

How to Use Bug Death

Take Your Choice of the Three Ways: Bug Death Will Do Its Work Either Way.

DRY.—BUG DEATH is a fine powder, non-poisonous, which can be dusted on the vines with our "Perfection" Shaker, or can be applied by a piece of burlap (fairly fine) with the corners gathered up. Dust lightly over the plants. When the vines are wet after a rain, or when wet with dew, is the best time to apply BUG DEATH. Use freely. It pays on account of the extra growth of the plant and increase of the crop.

IN WATER.—Add 12½ lbs. of BUG DEATH to 40 gallons of water. This makes the proper proportion, but a larger quantity of BUG DEATH can be used to good advantage. Any spraysmotor or sprayer can be used. Keep mixture well agitated when using.

IN BORDEAUX MIXTURE.—Add 12½ lbs. to 40 gallons of Bordeaux Mixture. BUG DEATH will kill the bugs and improve the growth of the plants.

WE SEND FREE OUR "BUG DEATH BOOKLET" AND "POTATO CULTURE."

BOYS FOR FARM HELP.

The Managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 214 Farley Ave., Toronto.

Commissioner's Branch,
Ottawa, April 6th, 1903.

THE PETERIE MFG. CO., LTD., Guelph, Ont.
Gentlemen,—I am pleased to inform you that the Magnet Cream Separator which I bought from you several months ago has been in continuous use in my dairy of forty cows. It has been very carefully and severely tested, and I am glad to inform you that it has given perfect satisfaction. It runs very lightly, skims well, and separates beyond the capacity guaranteed by you. I have no hesitation in saying that Canadian farmers would find it to their interests to buy machines made in Canada, rather than those imported from foreign countries and assembled in Canada. The reasons are obvious and need no explanation. Yours very truly,
F. W. Hodson,
Live Stock Commissioner.
