It seems to me Mr. Editor the overseer of Asheries is more deeply interested in preserving the salmon for the benefit of the "Restigouche salmon club" and other Yankee fly-fishermen than in prethose-whose sole means of livelihood eatch being good or bad.

We are fishing, now as we fished be fore Confederation, using the same nets &c. And now is the time for all persons interested in the fishing of salmon-as a means of living to clab together and take a determined stand against our rights and privileges being farther interferred with.
