What Should You Do With Investments?

The high interest rates we see on good bonds to-day will not last. THEREFORE secure these rates for as long a time as possible. Sell your short-termed bonds and buy those running for a long time. Send us particulars of your bond holdings and we will submit suggestions for change.

Planning Permanent Peace!

PROVIDING for the world's peace is engaging some of the ablest statesmen and rulers of civilized nations. Temporally speaking, there is but one way of providing for permanent peace of mind,—namely, by securing while you can, freedom from care and protection from want, by purchasing a (Continental) Life Insurance Policy.

Our "Twenty Pay Life Rate Endowment Policy" guarantees the most liberal protection to your family while they need it, and without extra cost amply provides for the needs of your old age. No Insurance Policy issued offers more liberal guarantees; and, at maturity it may be extended without further payments as an Endowment Policy, which returns you profits every five years, and is good for its face amount at end of term or at death. It's a complete shock absorber, eliminating worry and substituting sweet, abiding peace. What New Year's gift can the loving husband and father bestow that will be so memorable and full of happiness as a sound Life Insurance Policy? Don't delay, but

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
