Yes, sir, this medicine is taken in air.

Thousands of cured ones testify that the only certain cure for Catarrh, Bronchitis or Asthma, is the well-known and well-tested Catarrhozone treatment.

> Little Drops of Healing, it is, carried to the diseased tissues by the air you breathe. This is how it works.

> Dosing for lung trouble is now discarded by progressive medical men.

Catarrhozone has gained its remarkable and unfailing success because it is sure to cure, no matter of how long-standing is the diseased condition.

Is it not rational to apply medicine where the disease exists? How can you put ointments or washes or sprays iato the lungs? You would choke. The lungs were made for air. Catarrhozone treatment harnesses the air to be a bearer of healing. This explains why it relieves at once and completely cures.
