

HASZARD'S GAZETTE, DECEMBER 2.

MRS. WINSLOW.
An experienced Nurse and Female Physician, presents
to the attention of Mothers, her

SOOTHING SYRUP, FOR CHILDREN. Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c., that attend this period of children, she recommends it as sure to produce the desired effect, giving Rest to the Mother, and Relief and Health to the Infant.

A child in Cornhill-Street was cured by the Soothing Syrup, of Infants' Distemper or Diarrhoea almost entirely by the attending Physician.

Mr. Blizard, of Eddington says, it has never failed to cure the Distemper or Diarrhoea in children whenever used in the village. Lots of it sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Colic. Lately they have used the Soothing Syrup, and it always effects a speedy cure.

Handfuls of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS.—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with uniform success, both by children and adults, in all cases of Distemper or Diarrhoea.

Your respectfully,

W. D. CURRIE,
New-York, July 10th, 1858. 915 Broadway.

Hear the Brooklyn Daily Advertiser, of June 12th 1858.

We cheerfully comply with the request of a friend to forward the following letter which we received from Mr. Curtis, of first responsibility, residing in Lowell, Mass., relating that a very small amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir,—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, order to test the remedy,—and when given to the boy according to the directions, its effect upon him was立奇, he soon went to sleep, and all rest and ease were dispensed with.—We have had no trouble with him since, and his little fellow will pass through with comfort, the extracting process of teething, by the aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it.

NEUROLOGY, or SCIATIC RHEUMATISM, CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the Cuprum and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints.

HENRY HUNT.

Hear what the Daily Mercury of Bangor says of Dr. HUNTER.

Hunter's Balsam. It is not often that we can say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, who have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq., we have the testimony of many of our own citizens and those of neighboring towns, unanimous, in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for ought we know, may have been procured by fraud. See Dr. Benjamin L. Hunter's testimony, in agent's hands, or
