J. H. Turner and Wife Going to Owen Sound.

A very delightful and enjoyable social evening was spent last night in the Sunday school of Charlton Avenue Methodist Church when a very large gathering of the congregation gathered to extend a hearty welcome to the pastor, Rev. W. J. Smith, president of the Hamilton conference, and his wife. The event was also characterized by the kind reception given to Miss Hurd, the newly appointed deaconess, and presentations to Mr. J. H. Turner, superintendent of the Sunday school, and his wife, also Mr. R. W. Moore, a member of the official board and secretary of the envelope committee, and his wife.

DISEASE IS DYING OUT,

But Churches and Schools Will be Kept Closed Longer.

Two Cases of Diphtheria Also at Prospect Place.

Other Nuisances in Township Are Receiving Attention.

The question of drainage of refuse into waterways, in the Crown Point district came up again at the meeting of the Barton township Board of Health last night. The orders given certain individuals there by the board to cease the practice have not been observed, and at one stage in the discussion as to what action should be taken in the matter, the members, on recommendation by Mr. F. Hills, decided to have the inspector get out a summons against the offenders. Mr. Hills said when coming to the meeting last night he and Dr. Alway made an inspection of one place and found the conditions very serious. Dr. Alway remarked that the stench at this place was more than ever, and there was danger of typhoid or diphtheria being caused by it.

Mr. Hills said he thought matters had reached such a stage that they were being trifled with, and in taking steps to do away with the trouble the board could not afford to consider any man's convenience in preference to the public welfare. The instructions of the board had been disregarded, and he suggested that legal action be taken at once. Mr. Lewis said his men had been picking berries in the vicinity, and had informed him that they could stand the stench no longer. If the members allowed this kind of thing to go on they would become the laughing stock of the community, and would leave themselves liable to very serious criticism, as much responsibility rested upon them.

Although the board passed a resolution that a summons be taken out and served on the perpetrators, Chairman Gage asked if it would not be a wise thing to have the inspector go down this morning and after making an inspection give those concerned a warning of the steps which the board had decided to take; if they complied with the mandate, he suggested that no legal action be taken, and for a day or so at least no summonses will be issued. Reeve Gage then called on the Medical Health Officer for his report. The officer said that there was no diphtheria and no new cases had been discovered in bed except in cases of diphtheria, of which two cases had developed at Prospect Place. He said, however, the danger point had not yet been passed, and suggested that both schools and churches be kept closed for another week at least. He was sorry that this was necessary, as he would like to see them opened. He thought perhaps they might be without any bad results following, but where there was a possibility of danger his advice was to keep on the safe side, and by so doing not only save the quarantine on the churches, they thought they would like to protect the interests of all, and this could only be done by keeping the schools and churches closed until all danger was over. Now that diphtheria had broken out, they thought it might be necessary to keep them closed for a week, or two weeks, as keeping down the disease and protecting life was the most important question of all just now. The board then passed a resolution that the quarantine be left on for the present.

WRONG GIRL ELOPES

Magnificent Fall Showings.

A great transformation has been gradually wrought at THE RIGHT HOUSE. One by one warm weather lines have given place to smartest fall styles in ready-to-wear, and beautiful fall waives and weights in yard goods. Immense purchases for spot cash give this old reliable store price advantages that keeps it ever in the lead. Three RIGHT HOUSE buyers have personally visited the great markets of the world to choose the very best—have it direct, and at very lowest possible cost to the large circle of consumers who depend on this store for their supplies all the year around. DAINTY HAND-MADE PARTY DRESS FOR THE DAINTY LITTLE GIRL.

There's little variety in style for small girls' dresses, hence their chief beauty must necessarily be the amount of decoration used. The dainty little Persian lawn frock in this photograph is made by hand, every stitch of it. Think of the countless stitches required to make all those tucks and to introduce those rows and rows of valenciennes insertion! But then it's worth it, and you feel repaid for your labor when you see your little girl arrayed in all her glory for her first party. You know, but no one else does, how little that dress actually cost, since you made it yourself. And there's some satisfaction in knowing how much you have saved. You can see in your mind's eye a label on a child's dress exhibited in the window of some fashionable shop, "All made by hand; cheap at \$15." And somehow your mother's heart feels good to know your child is dressed just as well as Mrs. So-and-So's—for that's human nature.

THE ITALIANS.

Large Meeting In Barton Street Methodist Church.

A large and interesting meeting of the Italians of the city was held in Barton Street Methodist Church last evening. The meeting was under the direction of Mr. Ernest Taylor, English teacher and interpreter, who is pushing this work with great vigor. Dr. Tovell, pastor of Central Methodist Church, was present, and delivered an address which was interpreted by Mr. Taylor. Dr. Tovell expressed his great pleasure in the work which is being done in this church for the Italians, and exhorted them to become good Christians and worthy citizens. The pastor of the church, Mr. Livingston, was also present and said a few words. Some gospel songs were sung in splendid form by the Italians, and a scriptural lesson was taught by Mr. Taylor. A social evening for the Italians is being planned by Mr. and Mrs. Taylor.

RECEPTION AT TRINITY.

English Lutherans Heartily Welcome Their New Pastor

And Say Farewell to Rev. J. M. and Mrs. Bieber.

New Congregation Has Prospered In Its Short Career.

The members and adherents of Trinity Lutheran Church met in large numbers last night in their hall in the Conservatory of Music to extend a welcome to the new pastor, Rev. J. A. Miller, and his wife, and also to bid farewell to Rev. M. J. Bieber, field missionary, who organized the congregation and who has been acting as pastor, but who is now retiring. He will again resume his duties as field missionary.

Since the opening, about the first of the year, the attendances have steadily and rapidly increased at all the services, and the interest in all branches has been steadily growing. Now that the church membership has been increased to such large proportions it was thought proper to call a regular minister and allow Mr. Bieber to resume his regular organization work. The call was extended to Rev. J. A. Miller, and he accepted, and at last evening's gathering he was extended the welcoming hand on every side and given the assurance of the different organizations that he would have their hearty support.

Rev. Mr. Bieber acted as chairman, and in opening the meeting made reference to the steady advancement of the church. He thought the new pastor would prove a shepherd, and the members would welcome him not only to the church, but to their homes as well.

Mr. E. Fess delivered the address of welcome on behalf of the church council. He said it was an occasion for rejoicing in the congregation, for less than eight months ago Trinity Lutheran Church was unheard of. Under the careful guidance of Mr. and Mrs. Bieber, the church was able to advance until it reached its present prominent position. He extended a hearty welcome to Rev. Mr. Miller and his wife. The reports that had preceded Mr. Miller assured the congregation that he would be a pastor of sterling worth, who would be able to continue the work which had been so ably started by Mr. Bieber. On behalf of the council he extended their loyalty, respect and gratitude, and hoped Mr. and Mrs. Miller would never regret their coming to Trinity. To Rev. Mr. Bieber he said he wished to thank them for all they had done. They had been with the congregation since first it was organized, and by their earnest work the church had enjoyed wonderful prosperity, and it was with the sincere regret of the congregation that they were leaving. Mr. Fess then presented Mr. Bieber with a Bible, and Mr. Bieber with an umbrella as a slight token of their good work in Trinity Church.

BRITANNIA.

Popular Roller Rink Will Open To-morrow Evening.

Saturday evening will mark the third opening of the Britannia Roller Rink. For the opening night Lomas' entire orchestra has been secured, and will render the latest music.

The rink this season will appeal to the public, for the management is now undergoing heavy expenses in decorating and finishing the large establishment.

That Hamilton will have a rink conducted in a manner can be vouched for. The Britannia Amusement Company has secured as manager for the season, 1909-10, Mr. Camille de Vaudrey, a man of large experience in the business, having managed in 1904-05 the Boston Rink, the largest rink in the world (656 ft. x 140 ft.), and 1906-07, summer rinks in Long Island and New York.

That the Britannia people have been fortunate in securing the services of such an experienced man goes without saying. Mr. De Vaudrey will introduce during the coming season attractions which are unique and will prove interesting to both young and old. Any suggestions made by patrons will be carefully looked into and carried out if advisable.

Ladies and children will be particularly looked after; a corps of courteous and competent attendants have been engaged to look after the comfort of everyone.

During the first half of September the rink will be open twice a week with Lomas' orchestra, announcements in which will be made through the local papers.

BENNETT'S THEATRE.

The Bennett bill next week, featuring Miss Gracie Emmett in an amusing Irish sketch, will include such attractive numbers as Silbon's Cat Circus, an animal act which Manager Appleton is confident will prove a great hit with women and children; the Keaton family, in a screamingly funny comedy, introducing the celebrated juvenile entertainer, Buster Keaton; John D. Gilbert, a comedian of note; Howard Brothers with their flying banjos; the Sisters Dolly, dainty singing and dancing comedienne and Sid Baxter and company, in a novelty wire act. The cat circus is an act that has created wide interest as a result of the remarkable tricks performed by the cats. The sketch in which Miss Emmett will appear is said to have lost none of its laughing qualities since it was first introduced to the public. It is a really enjoyable farce, thanks to Miss Emmett's admirable character drawing of the Irish woman, without the common grotesqueries.

Mix with twelve tablespoonfuls of water and a half teaspoonful of sugar. Dose, one tablespoonful every hour. Of course, it is necessary to be careful in the use of digitalis, as it is a powerful and poisonous drug.
