obtain the food for which their children had been craving, although only a nominal charge was made.

Several of the mothers told of their experiences during the milkless days, truly trying ones for both mother and child. One mother, the mother of twins had attempted the condensed milk diet with her offspring, but the manufactured product proved too rich for them and their little stomachs became upset. It was impossible to get milk and the outlook had become dark, as their condition threatened to become critical. The Board of Health's action in procuring milk, in this case, as in other cases, was the means of saving lives of the children.

The area to which the milk was supplied yesterday was somewhat wider than that of the previous days, amongst the families applying being two from the North End.

**A LITTLE WANDERER.**  
A little girl nine years of age was found wandering aimlessly by Police Constable Thomas early last evening. The little one did not know the name of the street she lived on and all the information she could give the officer was that there was an oak table with a large plant on it by the window in the front room. She was finally located and taken to her home.

**COUNTY HOSPITAL VISITED.**  
Members of the County Council and others, accompanied by Captain Sparrow of the D.S.C.R. journeyed out to the county hospital in East St. John yesterday, where the proposed alterations to the buildings were reviewed. The sum of \$16,400 has been voted for the purpose by the federal government and the work will be proceeded with immediately.

## It's Up To Mr. Brady Said The Mayor

Telegrams Sent to G. N. R. General Manager and the Reply — Expected Sussex Train Goes on Old Time Monday.

"It's up to Mr. Brady," said Mayor Schofield last evening when asked if the Sussex train was to be changed back to Standard time. His words indicated that no reply was expected by the City Council to the last telegram sent by them to the general manager of the Canadian National Railways and that any further action must come from the railway's officials. Railway men about the depot predict that the train will be back on her old schedule Monday.

The telegrams exchanged between Mr. Brady and City Hall yesterday were as follows:  
From Mr. Brady to the Mayor: "Railway cannot consider at this time increasing its train service or cost. Will gladly put the Sussex train back on old time if you so request."

To Mr. Brady from the Mayor: "The recommendation forwarded to you was a request in itself as it certainly was our intention that Sussex train be returned to old time." The least quantity of milk to arrive so far came in on the Sussex train yesterday, when there were 212 cans, as compared with 231 on Thursday. Considerable cream is being brought into the city, one dealer obtaining forty cans by motor truck.

Local milk dealers had a consultation with W. R. Devenish, Divisional Superintendent of the C. N. R., who promised to let the local dealers know as soon as possible, on his return to Moncton, when the train would go back to old time.

## Women's Dearest Right Violated

Intolerance Has Reached Its Greatest Height in Law Now Being Advocated in New Brunswick.

If the women of New Brunswick were sufficiently acquainted with the provisions of the Prohibition Act they would vote in a body against it for this drastic piece of legislation violates the dearest rights of women. This Act does not mean temperance, it stands rather for intolerance and Revolution, as under the Bolshevik treatment of women in Russia.

Among other things this act:  
1. Gives the Chief Inspector and all of his sub-inspectors or constables the right to search at pleasure at any hour of the night without a warrant the sleeping berth of any passenger—male or female—on any train passing through New Brunswick. Section 153.  
2. Gives the Chief Inspector and all of his sub-inspectors or constables the right to enter at pleasure at any hour of the night any bedroom, whether occupied by a male or a female, in any hotel or apartment house and search "in every part thereof." Section 153.

[Only two or three weeks ago the Daily Telegraph reported a Saturday night raid on a number of hotels in St. John and that many of the guests were routed out of their beds in the middle of the night and their bedrooms searched by the Chief Inspector's appointees.  
3. Gives the Chief Inspector and all of his sub-inspectors or constables the right to stop and search without a warrant the person of any man or woman, whom they may suspect of carrying liquor, and the right also to search any vehicle of any kind in which they may suspect that liquor is being carried. Section 162.  
4. Gives the Chief Inspector and all of his sub-inspectors or constables the right to enter at pleasure at any hour of the night any house or building, the rooms or compartments of which are leased to different persons, or any house or building in which meals are provided for money or in which more than three lodgers are kept other than the occupant's own family, and to search in every part thereof. Section 2 and 163.

[This means surely that any lodger's house keeper is in danger, any time of prosecution and fine if one boarder brings liquor for any purpose whatever in her house and that all occupants of the house are suspected of the indignity of having their rooms searched at any hour of the day or night.

What do Women think of Such a Law?  
What do Husbands, Fathers and Brothers think of Such a Law?—Adv.

## SANCTITY OF MARRIAGE.

Rev. H. A. Fish, of Toronto, will speak in Ludlow street Baptist church tomorrow (Sunday) morning on "The Sanctity of Marriage with special reference to the mixed marriage question." In the evening he will speak in Centenary Methodist church on "Religion Citizenship and Loyalty, or Protestantism and what it means to Canada."

## SATURDAY'S MARATHON.

The officials of this race have asked the New Brunswick Automobile Association to request car owners to keep off the Rte. 104 road between the hours of 2:30 and 4 o'clock so the boys may have a clear road. Some cars are needed to take the contestants up to Quispamsis to the starting point. Any one who will be good enough to supply this need please phone J. W. Robertson, Main 527-31, or send the car to the Y. M. C. A. at 1:45 Saturday afternoon.

**WANTED.** Linotype operator; good wages. Apply Standard Office.

## An Answer To Many Questions

Meaning of Light Wine and Beers Given by Premier—Matter Regarding Soldiers and Women Registering.

When interviewed as to the meaning of light wines and beers as embodied in the ballot to be cast in the coming referendum on Prohibition, Premier Foster stated yesterday that the light beer and wines would comprise such drinks as porter, ale, port, etc. And the law would be interpreted as in Quebec. The exact percentage which the drinks would be allowed to contain would be determined by the government after the ballots had been cast.

**Qualified to Vote.**  
Soldiers are to make affidavit and have their names placed on the list but they may do this any time up to the close of the polls on election day. All women whose names are not now on the list must register before June 26 in order to have a vote. The registrars have put on the list all women who pay taxes and those who registered in 1915. The registration of 1917 does not entitle a vote in this election.

**Returned Soldiers.**  
There appears to be some question as to the right of returned men to vote on the Prohibition referendum on July 10th. There should be no question on this point, as the section of the N. B. Elections Act of 1916 is still in force, which provides for soldiers, who served in the late war, and provincial issues. A special oath (Form C. C. 3) is provided in the Act whereby at the time of voting the soldier affirms his qualifications, which are: Service in the forces, the fact that he was a resident of and domiciled in, New Brunswick at time of enlistment, and that he is now resident or domiciled in the sub-division where he is tendering his vote. These provisions apply to any soldier, except one discharged for misconduct, regardless whether he be 21 years of age or not.

## A Call For Monday Night

To Every Man and Woman Who Will Work For Prohibition Victory July 10th as Against Light Wines and Beers.

If Prohibition advocates do not get beyond the sympathetic stage and reach the fighting mood, Prohibition will go down to an ignominious defeat in favor of light wines and beers. All those who not only want Prohibition but are prepared to work for it are asked to meet Monday evening, June 28th, at eight o'clock, in the Y. M. C. A. building.—Adv.
