PREPARATORY SCHOOL,
FOR YOUNG LADIES,**

**THE ROYAL FLOATING BATHS,
City of Toronto.**

THESE BATHS have been erected by Mr. Cull, of this City. They are one hundred and ten feet in length, and twenty one feet in width, and contain ten warm and ten cold Baths, with Vapour and Shower Baths. The Baths for young people are less deep than those for adults. One end is *exclusively* appropriated to Ladies, with a private entrance from a gallery outside and leading to an elegant drawing-room adjoining a promenade deck eighty feet long, with a dome roof and trellis-work guards all round. It is capable of accommodating two hundred persons, and so constructed that the additional weight of three hundred will not depress the Bath one inch. There are reading and refreshment rooms for both ladies and gentlemen, fitted up in the best possible style.

These Baths are highly creditable to the City in point of appearance, and not less so as to their utility.
