COURTEOUSLY, BUT PERSISTENTLY

We repeat, we can make good paying investments for you, and the only condition attaching to it is, that you ask us to put your name and address on our lists for full details about our offerings. That's fair to us and to you, and if we cannot satisfy you, there is no harm done.

KEEP YOUR FEET DRY Use DRI-FOOT.

For All Shoes

DRI-FOOT
Waterproofing

You do not need to wear heavy, uncomfortable rubbers if you treat your shoes with it. Dri-Foot is a liquid composition that waterproofs your shoes and gives them longer wear. It is invisible—does not prevent polishing, costs but a fraction as much as rubbers and one application lasts all season.

Children's shoes as well as yours should be treated with Dri-Foot.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.

The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.
