times? Do they not see the distant hilltops flashing with the glory of a coming Presence? Do they not see the first gatherings of that great multitude which is to welcome with a voice of joy and exultation the coming of the King to take undisputed possession of His own !

THE TEMPERANCE CRUSADE.

The "new departure" in the temperance cause is entitled to more than passing notice. Week after week we hear with thankfulness that working, earnest Christian women are undertaking much for the suppression of the liquor traffic, and of their marvellous success. The question natuarlly arises-Is there a necessity for such a movement? "To the law and to the testimony." We started the temperance campaign with the old Total Abstinence Socie-

England been brought into contact with one ty. In those days public meetings were of our national carnivals, in the form of a great held, the subject discussed, and the pledge signed. This formed the first age of temall their surroundings of dissipation, betting, perance. Then came the desire for a comand fierce excitement. Our quiet town for a pact organization, wherein pledged ones few days, became the object of the nation's interest ; and to it there flocked a numerous should be more closely watched over than and motley crew of men, who subsist upon the Apostles of the cause had contemplatthe business of sporting and racing. The gathering was under distinguished ed. Out of this sprang the Order of the Sons of Temperance, soon to be followed by the different Orders of Good Templars. by the different Orders of Good Templars. These formed the second age. The ex-

periment was made of securing stringent the course. But great numbers of the titled He writes: "Our congregations at all the witnessed in Carboneet was effected. which in many cases succeeded, while in they were surrounded by a mighty people, and the press gave its influence to sively bard upon the poor brutes who were the reform, but still the evil existed and mercilessly driven over a four mile course, untold havoc was wrought. Meanwhile leaping over fourteen hedges and a consider-
