**The Central Point is Protection**  
Of late years many new and attractive features have been introduced into life insurance policies but the Central Point is Protection. The Insurance Company takes the responsibility of caring for your family in the event of your death—that is the "point."  
The reason why the Mutual Life was organized was "to give the largest amount of real life insurance protection for the least possible outlay"—for this has been recognized from the beginning as the Central Point.

**Poverty In Your Old Age?**  
WITH many of us Old Age is creeping on. Have you made certain of an *assured income* when it overtakes you? Have you provided against being one of those "penniless old men"—or old women—we see and read about? If you have faced this question and taken shelter under the protection of Life Insurance, all may be well, but if not—don't lose a day in ascertaining if you are insurable, and if so avoid the *bitter experiences* of "poverty in old age," by investing *now* in A CONTINENTAL LIFE Endowment, Twenty-Pay Life, Whole Life or Pension Policy, any of which will secure your comfort in old age or take care of your dependents, in event of your death. Eighty-five out of every hundred men at death leave no income estate, and ninety per cent. of their widows lack the comforts of life.  
"Total and Permanent Disability" need not be a menace to your future, if you have *The Continental Life's Disability Clause* in your Policy. In case of disability your premiums would cease, and you receive an income for life; then at death the amount of the Policy is paid to your heirs.  
See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
