# **ELECTROCUTED IN** VIEW OF CROWD.

One Man Killed by Current and Another Shocked Falls From Roof.

## Forty Policemen Wounded and Many Hoodlums Hurt in Calcutta Riot.

New York, Oct. 4.-In full view of a throng in the street one man was instantly killed and another mortally injured last night by an electric current in Brooklyn. The victims were Jacob S. Slinbach, 21 years old, Joseph Weich, 23

years old. The accident was the result of the entanglement of a banner announcing a pleasure club outing in a number of electric wires. The banner was strung from the roof of a small hotel. Slinbach and Weick volunteered to free the banner.

Unknown to any one, the wires supporting had become crossed with a 'live" electric wire. Slingach grasped the ban-ner wire. The instant he did so he fell back dead on the hotel roof. His com-panion, Weick, who had seized the wire panion, Weick, who had seized the with at the same time, received a shock which sent him reeling off the roof head fore.

most three storeys to the street, and was removed dying with a fractured skull and internal injuries, to the East-ern District Hospital. **Rioting** in Calcutta.

Rioting in Calcutta. Calcutta, Oct. 5.—The rioting here, caused by seditious agitations, during which about forty policemen were wounded Tuesday night, was renewed yesterday evening in a number of streets of northern Calcutta. Students and hoodlums collected on the roofs of houses and in the roadways and pelted passers by with bricks, Europeans being espe-cially singled out for attack. The Bengal newspapers this morning throw the whole blame for the roits on the police, and print statements alleging

the police, and print statements alleging police brutality, all of which is denied the authorities and eye-witnesses. There was no loss of life, but many persons sustained severe contusions and scalp wounds, and many street cars were da

# LONG CIVIL LIST FOR WENTWORTH FALL ASSIZES.

## Forty-Five Cases Besides the Sunfield Trial and Grocers' Combine Case.

While the criminal list for the coming \$1,000, injury by swing breaking in park-Staunton, O'Heir & Morison; G Assizes is limited to two cases, the Jake park-Sunfield murder trial and the Grocers' Combine case, these two will probably take the better part of two weeks to finish, and there are 34 civil jury cases, besides 11 non-jury cases, which will, in all probability, make the longest sitting that has ever been held here. Chief Justice Falconbridge will preside. The following is the list of jury and non-jury cases:

#### JURY LIST.

Ellis vs. White, declaration that plain-tiff is entitled to free use of well and skylight-Nesbitt, Gauld & Dickson for plaintiff; James Bicknell and Cahill Scule for defendant. Collins vs. T., H. & B. Railway et at.,

**MAY INVOLVE CITY** IN COSTLY LAW SUIT.

East Enders Who Paid for Sewer Will Bring Action Against the City

# And Will Look for the Same Terms as the Council Gave to Ald Farrar.

That famous application of Ald. Far-rar's for a sewer connection on Sherman avenue, which has been the subject of avenue, which has been the subject of onsiderable warm talk in the Council, and of vague hints of graft, threatens to tangle the city up in a lawsuit. Mayor Stewart vigorously denounced the Coun-cil's action in granting the doughty ald-

cil's action in granting the doughty ald-erman a connection for a rental of \$5 a year, a concession that no one else, ex-cept a party who got a connection through a clerk's error, was given. The Mayor declared there was nothing to jus-tify it. That is the view some of the people who contributed liberally towards the fund for building the sewer take, and they say that if Ald. Farrar gets his con-nection on the terms set down, an action will be begun immediately against the city. People who follow municipal mat-ters 'closely say there is no reason why all those who have contributed to the cost of the sewer should not get just as good terms as Ald. Farrar. They will try it, anyway.

Foreman Towers, who was instructed by the City Engineer to inspect the Street Railway's cars and see if the or-der of the Ontario Railway Board reder of the Untario Kailway Board re-specting repairs and improvements had been complied with, said to-day he thought it would be unfair to make a report at the present time, while the company is making the changes. A num-ber of the closed cars have been nicely painted and put in good condition, but some of them, he says, have not been touched since the strike.

**REAL MOTHER DEAD.**

prounds Smith could find no suitable place to hitch his horse so he unharness-ed the animal and put him in a vacant stall in one of the sheds. When he got ready to return home, Mr. Smith found that the judges, thinking his horse was on exhibition had awarded a premium and bestowed a red ribbon.

#### LITTLE ODDITIES.

We got in eight months this year 216,-865 immigrants, 50,058 more than in the same period of 1906.

The 58-year-old wife of a Nebraska 106 years old wants a divorce to marry a younger husband. Can't she wait?

Rogers may quit the Roblin Govern-ment and become Borden's western lieu-tenant. Another chance for Sir Hibbert

Foster spouted in Toronto last night, but he did not deal with the land-graft-ing with the beneficiary funds of the Foresters.

The new Provinces of Saskatchewan and Alberta will retain the power to ef-fectively control public utilities. That control should always rest in the people.

The Intercolonial is picking up in earnings and a big surplus is expected this year. Put a heavy red mark here.

Local option campaigns in 87 munici-palities are now on. And it was a pret-ty dry summer, too.

#### Would Be Delighted

Would be Uelighted To have you visit us to morrow. Every-thing you can think of in table delica-eies, fancy and stapic groceries, you will find here, also an abundant supply of plungo ducks, chickens, domestic and for-eign fruits, cysters, cooked meats, strictly fresh eggs, pes.fed bacon and ham, comb and extracted honey. Bain & Adams, 80-91 King street east.

# CITY IN A FIX OVER HYDRO-ELECTRIC POWER.

## New Pumps a Pressing Necessity, But No Information at Hand Yet.

The city is in a nice fix over the question of Hydro-Electric power and new pumps for the Beach station. A spe-cial meeting of the Fire and Water Committee was held at noon to see what should be done about getting tenders, each.

should be done about getting tenders, and it was then that the aldermen dis-covered they would have to mark time until the question of which power is to be used was settled. K. L. Atkin, the electrical expert, who is applying for the job of superintending the installation of the pumps, wrote saying it would be im-possible to draw specifications until the power to be used was decided upon. The lower cycle power, the Hydro-Electric, he explained, would require a more expen-sive of getting the pumps at once is quite apparent, but it looks as if there was going to be a serious delay waiting for definite figures and information on the Hydro power.

the Hydro power. Mr. Atkin wants about \$1,200 for overseeing the installation of the pumps and doing other work in connection with their purchase. He says that what the and doing other work in connection with their purchase. He suys that what the city will benefit by being sure of what it is getting will more than make up for the expenditure. In the meantime Secre-tary James was instructed to get in touch with two or three other engineers and see what their prices are.

Chairman Clark said he had discussed the matter with General Manager Myler, the matter with General Manager Myler, of the Westinghouse Works, and the representative of the Worthington pumps. They advised him that it would be at least eight months after the order was placed before the pumps could be delivered. They estimate the two six-million gallon pumps would cost \$15,000 each.

each. On the advice of City Clerk Kent, the msurance on the Victoria avenue fire station and a shed adjoining from \$1,000 to \$2,000, and on the Bay street station from \$1,000 to \$2,000. Mr. Kent also advised an increase on the Central sta-tion from \$3,500 to \$5,500, but the com-mittee thought this was sufficiently cov-cred, the total insurance on all the Cen-tral property and King William street station being \$10,000. Some of the ald-ermen thought that the danger of fire in the stations was reduced to a mini-mum with the firemen on duty all the time. Mr. Kent said there was a little in the stations was reduced to a mini-mum with the firemen on duty all the time. Mr. Kent said there was a little in the station duty all the com-sing was responding to an alarm. — This was hould devise some scheme to provide 'insurance ourselves,' said Ald-timan Peregrine. "A lot of money goes that way every year."
