Mn. Enron,

I hope, from the desire you always evince of seeing justice done to all, shet you will give the same publicity to the following letter, that you have given to the letter which contains what I consider to be an imputation upon my conduct.

Yours respectfully, Ewen Lamont.

To the Trustees of Orwell Cove School.

Arr.

To the Trustees of Orwell Cove School.

Set would appear, from the tenor of your letter of the 15th ult, published in Haszard's Gasette of the 3d. inst. that a deficiency in the number of your pupils, caused by the three adjoining Teachers being allowed to receive some of the scholars of your District, is the principal reason of your School's being so suddenly closed. It might also be supposed, that the practice of receiving and teaching them was persisted in at the time you wrote it, by those three Teachers, contrary to the express sanction of the Board of Education and of the Visitor.

As I am one of the three Teachers to whom you have alluded, in your letter, I beg to be allowed to correct the impression which the public cannot but receive from the allegations set forth therein, as far as it regards myself and the people of this District, by stating that I was neither receiving nor teaching your pupils, at the time that you preferred the charge. And that I am prepared to prove, if necessary, that I have acted in strict obedience to the injunctions of the Board of Education and of the Visitor, by refusing admittance to your pupils.

I cannia,

Your obedient servant,

Your obedient servant Ewen Lanony. Lower Newtown School, Dec. 14th, 1853.
