vote of thanks for giving us such a delightful idea of her."

Sir Stephen seats himself in a low thair just behind her. This gives her very ferocious. He noticed our south pissing the must be the must be the most extraction. The most extraction of a custom officer, with pissing we see flat boats laden with flowers, with pissing we see flat boats laden with flowers, tols in his belt, and with half a dozen the engine which propels this wonder-ful boat is a Mexican, who stirs up the most extraction of a custom officer, with pissing we see flat boats laden with flowers, fruits, vegetables, grain and hay, and the must be a supplied to the

American railways. Arizona. In the distance were observed mines and smelters at work.

The willages are small and the people has served two or three months of so much to fear after all. Her spirits | The villages are small, and the people rise. What is Sir Stephen going to say? Nothing about herself, it seems, peons, and are really in a state of semislavery to the land owners, to whom they have become helplessly indebted. We passed by our London friends to watch We passed, however, two large mining ities, Chihuahua and Zacatecas, but

on the morning of the second day we reached a very fertile valley on the tops of the mountains. The weather was delightfully cool, as we were always from 5,000 to 8,000 feet above sea level. The traveler wants to stop "Well, it sounded like it. I daresay you dare two they compelling his gaze." Captain Stairs is not in love with her. He has other thoughts."

She has conveyed her meaning to Stephen perfectly. It is always her desire to damage Nel! and her sister in his eyes. But the odd, queer thing of it all is, that in her endeavor to damage them, she only destroys herself. Each word against Nell and her sister only sets Wortley against the sayer of it. As she hopes to destroy Nell, so she destroys herself.

At this moment Wortley almost dislikes her.

"What I think about poor Miss McGregor is that she is so dull," says

"Mrs. Chance looks directly you didn't mean it. Of course I can be been to for the traveler wants to stop at every city he comes to, as each there is on have got into a way of running her down. Haven't you noticed it? It's because she's so pretty, perhaps." says Bella, bearing this better than could be expected. "Yes, I have noticed it, ever since Captain Stairs' return. I am sure there is no truth in that dreadful idea, but—"

"Well?" impatiently.

"Well?" impatiently.

"Well?" impatiently.

"What I think about poor Miss McGregor is that she is so dull," says

Mrs. Wilding

"Well and her sister in his evex. But the odd, queer thing is different from ways from 5,000 to 8,000 feet above seal evel. The traveler wants to stop at every city he comes to, as each there is no have got into a way of running her down. Haven't you noticed it? It's because she's so pretty, perhaps.
