WESLEYAN THEOLOGICAL COLLEGE,

Serious Trouble Over the Appointment of a Professor MONTREAL, Que., Feb. 18 .- There is

trouble brewing in the Wesleyan Theological College here which may or may not assume serious proportions. The board of governors have appointed a Mr. Harris to the chair of church history.

Mr. Harris has been instrumental in raising \$30,000 for the benevolent fund, and this is the reason assigned for his appointment. The students and professors object strongly to the appointment. It is represented that Mr. Harris' standing in the college is no higher than many of the students whom he will be called upon to teach. The professors say that he is not fit for the position. A meeting of the students and professors

was held on Saturday, and a requisition was sent to the board asking the cancella tion of Mr. Harris' appointment. One of the professors states that he will resign unless the requisition is granted.

THE DOWLY CASE.

Facts as Published Yesterday Confirmed by Her Husband.

OWEN SOUND, Feb. 19.-The case of Mrs. Dowly, as published yesterday, receives further confirmation from this town. The facts as told by her husband are as follows: "My wife was ailing from six to seven years with kidney disease, run down in flesh and could not sleep nights. She commenced taking Dodd's Kidney Pills about six months ago, and shortly after began to improve. After using four boxes it made a complete cure, and she is now well and strong, so that I have very good reasons for recommending Dodd's Kidney Pills."

Old, Yet New.

The Greatest Novelty of the Present

Dr. De Witt Talmage Discourses on the Subject of "The Glorious Gospel"

NEW YORK, Feb. 17.-Rev. Dr. Talmage took for his subject yesterday afternoon, "The Glorious Gospel," the text chosen being, "According to the glorious Gospel of the Blessed God, which was committed to my trust"-

I. Timothy, i., 11.

The greatest novelty if our time is the Gospel. It is so old that it is new. It is amazing what substitutes have been presented for what my text calls, "The glorious Gospel." There has been an hemispheric apostasy. There are many people in this and all other large assem-blages who have no more idea of what the Gospel really is than they have of what is contained in the fourteenth chapter of Zend-Avesta, the Bible of the Hindoo. The old Gospel is 50 feet under, and the work has been done by the shovels of those who have been trying to contrive the philosophy of religion. There is no philosophy about it. It is a plain matter of Bible statement and of childlike faith. Some of the theological seminaries have been hotbeds of infidelity because they have tried to teach the "philosophy of religion." By the time that many a young theological student gets half through his preparatory course he is so filled with doubts about plenary inspiritation and the divinity of Christ and the ques-tions of eternal destiny that he is more fit for the lowest bench in the infant class of a Sunday school than to become a teacher and leader of the peo-ple. The ablest theological professor is a Christian mother, who, out of her own experience, can tell the 4-year-old how beautiful Christ was on the earth, and how beautiful he is now in heaven, and then consecrates him for time and

eternity to him who said, "Suffer them

ship by saying, "Not many wise men, not many noble, are called, but God hath chosen the weak things of the world to confound the mighty."

Ah, my friends, the Bible wants no apologetics. The Throne of the Last Judgments wants no apologetics. Eternity wants no apologetics. Scientists may tell us that natural light is the "propagation of undulations in an elastic medium, and thus set in vibratory motion by the action of luminous bodies"; but no one knows what Gospel light is until his own blind eyes, by the touch of the Divine Spirit, have opened to see the noonday of pardon and peace. Scientists may tell me that natural sound is "the effect of an impression made on the organs of hearing by an impulse of the air, caused by a collision of bodies or by other means' but those only know what the Gospel sound is who have heard the voice of Christ directly, saying: "Thy sins are forgiven thee; go in peace," The theological dude unrolls upon the plush of the exquisitively carved pulpit a learned discourse, showing that the Garden of Eden was an allegory, and Solomon's

Song a rather indelicate love ditty, and the Book of Job a drama in which Satan was the star actor, and that Renan was three-quarters right about the miracles winter Fair showed Dr. Price's Bakin of Jesus, and that the Bible was gradually evoluted, and the best thought of the different ages, Moses and David, and Paul, doing the best they could under the circumstances, and therefore to be encouraged. Lord of Heaven and Earth, get us out of the London fog of higher criticism!

The night is dark and the way is rough, and we have a Lantern which God has put in our hands, but instead of employing that Lantern to show ourselves and others the right way, we are discussing lanterns, their shape, their size, their material, and which is the better light-kerosene, lamp oil, or candle; and while we discuss it we stand all around the Lantern, so that we shut out the light from the multitudes who are stumbling on the dark mountains

of sin and death. Here also come, covering up the old Gospel, some who think they can by law and exposure of crime save the world, and many of the ministers have into the detective business. gone Worldly reform by all means; but unless it be also Gospel reform it will be dead failure. Politics will save the cities the same day that Satan evan-

gelizes perdition. Here comes another class of people who in pulpit and outside of it cover up the Gospel with the theory that it makes no final difference what you believe or how you act-you are bound for heaven, anyhow. There they sit, side by side, in heaven. Garfield and Gui-teau, who shot him; Lincoln and John Wilkes Booth, who assassinated him; Washington and Thomas Payne, who slandered him; Nana Sahib and the missionaries, whom he clubbed to death at Cawnpore; Herod and the children whom he massacred; Paul and Nero, who beheaded him. As a result of the promulgation of such a mongrel and conglomerate heaven, here are millions of people in Christendom who expect to go straight to heaven from their seraglios, and their inebriations, and their suicides, when among the loudest thunders that break over the basaltic island to which St. John was expatriated was the one in which God an-nounced that "the abominable, and the murderers, and the whoremongers, and sorcerers, and idolaters, and all liars, shall have their place in the lake which burneth with fire and brimstone, which

is the second death." But as I remarked in the opening sentence of this sermon, the greatest nov-elty of our time is the Gospel. And let me say to the hundreds and thousands of educated and splendid young men about to enter the Gospel ministry from the theological seminaries of all denominations, on this and the other side of the seas, that there is no drawing pow-er like the glorious Gospel. "Him hath God lifted up to draw all men unto Get your souls charged and surcharged with this Gospel and you will have large audiences, and you will not have to announce in order to assemble such audiences, a Sunday night sacred concert, with a brief address by the pastor; or the presence of "Black Pattis" or Creole minstrels, or some new exposure of Tammany, or a sermon ac-companied by a magic lantern or stereopticon views. The glorious Gospel of the Blessed God as spoken of in my text will have more drawing power, and when that Gospel gets full swing It will have a momentum and a power mightier than that of the Atlantic Ocean, when under the force of the Sep-

tember equinox, it strikes the Highlands of the Navesink. The meaning of the word "gospel" is good news, and my text says that it is glorious good news, and we must tell it in our churches, and over our dryoods counters, and in our factories, and over our threshing machines, and behind our plows, and on our ships' decks, and in our parlors, our nurseries and kitchens, as though it were glorous good news, and not with a dismal drawl in our voice, and a dismal look on our faces, as though religion were rheumatic twinge, or a dyspeptic ng. or a malarial chill, or an attack

meek, blessed the hungry, blessed the merciful, blessed the pure, blessed the peace-makers, blessed the persecuted, blessed the reviled; blessed, blessed,

blessed; happy, happy, happy.
Oh, my text is right when it speaks of the glorious Gospel. It is an invitation from the most radiant Being that ever trod the earth or ascended the heavens, to you and me to come and be happy. Glad I am that all the Christian poets have exerted their pens in extolling the Matchless One of the Gospel. Isaac Watts writes, "I am not ashamed of my Lord." Newton writes, "Amazing grace, how sweet the sound." Cowper sings "There is a fountain filled with blood." Charles Wesley says, "Jesus, lover of my soul." Horatius Bonar says, "I lay my sins on Jesus." Ray Palmer writes, "My faith looks up to Thee." Fannie Crosby writes, "Blessed assurance, Jesus is mine." But I take higher testimony. Science what do higher testimony: Solomon, what do you think of him? And the answer is, "Lily of the valley." Ezekiel, what do you think of him? And the answer is, "Plant of renown." David, what do you think of him? And the answer is, 'My Shepherd." St. John, what do you "My Shepherd." St. John, what do you think of him? And the answer is, "Bright and morning star." St. Paul, what do you think of him? And the answer comes, "Christ is all in all." Do you think as well of him O man, O woman of the blood-bought immortal spirit? Yes Paul was right when he spirit? Yes, Paul was right when he styled it "The Glorious Gospel."

You thought religion was a straightjacket, that it put you on the limits, that thereafter you must go cowed down. No, no, no. By the cleansing power of the shed blood of Golgotha, set your face towards the shining pinnacles. Oh, it does not matter much what becomes of us here—for at the longest our stay is short—if we can only and there. Our Blessed Lord took our place. He purchased our ransom. He wept our woes. He suffered our stripes. He died our death. He assured our re-

surrection. Oh, I want to see it, and I will see itthe day of his coronation. On a throne already; methinks the day will come when in some great hall of eternity all the nations of earth whom he has conquered by his grace will assemble again to crown him. Wide and high, and imto come unto me." What an awful work Paul made with the D.D.s, and LL.D.s, and the F.R.S.s when he cleared the decks of the old Gospel mense, and upholstered as with the sunrises and sunsets of a thousand years, great audience room of heaven. Like the leaves of an Adirondack forest the ransomed multitudes, and Christ standing on a high place surrounded by worshipers and subjects. They shall come out of the farthest past led on by the prophets; they shall come out of the corn. Cornel down led on by the aposearly Gospel days led on by the apostles; they shall come out of the centuries still ahead of us, led on by the champions of the truth, heroes and hero-

ines yet to be born.

And then from that vastest audience ever assembled in all the universe there will go up the shout: "Crown him! Crown him! Crown him!" And the Father who long ago promised his Only Begotten Son, "I will give thee the heathen for thine inheritance and the uttermost parts of the earth for thy possession," shall set the crown upon the forehead yet scarred with crucifixion bramble, and all the hosts of heaven, down on the levels, and up in the galleries, will drop on their knees, crying, "Hail, King of Earth! King of Heaven! King of Saints! King of Seraphs! Thy kingdom is an everlasting kingdom, and to thy dominions there shall be no end! Amen and amen! Amen and Amen!

A pleasant time was spent at the parlor social given under the auspices of the Guild of St. Matthew's Church, Florence, at the residence of Mrs. James Beatty on Friday evening. The early part of the evening was spent in games, and after partaking of refreshments a neat programme was rendered by the following: Mrs. Howell, Misses Maud Willson, Minnie Kyle, Jennie Hall, Bertie Rheintgen, Sarah Beatty, Minnie Bodkins, Ida Gordier, Mabel Beatty, and Messrs. J. A. Armstrong and Brommage. Rev. H. R. Diehl occupied the

chair. The remains of Mrs. Jeannette Paul Graham, of Komoka, one of the oldest settlers in the township of Lobo, were taken to their last resting place on Sunday. Mrs. Graham came to Lobo from Scotland in 1826, or 69 years ago. At this time Lobo was a wilderness, and London was only known as "The Forks." The obsequies were under the charge of Rev. A. Sinclair, of the Disciples. The funeral was one of the largest ever seen in the district. The deceased leaves three children to mourn her loss-Mr. A. Graham, of London; Mr. D. Graham, of Komoka, and Mrs. Sarah Graham Steinhoff, of Strathroy.

A very enjoyable social under the auspices of the Bryanston Presbyterian Church was held at the residence of Mr. James Elliott, con. 13, London township, on Friday evening, Feb. 15. Friends and neighbors to the number of 160 gathered there. A sumptuous re past was served by the ladies of the church, after which Mr. Alex. Grant, of Bryanston, a host in himself, took the chair, and a fine musical and literary programme, interspersed with speeches was carried out, in which the following took part: Misses Chermichael and Little Bethel; Mr. Johnston, Mr. and Miss McGuffin, Nissouri; Mr. and Miss Corsaut, Birr; Mr. Gough, Siloam; Messrs. Hayes, Langford, and Lowlance, London township. The proceeds of the evening, amounting to \$40, will be devoted to the purchase of an organ for the new church.

Our Doctors Praise It

Lactated Food Now Used in the Homes of Physicians.

It is a notable fact that our physicians are now fully alive to the important question of infant feeding, and are taking a great interest in Lactated Food.

Our ablest and best doctors have given Lactated Food many severe tests, and in every case victory and complete satisfaction has been the result. Scores of Canadian doctors are now using this wonderful food in their own families, which is surely a strong reason why the mothers of our land should make it their choice. A well-known and popular phy-sician writes about Lactated Food as follows:

"I have used your Lactated Food with children and in old age with very satisfactory results. It is pleasant to the taste, and apparently easily digested and assimilated. It has been especially useful to old people, whose powers of digestion were weakened, furnishing them with a very pleasant and nu-tritious food."

THE AFRICAN EXPLORER. Johnston Lectures in St.

Andrew's Church. Dr. Johnston, the noted missionary and African explorer, gave his interesting lecture, "A Trip Through Central Africa," with illustrated stereopticon views, in St. Andrew's Church last night. The church was filled by an appreciative audience. Mr. Johnston is a powerful speaker, and his vivid description of the journey of 4,500 miles through the wilds of the Dark Continent kept his audience almost spellbound. Rev. W. J. Clark opened the meeting and made a few pleasant remarks in introducing the lecturer. Rev. Mr. Sawers offered a feeling prayer. Mr. Johnston earnestly wished to

create an interest in this country for the Africans, who are not such fools as the white people think they are. There is a grand destiny for the negro, who displays great ingenuity in the manufacture of many useful articles. Water bottles, soup dishes, baskets, woodwork, ironwork, knives, war hatchets, battleaxes, spears, hoes, beheading swords, arrows, bows, pipes, etc., in many varieties, were shown and minutely de-scribed, to the amusement of the audience. The explorer described many hairbreadth escapes in his journeyings through Central Africa from the natives and wild beasts, and exhibited the skins of tigers, leopards, snakes,

etc., captured during his travels. Dr. Johnston left his home in Jamaica in 1891 in order to find out the state of affairs in Africa, and with the aid of his camera has been able to present a good idea of the progress being made in civilizing the people in Central Africa. The views given last night, both of scenes in Jamaica and Africa were intensely interesting. The trip occupied eighteen months, the whole of the distance of 4,500 miles, with the txception of 500 miles by boat down the Zambesi River, being made on foot. Dr. Johnston has been laboring for twenty years in the West Indies, to which place he returns next month. He has set his heart on returning to Africa in the near future in company with his wife, who is at present in charge of his work in Jamaica.

BADLY RUN DOWN.

A Phrase that Expresses the Condition of Thousands-How One Man Regained His Health.

Mr. Geo. H. Quinn is one of the principal workmen in the establishment of the Brantford Carriage Company, and is highly esteemed by both his employers and fellow-workmen. At one time Mr. Quinn's system was so badly run down that he was forced to quit his trade, but no one seeing him today would ever imagine that his health was anything but the most robust. To a reporter of the Expositor Mr. Quinn said, in reference to his illness: "I was not really suffering from any disease. I was simply in that condition known as 'run down,' and my condition was so bad that I was forced to quit my trade. Having read so often of Dr. Williams' Pink Pills, I at last determined to give them a trial, and I can state emphatically that it was that medicine that made the complete and desirable change you see in my condition. I feel like a new man, am able now to do as much work as any man, and have not lost a day's work through illness since I finished the Pink Pill treatment. I can and do recommend Pink Pills whenever the opportunity arises, and I know of several in the shop who have taker them and been greatly benefited." To those whose system is run down from over-work, worry or from any cause, Dr. Williams' Pink Pills offer the most speedy and effectual means for a complete restoration to health and They build up the blood, strength. restore shattered nerves and cure when all other medicines fail. Refuse imitations and other so-called blood builders, which are worthless and may be dangerous to the health.
