

The Hopeless Wound.
Have the dreams of youth departed,
While the bloom of youth remains?
Has the gliding worn off from thy pleasure,
And left thee only the chains?
Thou art young, and the world is before thee;
New pleasures will rise before thee;
Tis too soon for thy brow to be clouded,
Too soon for thy heart to be cold;
Has wealth been the dream, that has van-
ished?
Gold and silver have many a mine;
Plough the deep, seek the populous city,
And the wealth of the east may be thine.
Has fame been the thing to allure thee?
The blast which her trumpet has blown
To the name of another today,
To-morrow may be thine own.
Hast thou listened the song of the charmer,
Till pleasure has lulled on thy soul?
Has thy race been the race of ambition,
While others have reached the goal?
For all these still hope has a rainbow
A something remains to be done;
The wounds of thy heart may be healed—
There's a cure for all sorrows but one.
But if as thy pale brow confesses,
That sorrow 'tis thine to endure,
Then go to thy grave in thy sadness—
Love, betrayed, has no hope of a cure.

NEWS FROM IRELAND.

DUBLIN.

The Sunday Closing Act seems to have been the means of reducing drunkenness in Ireland. A Parliamentary paper, issued on July 17th, giving the number of drunken persons arrested between eight o'clock on Sunday morning, and the same hour on Monday, from April 20th, 1879, to April 28th, 1880, as compared with the corresponding Sundays in 1877-78. From this it appears that whereas in 1877-78, the arrests in the 32 counties numbered 4,559 in 1879-80 they had fallen to 1,340. In Dublin the amount fell from 1,935 to 1,274; in Limerick from 158 to 134; and in Waterford from 114 to 84. On the other hand, two districts showed an opposite result. Cork, decreasing from 357 to 382, and Belfast from 255 to 258.

The Dublin Corporation resolved, on July 20th, that on the 6th of August, the name "Carlisle Bridge" shall be changed to "O'Connell Bridge" by a formal ceremony, in which the Lord Mayor and Council, in state, will take part.

From a report submitted to the Lord Lieutenant of Ireland, it is shown that compared with 1878 there was a decrease last year in the total acreage of the crops. Land under grass now covers more than half the whole acreage of Ireland, and has increased from 59 to 59.2 per cent. during the last ten years.

The river, in consequence of the late heavy rains, was much swollen, and the boy must have ventured beyond his depth. He was missed by his comrades, and an alarm raised. William Halpin, land bailiff to Major W. Mills Moloney, D. L., Kiltannon. It appears that the shot was fired through the bedroom window from a revolver and struck the old-fashioned camp bedstead, which Halpin and his wife were sleeping. Another window at the back of the house was smashed as if by a stick. In the morning a threatening notice was found posted on Halpin's door, of which the following is a copy:—"Halpin, I am informed that you are going to buy the hay of Bonavere, and you are aware of the fine powder and balls I have prepared for you! If you attempt to take one perch of that meadowing I will shoot you!" There was a drawing of a coffin, with the inscription, "This is ready for you if you like, proceed if you dare." The farm of Bonavere was lately surrendered by J. Kelly, J. P., Port, with the view of getting an abatement of rent, and as no person would take the land Major Moloney intended selling the meadowing. The meeting was announced for six o'clock p.m., but the chair was not taken until half-past seven. It was nearly ten o'clock before the assembly dispersed. Large contingents arrived from the surrounding districts. A very fine brass band headed a contingent from Ballyjamesduff, bearing a handsome silk banner with a portrait of Emmet. In the course of the afternoon a large excursion was made to Lough Boyne at the mill, Ladlow street, Navan. The river, in consequence of the late heavy rains, was much swollen, and the boy must have ventured beyond his depth. He was missed by his comrades, and an alarm raised. A man named Malone, entering into the water and after much exertion succeeded in driving and bringing the boy to land, but life was extinct.

bearing mottoes were profuse. Great interest seemed manifested by those present in the proceedings. Mr. Daley addressed the people in Irish, the meaning of which was to leave the land jobbers at the left hand side of the graveyard. After the meeting several hundred people joined the Land League. Order and decorum characterised the proceedings throughout the day.

On July 10th, a publican named Penner, residing near Castlebar, while walking with his wife, was stopped by three men, at Derrycash, who discharged three shots from revolvers at him. His injuries are so serious that no hope of his recovery is entertained. Three persons are in custody, two of whom are identified as his assailants. A family feud is supposed to be the cause of the shooting. The scene of the outrage is situated in a mountainous tract of undulating country, which is thickly populated for several miles around. When Penner was first wounded he endeavored to reach a neighboring dwelling, but was closely pursued by one of the party, who discharged a revolver at him, but the ball missed. The persons were arrested and their bodies taken to the police station. Their names are Groggin, Halloran, and Cusack, the two former of whom were identified. Cusack has been remanded for eight days.

IT SEEMS IMPOSSIBLE.
That a remedy made of such common, simple things as Hops, Bady, Mandrake, Dandelion, &c., should make so many and such marvelous and wonderful cures as Hop Bitters do, but when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured, and doubt no longer and try them yourself, and doubt no longer. See other column.

REMARKABLE RESULTS FOLLOW.—Pain ceases, swellings subside, fever abates, and a healthy state exists after using this great and wonderful preparation known as Thomas' Electric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once. The cost is trifling, and effects sure. One dose cures common sore throat. One bottle has cured old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured a child in the neck and the throat, and the property lame back of eight years' standing. The following are extracts from a few of the many letters received from different parts, which, we think, should be sufficient to satisfy the most sceptical:

These testimonials from the Central, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'DR. THOMAS' ELECTRIC OIL,' and since then have had no attack. I would recommend it to all."

See what the medical faculty says: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas' Electric Oil' for two years, and I never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best results. I applied the Electric Oil, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

A. H. Gregg, Manufacturer of Mowing Machines, Truenauburg, N. Y., says: "My thumb was caught in a machine and injured, being away from home for two days. I was obliged to apply such remedies as I could get, but without relieving the pain. Immediately after reaching home, I applied the Electric Oil, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

Benjamin, Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion. Note.—Electric—Selected and Electroized.
