The Best Bedtime Stories.

An enthusiastic young lady, on her in troduction to my mother, exclaimed; "Oh! I am so delighted to know you. I have heard about you for years as the lady who is always telling such wonderful stories to children, and they invariably turn out to be Bible stories. How do you do it!" "Very easily," replied my mother; "the Bible stories are the most wonderful stories in the world.

I never thought the Bible anything but interesting, and to this day think my mother's stories better than all other tales. I began telling Harry the Bible stories younger than many mothers think worth while, and I used to put his chubby hands together and say his little prayers months before he could lisp the words after me.

FRESH MUMMIES FOR ALL

BILL NYE REGRETS THE DECADENCE OF REAL OLD RELICS.

Some of the Mummy Mines of Egypt Are Nearly Exhausted-Munmies of American Manufacture Not Up to the Standard-Embalming Injurious.

Among the many letters of inquiry re-ceived during the past week is the following: "Last year I made a trip abroad, and among other trophies of my visit to the Old World I secured a fine specimen of a mummy, for which I paid seventy-five scudi. While showing it to a friend last week I discovered that the air of Illinois is detrimental to it and that disintegration is taking place. Can you tell me what is the cause and what I had better do in order to preserve the specimen

You have no doubt paid at least seventy-You have no doubt paid at least seventyfour scudi too much for your mummy, as
mummies go. Nothing is more disheartening than the discovery that one's mummy is

But the chances are that you have the
modern style of mummy, made especially
for Americans by the trade. Ho is not an
antique, and before August you will have to
decide whether to cast him aside or let him
run the house. The genuine mummy has
been ground up for fertilizing purposes during the past twenty years to such an extent
that we are running short, and spurious that we are running short, and spurious mummies made of coarse people who have died recently are flooding the market. A friend of mine purchased a varnished king, supposed to be over 2,000 years old, for which he gave 150 scudi and a silk umbrella. In May of last year he began to assert himself— the king did—and to enter more and more into the home life of his owner till it was deinto the home life of his owner till it was de-cided to have a coat of shellac put on him. A house, sign and carriage painter came up to the house, and while refitting and refurnish-ing the royal relics discovered on the forearm a dark blue Goddess of Liberty in India ink and the legend, "Richard Maginnis, Valpa-raiso, Ind., 1853." A mummy that has to be kept in the refrigerator is a bitter, bitter dis-carreciment, and an doubt yours is of that kept in the refrigerator is a bitter, bitter disappointment, and no doubt yours is of that class. The modern methods of preserving people do not in all cases prove satisfactory, and I do not know of anything more pitiful or more humiliating than while explaining your mummy to a coterie of friends in the library to have him while explaining than the probability of the property of the production of the prod your mummy to a coterie of friends in the library to have him explode on your hands and reveal his true identity. Should disintegration continue in the case of your own mummy, a private funeral is the test thing I could suggest. Let it be a plain affair, opening with a select reading or recitation, followed by a vocal sole and a set-to between some good artist and the piano. What Is Decoration ?

In strictness, to decorate is to add beauty to something by adding to it ornament, or perhaps color, and implies convenience to have no better name than trinket, knick-knack, gew-gaw, for a hing that exists for its prettiness alone and so we stretch the more reputable word to cover such things. So, also, people speak of decorating a slab of wood or stone by painting or carving something on it, when the slab, if it exists only for the sake of what is on it. when the slab, if it exists only for the sake of what is on it, is more decorated than the painter's canvass is decorated by his picture, Let us use the word ow in its true sense, by which decorating exists for the sake of the thing to which it is applied. The distinction concerns us, for neglect of it has led decorators into serious faults It is easy. in the desire to something called decora-tive, to think only of the charm of what we are doing, without regard to the thing to which we are doing it. This is a besetting sin of amateur decorators.

The Text of the Lesson Is to Be Found in Ex xxxv, 20-29-Golden Text, II Cor. ix, 7-Commentary by Rev. D. M.

lisher.]

Moses had returned from his seventh visit to God in the mount; for the second time had he spent forty days and nights there, and did neither eat bread nor drink water, and when he came down from the mount the skin of his face shone, but he wist it not (TYN) 23-20.

(XXXIV, 23-30).
V. 20. "All the congregation departed." Woses had received a command to take from all the willing hearted among the children of Israel an offering unto the Lord of the materials named in verses 5 to 10, that with them he might build a sanctuary in which them he might build a sanctuary in which God might dwell among them txxv, 8. A full account of this tabernacle, with all its vessels and the garments of the priests, is found in chapters xxv to xxx, and repeated in chapters xxv to xxxix. The building and its significance will come before us in our next lessen; today we have the willing hearted people and their offerings.

21. "And they came, * * and they brought the Lord's offering." They did not offere to return, they did not object to that

brought the Lord's offering." They did not forget to return, they did not object to that sort of preaching, neither did they seem to consider it a grievous thing to be thus called upon to contribute toward this building; it upon to contribute toward this building; it was "an offering unto the Lord" (vs. 5, 21, 22, 24, 29), and they brought it willingly (vs. 5, 21, 22, 29), because their hearts were stirred up (vs. 21, 25), and they brought in such abundance that there was soon sufficient for all the work, and too much, so that the people had to be restrained from bringing (xxxvi, 4-7). There was no entertainment or fair or sacred concert by which to raise the money or bring in the material; it was all a willing offering unto the Lord, 22, "And they came, both men and women." Thank God for the women, willing hearted, wise hearted, and with hearts stirred up (vs. 25, 26) who are found everywhere ministering unto Him, not only in Dorcas societies and in district visiting, in prayer meetings and as Bible readers, but as actual missionaries at home and abroad. In the China Island aries at home and abroad. In the China Island

mission alone, out of its 293 missionaries at the beginning of this year, 55 were married women and 96 unmarried women. Surely Ps. lxviii, 11 is being fulfilled. "The Lord giveth the word; the women that publish the tidings are a great host." (R. V.) He who permitted many women to follow Him and minister unto Him, who hindered not the women of Samaria from running to tell the glad tidings, who commissioned a woman to bear the first resurrection message from Himself, has nowhere that I can find forbidden women either to minister unto Him, or to lovingly testify of Him either in private or in public. "Every man an offering of gold unto the Lord." Their hearts must have been wonderfulle stimularly the state of the contract of the contrac Lord." Their hearts must have been wonderfully stirred when every man brought an offering of gold. It is seldom that such metal finds its way into an offering unto the Lord in these days; pennies or nickels are apt to predominate, perhaps a fair sprinkling of dimes with a few larger silver pieces, but the gold is not abundant. What a Time

People formerly had, trying to swallow the old-fashioned pill with its film of magnesia vainly disguising its bitterness; and what a contrast to Ayer's Pills, that have been well called "medicated sugar-plums"-the only fear being that patients may be tempted into taking too many at a dose. But the directions are plain and should be

strictly followed.

J. T. Teller, M. D., of Chittenango, N. Y., expresses exactly what hundreds have written at greater length. He says: " Ayer's Cathartic Pills are highly appreciated. They are perfect in form and coating, and their effects are all that the most careful physician could desire. They have supplanted all the Pills formerly popular here, and I think it must be long before any other can be made that will at all compare with them. Those who buy your pills get

full value for their money."
"Safe, pleasant, and certain in their action," is the concise testimony of Dr. George E. Walker, of Martins ville. Virginia.

"Ayer's Pills outsell all similar preparations. The public having once used them, will have no others."—Berry, Venable & Collier, Atlanta, Ga. Ayer's Pills,
