The Dominion Coal Co., Halifax came to the rescue of the snow bound passengers who were anxious to reach points in Cape Breton. The company decided to place at the disposal of the public the steamer Bonavia which will carry passengers, mails and freight to Lunenburg. There are a number of persons in Halifax and also at Truro, who are very anxious to reach the Sydneys. As a result of the blockade of the eastern division of the I. C. R., no trains passed over the road for four days, and the prospects for resumption of traffic are not very bright. The Bonavia has accommodation for forty saloon passengers. The steamer will leave deep water terminus at five o'clock this afternoon, and will carry the mails. This intelligence bore yesterday's date.

The first train from Summerside to Charlottetown in two weeks arrived here last night about 7.30 o'clock. The train which had been fighting its way to Georgetown for over a week got through yesterday and came to Charlottetown to-day. The Souris line is clear from Mount Stewart to St. Peter's. The Cape Traverse branch was opened last evening. The train that came in from Summerside last evening started on return this morning. But got stuck before reaching Northwiltshire. On Friday afternoon last, Grand Duke Sergius, uncle of the Emperor of Russia was killed within the walls of Kremlin Palace, Moscow by the explosion of an infernal machine thrown beneath his carriage. He was literally blown to pieces. The deed was committed by a single terrorist, who threw beneath the carriage of the Grand Duke a bomb charged with the same high-power explosive which wrought Minister Von Plehve's death. The missile was packed with nails and fragments of iron, and its explosion tore the imperial victim's body to ghastly fragments which strewed the snow for yards around. Every window in the great lofty facade of the Palace of Justice was shattered, and bits of iron were imbedded deeply in the walls of the arsenal, a hundred yards away.
