

land a month or perhaps six weeks earlier, but I told them that there was no reason why they should not grow oats or timothy that would yield them a good return for their labor.

In 1897 there were four houses on the reserve, today there is but one and that is only occasionally used.

My expenses on this service were \$12.00 a voucher for which is enclosed.

I have the honor to be

Sir,

Your obedient servant,

Richard St. John.

B.C.L.S.

without underdrain
they'd get in about
a month earlier
for the difference
it was underdrain
was secured
at least not till
drain should better
disposition in morning
land

May 1900 at garden land
first year when it was
be under oak & second under
has to get soil in good shape
for gardening. Rent would
have to be reasonably low
for these two years
but thereafter the
person rent should
be quite common

There is sand
water current
follow the land
to market -
about 1 1/2 hours
