

## A WIFE'S MESSAGE

### Cured Her Husband of Drinking.

Write Her Today and She Will Gladly Tell You How She Did It.

For over 20 years her husband was a hard drinker. He had tried in every way to stop but could not do so. At last she cured him by a simple home remedy which anyone can give even secretly. She wants everyone who has Drunkenness in their home to know of this, and if they are sincere in their desire to cure this disease and will write to her she will tell them just what the remedy is. She is sincere in this offer. She has sent this valuable information to thousands and will gladly send it to you if you will but write her today. As she has nothing to sell, do not send her any money. Simply write your name and full address plainly in the coupon below and send it to her.

MRS. MARGARET ANDERSON,  
104 Home Avenue, Hillburn, N. Y.

Please tell me about the remedy you used to cure your husband, as I am personally interested in one who drinks.

Name.....

Address.....

## STAMMERERS

The methods employed at the Arnott Institute are the only logical methods for the cure of stammering. They treat the CAUSE, not merely the habit, and insure NATURAL Speech. If you have the slightest impediment in your speech don't hesitate to write us. Cured pupils everywhere. Pamphlet, particulars and references sent on request.

The Arnott Institute, - Berlin, Ont., Can.

"Better hurry up that battleship for delivery," suggested the shipyard manager.

"Is there going to be war?" asked the superintendent.

"No, but it's only etiquette to deliver the boat before war goes out of style altogether."

## Contracted a Heavy Cold.

### It Became a Lung Splitting Cough.

Mr. J. H. Richards, 1852 Second Ave. East, Vancouver, B.C., writes: "Allow me to write a few lines in praise of your Dr. Wood's Norway Pine Syrup. Last fall I contracted a heavy cold which left me with a hacking cough and every time I would get a little more cold this hacking cough would become a lung splitting one. It kept on getting worse and I kept on spending money buying different cough remedies until a friend asked me if I had ever tried Dr. Wood's Norway Pine Syrup. I told him I was willing to try anything I thought would cure, and on the same day bought two bottles. Before half the first one was used my cough began to get much easier, and by the time I had used a bottle and a half my cough was gone. I am keeping the other half bottle in case it should come again, but I am sure I have a positive cure. Let me recommend Dr. Wood's Norway Pine Syrup to all who suffer from a cough or throat irritation of any kind."

So great has been the success of this wonderful remedy, it is only natural that numerous persons have tried to imitate it.

Don't be imposed upon by taking anything but "Dr. Wood's."

Put up in a yellow wrapper; three pine trees the trade mark; price 25 cents.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## GOSSIP.

### LAKEVIEW HOLSTEINS.

Increase in numbers, official records, and quality of the highest standard, mark the steady and persistent improvement in the great Lakeview herd of official-record Holsteins, the property of E. F. Osler, of Bronte, Ont., during the past year. This now famous herd, which, in the near future, is destined to be one of the best in America, is 75 strong, among which are such great cows as Roserattler, with a seven-day record of 24 lbs., her daughter, Lakeview Rattler, who, at two years of age, made 15.49 lbs. butter, and gave 421 lbs. milk in seven days, and in fourteen days gave 30.2 lbs. butter, and 799.45 lbs. milk, and 14,405 lbs. milk in one year. She has just freshened again and will be retested. Lady De Kol Waldorf has a seven-day record of 25.82 lbs. butter and 622.8 lbs. milk. Cecil Wayne, with a seven-day record of 21.22 lbs. butter and 476 lbs. milk. Queen Inka De Kol, under two years of age, made 144 lbs. in seven days. De Kol Mantill 3rd, at two years and two months, made 16 lbs. in seven days. These are representative of a large number of others in the herd that are in the official record. Still at the head of the herd is that most richly-bred bull, Count Hengerveld Payne De Kol, sired by Pietertje Hengerveld's Count De Kol, the sire of De Kol Creamella, who holds the world's milk record of 119 lbs. in one day, and 780 lbs. in seven days. He is also the sire of five daughters with seven-day butter records that average over 30 lbs., and ten others with records that average over 25 lbs., and thirty others that average over 20 lbs., besides three granddaughters with records averaging over 28 lbs. His own dam, Pietertje Hengerveld, has a seven-day record of 21.85 lbs. Coupled with this great record as a sire is the fact that he is a brother to Hengerveld De Kol, the grandsire of Pontiac Clothilde De Kol 2nd, the world's present seven-day butter champion, with a record of 37.21 lbs. The dam of Count Hengerveld Payne De Kol is Grace Payne 2nd's Homestead, the late dethroned world's champion, whose seven-day butter record is 35.55 lbs., and a butter-fat test of 4.37 per cent. As a six-year-old, she made her world's record, and a butter-fat test of 5.42 per cent. Thus, at the head of this herd, is a bull who is a brother to the late world's champion, and is closely related to the world's present champion. Standing in a row in the splendid stable are fourteen yearling daughters of this bull, a most remarkable lot for excellence of type and uniformity. As assistant in service, Mr. Osler has purchased the no less royally-bred young bull, Dutchland Colantha Sir Mona, a son of Colantha Johanna 1st, whose dam, Colantha 4th's Johanna, holds the world's official thirty-day record of 2,873.6 lbs. milk and 138.54 lbs. butter; her yearly record is 27,432.5 lbs. milk and 1,247.82 lbs. butter, and her seven-day butter record is 35.22 lbs. Her dam, Colantha 4th, holds a seven-day butter record of 24.49 lbs. The dam of Colantha 4th's Johanna 1st is Mona Pauline De Kol, with a seven-day record of 488.7 lbs. milk and 26.93 lbs. butter, and a butter-fat test of 4.45 per cent. Her daughter, Baroness Mona Pauline, has a record of 27 lbs., and her dam, Mona Arab, 17½ lbs. The daughters of the old stock bull, out of official-record dams, bred to this young bull, is the line of intensive breeding as conducted on this noted farm, and surely is the line of breeding that produces champions. There is one young bull left, nearly fit for service. He is nine months old, sired by the old bull, and out of a 13,000-lbs.-of-milk-a-year dam. Mr. Osler, in order to make room for pure-breeds, is offering for sale eight head of high-grades, two of whom are two years of age, four are yearlings, and two are calves. The two-year-olds are daughters of the old stock bull; one of them has freshened, and the other is about due. They are an extra nice lot, and are offered at very reasonable prices. The one in milk looks like making something extra good. This farm, which, by the way, is probably the best-equipped stock and dairy farm in Canada, is three miles from Bronte Station, on the Toronto-Hamilton branch of the G. T. R.

## The Secret of Pure Sweet Milk

You dairy-farmers can't afford to ship impure, germ-laden milk into the towns and cities. Our medical authorities are urging the Government to penalize offending dairymen very severely—don't you run any risks. If you pass all your milk through the Root Cooler-Aerator immediately it leaves the cow, you can guarantee it pure and sweet and get a bigger price for it per gallon. The

## Root SANITARY MILK Cooler-Aerator

will keep the milk sweet for 48 hours because it kills the animal heat quickly and cools the milk to the same temperature as cold running water.

The water is admitted at the bottom, flows through the bottom tube, then from the water column into the second tube and so on until it reaches the top tube. Thus the cylinder is kept perfectly cold all the time, and as they are deeply corrugated the milk flows down them slowly, reaching the retaining pan thoroughly cooled and aerated. Cylinders are made of heavy copper, heavily coated with pure tin and guaranteed to stand heavy water pressure. Perfectly simple to operate—no complicated parts—a child can easily clean the whole machine in 5 minutes. Made in various sizes—will cool from 40 to 75 gallons an hour. Write us today for catalogue and prices—every dairyman should have a Root Cooler—it's a big money-maker. Address: W. A. Drummond & Co., 175 King St. East, Toronto.

"It's so easy to clean."

## CATTLE and SHEEP LABELS

Metal ear labels with owner's name, address and any numbers required. They are inexpensive, simple and practical. The greatest thing for stock. Do not neglect to send for free circular and sample. Send your name and address to-day. F. G. James, Bowmanville, Ont.

## Alloway Lodge Southdowns

The Southdown is the best mutton sheep in America to-day, the championships at the winter fairs prove it. Southdown wool is finer than that of any other mutton breed. I get 4 cents a pound above market price. A Southdown ram makes the greatest improvement on a flock of good ewes. Ask anyone who has used one. Write me for prices; they will please you. Phone. Railway Stn., London. ROBT. McEWEN, BYRON, ONT.
