CHAPTER II.

'Andsomest Man in Town and Skit on the Mummy."

all the world. Oh, yes! I had nearly forgotten "The Guardians of the You have tarried long to-night, my When "Robert the Good" ruled our children. I have waited for your people he built for them a temple ming near an hour. As the heat of wherein to place specimens of the he day is over, the aspens are tremblcountry's resources-rare birds, fishing, adding a delicious murmur to the es and animals, also curios of other still evening. When you're as old as lands, and it did much to instruct the I am you will enjoy the peaceful evenpeople. There was also in it a skeleings; but how has the day fared with ton of the country's by-gone race, and you, Helen, my little maid? Well, I this skeleton is what caused all the trust. Your sweet smiling face reminds me that I have promised to tell trouble. This temple was an elegani you to-night of the "Andsomest man structure, an ornament to the land "Robert the Good" placed as caretakin town and relate to you about the er an old man and paid him \$400 of guardians of the mummy," and as I see you are all attention, and to the realm. The "Gruff" when he came shorten my story we will call the into power, not to be outdone by the hero "John the 'Ansome." Now this gentle Robert, had placed in this man was wondrous wise and had temple locks of hair from the heads of all his party, so that if the country many ships, all of course in the serever became infested with rats, it vice of his country. I say again he was wise, and from thinking so much | would save the country the expense of buying poisons or hiring a "Pied had a "swelled head," and he had a Piper." The hair was sufficient to do peculiarity, as all great, wise men the trick. To be on the safe side in have, and it was, his index finger was flat. You will, I know, in your case the mummy would take it into his head and run away, he placed two childish innocence ask, why? Well, of his followers, "Glee" and "Snell," little ones, it was because-because of his putting it to his bursting fore- | with \$700 each to guard the mummy head when in deep thought. Now and to look after the general con-"John the 'Ansome," before the duct of the beasts and fishes. Right well they did it. schism, went into a district and was beaten badly, so he became angry and In the morning after the fatiguing effect will be made in a few weeks to whom I gave the formula used it vowed doughty deeds against "Robert process of breakfast they wended their the Good" and talked both himself | way slowly to the temple and after and his neighbors sick, and in time drawing up their arm chairs they became a first-class "gimlet." Did I would put the mummy through a rigid not say he was wise? He was also examination. Glee would say, "Oh, an orator, and our language has been ho! so you wanted to run away, did for the P. and O. Company. Her dimenriched with some of his utterances. you? Well you won't. Snell and I
