

To Motor Boat Owners SPECIAL NOTICE!

THE undersigned, who holds Newfoundland Patent No. 209 on COVERS FOR MOTOR BOATS AND OTHER BOATS, is now prepared to license the use of same to fishermen and others requiring it. This covering can be put on a boat in about two or three minutes and removed in less time. When on Boat no water can enter it, not even rain, except a small space at stern reserved for steersman.

All its attachments are specially adapted so they will not interfere in any way with twine hauling or any other work a boat might be used for. The covering can be made by any Motor Boat owner.

A salesman will be on the road shortly with a model showing how covering is made and worked, from whom a license can be obtained for its use. This man will also visit the Northern Districts soon as navigation opens. For further particulars as to cost, etc., write or call on

P. F. DELANEY (Patentee) Station Agent, Spaniard's Bay.

LONG LIVE COAKER F. P. U. FOR EVER

Our motto here is, Long Live Coaker and the F. P. U. For Ever. Most all our young men who were away to the lumber woods have returned.

Great activity prevails here among the trap-men in getting their traps ready, as an early spring is anticipated.

Very few seals have been killed here this year, owing to the prevailing winds blowing off the shore. Mr. Hubert Watkins, the "gunner" of Herring Neck, has only secured ten to date.

The Elect of Herring Neck gave a very interesting and enthusiastic Patriotic concert here on March 16th, which realized the sum of about \$30.00, for which they are to be congratulated.

The scholars of St. Mary's School and friends are also getting up a concert under the leadership of their teacher, Mr. King, which is expected to be a great success.

Mr. Levi Gillett of Pike's Arm killed a large square-flipper the other evening here, which was about the largest ever killed here.

Skipper Sam Miles, known here as the first man that ever joined the F. P. U. is building a large motor boat for next summer, which is expected to be the slasher of Herring Neck.

Most of the people here are engaged in making herring barrels for the coming spring.

Herring have been very plentiful here in the arms all the winter, and the people are looking forward to a good catch the coming spring.

The Fishermen's Union Trading Co. is erecting a large store and wharve here, which is expected to be the most thriving business premises in Herring Neck. This is making the grabbills look around themselves. Long may the big job draw, that's the stuff for the grabbill merchants. Three cheers for President Coaker and the F. P. U.

W. F. Coaker, Esq., M.H.A., and President of the F. P. U. paid us a visit last week in connection with the new union store. We regret to say his visit was a brief one owing to such responsibility resting on his shoulders, and the House opening the coming week. Of course he needs to be here to keep the so-called People's Party on the right track.

Mr. Moses Burton and Mr. Phil Blanford have volunteered to fight for King and Country. Lots of other young men should follow their example and show their loyalty. If the young men of this place were shown what patriotism is in its true light there would be several volunteers from this place, where there are so many young men.

Yours,
VERITAS.
Herring Neck, Mar. 28, 1915.
