Bermuda Welcomes Heir Apparent.

Prince Given Enthusiastic Reception--Miners Give a Fortnight's Grace -- Wrangel Batters Soviet Forces -- Dominion Steel President to Visit Newfoundland.

PRINCE AT BERMU DA.

HAMILTON, Bermuda, Oct. 1. The Prince of Wales, homebound from Australia on the battle cruiser Renown, arrived here to-day from Antigua for three days visit. He was given an enthusiastic welcome. During his stay the Prince will take part in the concluding ceremonies of Bermuda's Tercentenary which is linked with the Jamestown, Va., Tercentenary and those of the sailing of the Pilgrims for America. The celebration in honor of the Prince, who is concluding his long tour of the British Empire and the United States, took on an international aspect with his presence here for the occasion of Rear Admiral Charles P. Hughes on board the United States battleship Kansas, and that of a representative of the Bahamas, Harcourt Malcolm, speaker of the Bahamian House of Assembly. Virtually everyone of Bermuda's 30,000 inhabitants was astir early to-day. Early this morning the Renown, bearing the Prince and his party arrived off the northern end of the island, accompanied by the cruiser Calcutta. At light anchor nearby, were the Kansas dressed in holiday attire, the British cruiser Calliope and the survey ship Mutine, both likewise decked for the occasion. As the Renown dropped anchor the Kansas boomed forth a salvo of twenty-one guns and her crew fired the rails. Immediately the Renown was boarded by the Bermudian Governor, Sir Jas. Wildlocks and Rear Admiral Allan A. Everest commanding the North American and West Indies Station, who formally welcomed the Prince to the island. The party then boarded the Calcutta, which is of suitable draft to permit navigating the shallow Channels and proceeded to Hamilton, the colony's capital fifteen miles away. On the trip the royal salute was fired from the Calcutta as she passed the ancient capital of St. George's, and the Prince was likewise honored with a royal salute from the batteries ashore.

STRIKE POSTPONED.

LONDON, Oct. 1. The coal strike notices, which were effective to-morrow, have been postponed for another fortnight, it was announced this afternoon. This action resulted from a conference between Premier Lloyd George and representatives of the miners and owners.

WRANGLER CUTS UP SOVIETS.

PARIS, Oct. 1. Forces of General Wrangel have annihilated a group of Russian Soviet troops in the region of Alexandrovsk, according to an official statement of Thursday in fighting in South Russia, received here to-day. Several armoured trains and large quantities of war material and rolling stock were captured by Wrangel forces, the statement says.

WILL VISIT WABANA.

MONTREAL, Oct. 1. President R. M. Wolvin, of the Dominion Steel Corporation, left tonight for the East on an inspection trip, which will include visits to the Sydney Steel plant, the Cape Breton coal district, and the Company's ore mines at Wabana. Mr. Wolvin's visit to Wabana mines is in connection with the resumption of export trade in iron ore, which during the period of the war and since the armistice was reduced to negligible proportions. The President stated that it was hoped that the advent of 1921 would see a profitable trade in ore again, established in new overseas connections formed through the British Empire, the steel corporation being an important factor in the market for ore.

CANADA'S NAVY.

OTTAWA, Oct. 1. Canada's Navy, consisting of the cruiser Aurora and destroyers Patriot and Patrician, will be commissioned on November 1st and will leave England for Canada shortly after that date. Capt. H. G. H. Adams will command the Aurora. The two destroyers are to be under the command of Lieutenants C. F. Beard and C. C.

was shot and the head constable gravely wounded and another constable less seriously wounded. Unconfirmed reports say several houses have been burned in reprisal for the attack.

ANOTHER APPEAL.

LONDON, Oct. 1. Mary MacSweeney to-day sent letters to the Archbishops of Westminster and Canterbury, in which she expressed the belief that her brother, Mayor MasSweeney, was being "supernaturally sustained in his struggle," and asked them to use their influence to secure his release.

PONZI IN JAIL.

BOSTON, Oct. 1. The Federal Grand Jury to-day indicted Charles Ponzi, promoter of the scheme by which millions of dollars were obtained from investors on promises to pay 50 per cent. profits, for using the mail in a scheme to defraud. The indictments, of which there were two of forty-three counts each, were the longest held here in years. Ponzi is now a Federal prisoner at East Cambridge jail and is under indictment also by State courts for larceny.

LOOKING HOPEFUL.

LONDON, Oct. 1. The general belief prevails to-night that a strike of the coal miners will be avoided as a result of a decision taken to-day to call for a re-ballot of the miners on the question of ceasing work. A re-ballot is expected to result in an acceptance by the men of an offer by the owners of an advance in wages of two shillings a shift when the output of coal reaches 248,000,000 tons a year. This was the rate of the output for the first three months of the present year.

suffered damage to her engines while outside Riga, but is not in need of assistance, according to wireless message received here to-day. The Kane expects to reach Riga to-morrow morning, the message said. The United States torpedo boat destroyer Brooks sent a wireless dispatch to the Kane offering assistance, but the Kane replied, "Thanks, need no assistance."

THE "BLACK AND TANS."

DUBLIN, Oct. 1. Confirmation has been received here that reprisals followed the shooting from ambush yesterday of District Inspector Brady, near Tubbercurry, County Sligo, who was killed, and of two constables who were wounded. Brady, when an officer at the front in the late war, was chosen by Field Marshal Haig to carry dispatches to Windsor Castle to the King. After the shooting four lorries containing "Black and Tans" entered Tubbercurry, fired their rifles, threw bombs and set fire to houses destroying six important business buildings and two creameries. Inspector Brady was the son of the widely known former member of parliament, J. P. Brady, and had a noble war record.

A Gruesome Story.

A gruesome story of love and crime has just been brought to light at Hornu, near Mons, in Belgium, where three persons are to be brought to trial. Just a fortnight before the Armistice, a miner named Noel Samain, considerably over 60 years of age, was observed by a neighbor digging a hole in his garden at dead of night. From his window the neighbor called out to Samain, asking what he was doing, to which Samain replied that he was going to bury some brass, which the Germans were at that time requisitioning. Satisfied with this explanation, the neighbor retired to bed.

Next morning, as subsequent inquiry has just revealed, Samain called on the father of his wife and asked whether he knew where she was. On the father replying in the negative, Samain said he supposed she had gone off with some German soldier, adding that she had taken some 3000 francs of his money. His "supposition" seemed feasible, for Samain's wife was not seen again. Her disappearance was the cause of much comment, for she had the reputation of being a virtuous, hard working woman, whereas her husband was

known to be on intimate terms with a 17-year-old girl named Lucia Gregoire. One day Samain, who, as before, continued to live in the same house as his son, aged 40, announced that his wife had written home stating that she was in Germany.

All these strange circumstances created such a stir that at length the authorities started an inquiry, which, however, had to be held up owing to events following upon the Armistice. Then, in the spring of last year, Samain, his son, and the girl Gregoire left the country, stating that they were going to Canada. Meanwhile the inquiry had led to the questioning of the neighbor who had watched Samain digging in the garden at dead of night. Guided by this man, the police searched the garden, and excavated the ground at the spot indicated by the neighbor. There the remains of Samain's wife were discovered, death having evidently been caused by strangulation, with a linen cloth, which was still tightly bound about her neck. On this accumulation of evidence, a warrant was issued against the trio on a charge of being implicated in the wife's death.—Ex.

I care not for those who clamor that I can't do it. I have done it. To-day brings the proof. I have dared to take the situation by the forelock, marching back to '14 with big American manufacturers. I am sharing that exchange with you. I am the first to do it. Let those follow who will. Kearney is first.
