

A Trial in the Cup

is the only way to tell how good a coffee is. Our coffees will stand this test and will please you. We roast our coffees, which means much, as fresh roasted coffee is far better than those that have been roasted for an indefinite time. Package coffee soon loses its flavor. We sell all our coffees in bulk. You can buy any quantity at any price.

HOT FIGHT

Windsor School Board Having One over Selection of Teacher—Ridgeway Man Figures.

Windsor, Ont., Oct. 12.—There promises to be a warm doing at the regular meeting of the city board of education to-morrow evening when a teacher will be selected to fill a vacancy in the staff of the Collegiate Institute caused by the resignation of Principal W. S. Cody, a short time ago. An effort will be made to have Miss Mary E. Butterworth, who is at present teaching in one of the city Public Schools, appointed and the members of the Board are about evenly divided on the question. At a recent meeting of the Board E. Gavin, science master of the Institute, was appointed to succeed Mr. Cody as principal, while Mr. Taylor was appointed instructor in mathematics. The Board then advertised for a male teacher for the primary classes, one capable of teaching drill and calisthenics. The supporters of Miss Butterworth then began the campaign to have her appointed to the latter office, but were turned down by the teachers' committee, who insisted upon having a male teacher.

At a meeting this evening the committee decided to recommend to the Board the appointment of John W. Marshall, B. A., of Ridgeway, to the primary division in spite of a strong protest of a slight majority, who boldly held out for Miss Butterworth.

In speaking of the matter this evening Trustee Davis, an ardent supporter of Miss Butterworth, said: "There is no need of bringing outsiders into our city schools when our own graduates are capable of filling the vacancies. Miss Butterworth is quite capable of filling the position and the Board will do her an injustice if she does not receive the appointment. There will be a warm time to-morrow evening as the matter and her supporters will put up a strong fight."

It is understood that a largely signed petition from the ratepayers will be presented to the Board to-morrow evening.

FINE OIL STRIKE

Wheatley, Oct. 12.—With the strike of the Standard Oil Co. on E. J. Lonsbury's farm on Monday last the Gurd gusher sinks into insignificance and the Raleigh oil fields must yield the buckler to the Romney field. Oil men firmly declare that Monday's find far surpasses anything ever before struck in Canada. The sight was simply grand, for so great was the force that the stream of oil shot through the crown of the derrick to an altitude fifty feet higher and the oil spray glistening in the sunlight resembled a cloud of pure gold. But for the drillers the scene was different. A furrow ran under the boiler and the oil was rapidly making its way to the furnace. The men saw the inevitable disaster should the oil reach the coals and dug a small hole in the furrow, and from this small hole alone fifty barrels of oil were dipped before the well could be got under control. In the derrick the men were wading in oil suds knee-deep and the surrounding fields resembled a small lake of oil. This new strike has given the Romney field a new lease of life and we look for numerous derricks to dot the land. The Romney oil field is no longer a myth.
