RAN A RUSTY NAIL INTO HIS FINGER

Mr. Alf. Hy. Orth, of Shipley (Ont.), says:—"While at work recently I had the misfortune to run a rusty wire nail under my thumb nail, to the depth of about one and a half inches. The pain was terrible, and what I feared was that the nail, being so dirty and rusty, would set up festering and blood-poisoning. I knew, from previous experience, how good Zam-Buk was, so I cleaned the wound, melted a little of the balm, and ran it into the wound. The result was wonderful. It soothed the pain, and the thumb actually did not swell. Zam-Buk kept away all inflammation. I was able to go on with my work all the time, and in a few days the thumb was as good as ever." in a few days the thumb was as good as ever
