ITUNA, THE SPEEDY MARE, WHICH
WILL CHANGE OWNERS THIS MONTH

Some Feats She Has Accomplished on the Racing Track—
Shamrock B. B. Club Will Give Her as a Prize Shortly.

The Telegraph here prints a picture of the fast bay mare Ituna, 2:10, which the Shamrock B. B. and A. Club is to give to the holder of the ticket which wins the mare in the drawing this month.

Ituna has a record of 2:10 made in a winning race. She is eight years old, as pretty as a picture, and boasts the following pedigree: Sir Bourbon Wilkes; dam, Lady Bachelor, by Westwood; sire of Split Silk, 2:08; Coastman, 2:08. She is owned by the club from J. M. Johnson and John E. Moore for \$1,000, a special price.

Lowered N. B. Record.

Ituna in the presence of 700 people smashed all provincial records on October 1st, 1902, on Sussex track. The track rec-

ord, 2:10, had been held by Brazilian, and 2:14 was the provincial record, made by Lady Glen at Woodstock in August, 1902. Later Kingmaker equalled the record, but at Sussex on the day named Ituna without once lifting her nose from the wire in 2:15. The track was in fine shape. It was in the first heat of the free-for-all that this fine performance was given by Ituna. The stakes were \$100. Prince, Walter K., Ituna and Park Campobello. After scoring a few times the horses were given a good send off. On the first turn Ituna went into first place and Sund

Prince, breaking, went well to the rear. In the back stretch Walter K. took second place and Park Campobello third. At the quarter Ituna was well in the lead of the procession. The positions were unchanged at the half, and at the three-quarter mark Walter K. and Park Campobello were even, Sund in the rear. On the home stretch Park passed Walter K. and went under the wire about three lengths behind Ituna, which won easily. Walter K. was about a length behind Park and Sund was distanced. The time was 33.4, 1:07.34, 1:41, 2:10. Ituna won the next two heats and the race.

At the Fredericton Exhibition races last September, this speedy bay mare showed a clean pair of heels to such runners as Nominee Prince, owned by H.

Cummings of Houlton (Me.); Gertie Glen, owned by J. W. Gallagher of Woodstock; and Guilty, owned by E. LeRoi Willis of Sydney. The race was won by the mare in three straight heats, and the time was 2:10, 2:10.34, and 2:17.34. Her exhibition was against a strong wind down the back stretch and as she went under the wire without lifting her nose in the last heat the crowd went wild, especially when it was announced that she had given the track a new record of 2:10.34. The quarter was done in 33.4 and the half in 1:04.

Two Confusing Verbs in English.
"There are two verbs that are always confusing," said the man who minds his p's and q's. "They are sent and marry. I want to rent a house," says your friend, the broker, and no one can tell whether he desires to be a landlord or a tenant. The verb applies to either the act of letting some one have property for hire or the act

of paying some one hire for property. Marry is no better. I just married a charming woman," says your friend, the preacher, and if he has been a bachelor, you do not know whether to congratulate him or inquire the amount of his fee."—Birmingham News.

Cleanse Your System and
Prevent Spring Sickness.

Purge Out All Taints and Poisons—Remove
Disease-producing Germs—Tone Up,
Strengthen and Revitalize Your Depleted Energies.

Winter is over and Spring is here. Springtime is always sick time, because everyone's blood is loaded with impurities and poisons. Most of the bodily organs are overworked and out of repair. Strength is at low ebb and must be braced up. Nothing is so absolutely certain to benefit as Ferrozene, which is indispensable as a Spring tonic for the young, the middle-aged, the old. It's because Ferrozene stimulates the appetite, strengthens the blood, builds up the system, it becomes help people in poor health that so many use it.

PROVINCIAL
BRIDGE WORK.

Hon. Mr. LaBilloy Arranging
for Painting of Some of
the Steel Structures.

OTHER IMPORTANT WORK.
They Want a Draw in Hall's Creek,
and Long Moncton Span Is to Get
a New Flooring—Some Improvements,
Also, in Northumberland.

Hon. C. H. LaBilloy, chief commissioner of public works, has some important bridge work on hand. Included in the painting of a number of the steel bridges of the province. This month work on the Woodstock and Hampton steel bridges will be begun.

Hall's Creek and Moncton Bridges.
Wednesday night Hon. Mr. LaBilloy and Provincial Engineer A. R. Wetmore attended a meeting of the Moncton board of trade in reference to a memorial presented to the government asking that a draw be placed in Hall's Creek steel bridge. Those present included Hon. C. W. Robinson, F. W. Sumner esq., M. P., T. J. Hawke, C. F. Harris, Matthew Lodge, N. Clarke, J. H. Harris, D. I. Welch and John Brown.

Hon. Mr. LaBilloy said that Mr. Wetmore would take soundings in the creek and report to the government. He also said the government desired to meet the wishes of the board of trade as far as possible in the matter. The cost of the draw, including a pier, would be about \$9,000.

A vote of thanks to Mr. LaBilloy and Mr. Wetmore was adopted. Yesterday morning the chief commissioner and engineer, accompanied by Hon. C. W. Robinson, S. S. Ryan, M. P., F. J. and John Brown, Westmorland bridge builder, made an examination of a section of the bridge which spans the Petitcodiac river, 1,300 feet, between Moncton and Coverdale parish. Two piers of the bridge have been damaged by running ice and one will have to be rebuilt and the entire flooring of the bridge was condemned by the engineer.

Arrangements will be made to place a new double flooring on the bridge, under direction of Mr. Wetmore and Benjamin Flood, bridge builder, to place false work under it immediately. When the water has gone down, surveys for a new structure will be made. Two piers of the bridge have been damaged by running ice and one will have to be rebuilt and the entire flooring of the bridge was condemned by the engineer.

Red Bank Bridge, Northumberland.
Mr. Wetmore has been in Northumberland county where he examined Red Bank bridge on request of Premier Tweedie. He found one of the spans dangerous and arrangements were made with Benjamin Flood, bridge builder, to place false work under it immediately. When the water has gone down, surveys for a new structure will be made. Two piers of the bridge have been damaged by running ice and one will have to be rebuilt and the entire flooring of the bridge was condemned by the engineer.

KENT COUNTY MOTHER
RECOVERS KIDNAPPED CHILD

Reston, Kent, May 4.—Stipendiary Magistrate Hugh M. Ferguson arrived home on Monday from Auburn, Maine, where he had gone in a kidnapping case, the particulars of which are as follows: About a month ago Betts arrived home, and taking the boy under pretence of going to visit some relatives in the vicinity, took the train for the States. The mother was dissatisfied and her friends here decided to help her recover the child. Justice Ferguson was employed, and through correspondence he succeeded in locating the boy in a Maine town. He left here a week ago, accompanied by the mother, and before the supreme court in Auburn they were able to prove that Betts is a disreputable character and unfit to retain the custody of the child. The judge, therefore, issued an order for the mother to take her child, which she did, arriving home Monday. Mr. Ferguson is eulogistic of the treatment accorded himself and his client in the American town.

Horses and Cows Burned Near Bath, N. B.
On Sunday James Ryan, who lives about a mile and a half above Bath, Caledon county, lost his barn and contents by fire. His little boy went into the barn with matches and lighted the fire by accident. Four horses and five cows were burned. Mr. Ryan had just moved in from Johnville and bought the place.

For treats pudding take a quarter of a pound of flour, one ounce of suet, a quarter of a teaspoonful of carbonate of soda, one teaspoonful of ground ginger, half a gill of treacle, and half a gill of milk. Chop the suet and mix it with the flour, add the carbonate of soda and ginger, and blend well together. Grease a pudding basin, and pour the mixture in. Bake in a greased paper, and steam for one hour.

The Greatest Offer
Ever Made to Readers.

We will send you THE SEMI-WEEKLY TELEGRAPH 12 months for \$1.00 and give you a certificate absolutely free, which will entitle you to chances in cash prizes amounting to

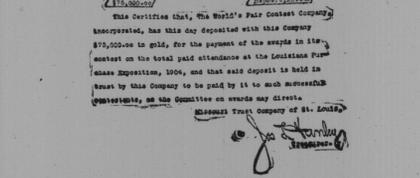

\$75,000.00

BEFORE MAY 1, 1904.

So that it is important that you send in your subscription and remittance at once. Can you estimate how many people will pay admission into the Fair grounds from its opening to closing date? The 100 persons who estimate nearest the correct number will receive the above amount in cash prizes. You have just as much chance as anyone. Are you going to let this golden opportunity to gain a fortune slip by you? You may be one of the successful ones. Why not try? You may estimate as often as you wish, regardless of subscription. For each estimate you are given a separate engraved and numbered coupon and certificate. These are sent to you in blank form. You fill in your own estimate, retain the certificate and return the coupon to us before December 1, 1904; the closing date of the contest. Certificates and coupons, without subscriptions, will be sent for 25 cents each, or 5 for \$1.00. The prizes are the largest ever offered in any contest and are divided as follows:

Table with 2 columns: Prize description and Amount. Includes items like 'The nearest correct estimate \$25,000.00', 'The second nearest correct estimate \$10,000.00', etc.

Total \$75,000.00

Since making this deposit of \$75,000.00 The World's Fair Contest Co. which is incorporated for \$200,000.00, has set an additional \$50,000.00 to be paid on orders sent in before May 1, 1904. This makes a grand total of \$125,000.00 to be given to successful contestants. This extra prize is a fortune within itself.

How We Are Able to Make This Remarkable Offer.
We have made a special arrangement with The World's Fair Contest Co. to give, FREE OF CHARGE, one Certificate and Coupon entitling you to chances in the prize of \$75,000, and the handsome extra prize of \$5,000, to every reader of this advertisement who sends us \$1.00 for his or her subscription in advance before May 1st, 1904. It doesn't matter whether you have ever been a subscriber or not; the opportunity is open to every one.

We Do Not Ask You to Estimate Now.
You receive the blank Certificates with duplicate coupons attached, and we allow you the privilege of filling in your own estimate on the Certificates and Coupons whenever you are ready, and of returning the Coupons to us at any time before October 15th, 1904. You will then know the daily attendance up to that date, and are enabled to more intelligently base your estimate for the entire year.

We Date Your Certificates on the Day You Buy Them.
Your Coupons will be considered in the awarding of prizes according to the dates they bear. You understand, therefore, that those who do not order before May 1st, 1904, will have absolutely no chance whatever in the handsome extra prize of \$5,000. This prize alone is a fortune in itself, and even if you should win one of the other 188 prizes shown above.

IMPORTANT NOTICE—Bear in mind that YOU HOLD YOUR OWN OWN CERTIFICATES and Coupons and that you do not have to wait until April 5th in the last day that you can buy certificates and coupons to get chances in this prize of \$75,000.00. Constantly send us your estimates and coupons to get your share of the prize. The contest is being advertised in a large number of newspapers, the subscribers for which are privileged to compete and share in the distribution of the prizes offered.

Subscribers Must Pay Up All Arrears in Order to Compete.
