WYLLIE'S MURDERER CALLS HIMSELF PATRIOT

Makes Harangue Justifying Foul Deed When Being Committed to Trial.

London, July 10.—Dhinnagri, the Indian student, who on the night of July 1, at the conclusion of a public gathering at the Imperial Institute shot and killed Lieut.-Col. Sir William Hutt Curzon Wyllie and Dr. Cawes Lalacca, was today committed for trial at the Old Bailey for murder.

The police court proceedings lasted the whole day long, and but little new evidence was elicited. The prosecution placed before the court documents containing the prisoner's handwriting, which seem to show conclusively that the crime was long premeditated and in revenge for alleged wrongs to India. The prisoner, in a brief statement, said: "I do not wish to say anything in defence of myself, but simply to prove the justice of my deed. As for myself, I do not think that an English law court has any authority to arrest and detain me in prison or to pass on me sentence of death.

"That is the reason why I have not employed counsel. I maintain that if it is patriotic for Englishmen to fight against the Germans, if they occupy this country, then it is much more justifiable and more patriotic in me to fight against the English. I hold that the English people are responsible for the murder of 80,000,000 of my countrymen during the last 50 years, and that they are also responsible for the taking from India of £100,000,000 every year to this country. I also hold that they are responsible for the hanging and deportation of my patriotic countrymen, who do just what English here are advising their countrymen to do. If the Germans have got no right to occupy this country, then the English have no right to occupy India and it is perfectly justifiable on our part to kill any Englishman who is polluting our sacred land."

Expressing surprise at the "hypocrisy with which the English are posing as champions of the oppressed in the Congo and in Russia," he continued: "In this case this country is occupied by the Germans, and if an Englishman, angered at seeing the Germans walking about with the insolence of conquerors in the streets of London, kills one or two Germans, and is upheld as a patriot, then certainly I am a patriot, too. In working for the emancipation of my motherland, I make this statement not for the purpose of pleading for mercy or anything of the kind. I wish the English would sentence me to death, for in that case the vengeance of my countrymen will be all the keener. I put forward this statement to show the justice of my cause to the outside world, especially to our sympathizers."

15 INJURED IN TROLLEY WRECK

New York Motorman Stops Car to Prevent One Crash and Causes Another.

New York, July 11.—The prevention of one wreck was the cause of another and a bad one, in which 15 trolley car passengers were injured on the Williamsburg bridge, over the East River today.

Charles Hannon, motorman of a local car, which was crowded with passengers, was making a start to fall speed toward Williamsburg when he discovered that he was dangerously close to a car ahead. He put his brakes on in time to avert what looked like certain collision ahead, when his car was struck from behind by another car which had been running close in the rear.

Both cars were derailed and passengers severely injured, but none fatally. Anna Knorr, 16 years old, was the only woman injured. Most of those hurt were Hebrew or Italian men and boys. Of these four sustained broken legs.

Bridge traffic was tied up for nearly an hour.

RIOT IN PORTUGAL

Lisbon, July 12.—There was an encounter yesterday between royalists and republicans in the town of Leonza. The royalists objected to the formation of a republican club. A number of shots were exchanged, and several persons were dangerously hurt.

SPANISH MINE INCIDENT

Paris, July 12.—A special dispatch from Lisbon reports a serious explosion in a coal mine at Belmez, Spain. Several hundred miners are said to be entombed. Efforts for the rescue are being made, and 42 living and 17 dead already have been brought out.

SUNDAY A SCORCHER LONDONERS SWELTERED

Nevertheless, One Man Was Cold and Wore an Overcoat on G. T. R. Depot.

Yesterday was one of the hottest days of the year.

Everybody is well aware of this fact, it being quite unnecessary to inform them that the weather was as hot as they well could stand.

The maximum temperature was the same as on Saturday 87, and this was the highest point reached in Canada.

On Saturday, however, the temperature at 8 a.m. was 59, while yesterday it was 67, a considerable difference.

The heat was sweltering from early morning until evening, when coming thunderstorms lowered the temperature.

As there was little to do, the citizens generally felt the heat worse than on Saturday.

No Prostrations. No cases of prostration are reported, although many suffered considerably from the heat.

The coolest man in town was discovered at the Grand Trunk depot yesterday afternoon. At this period Old Sol was doing his best. A man, a stranger in the city, was seen on the depot, and this is an inventory of what he had on—a business suit, not light, a short, light spring overcoat, a pea-jacket with large collar, and a straw hat. While everybody else was going without a coat and everything else, this gentleman had three heavy coats on, and then did not appear any warmer than the others.

He was admired in his light summer costume, so much so that some of those at the depot wondered if they had not forgotten some of their apparel.

Nevertheless it was warm. The thunder shower at night cooled the atmosphere appreciably.

SIXTY CONVICTS MADE ESCAPE

Seattle, Wash., July 11.—Information concerning the escape of a band of 60 convicts in the interior of Siberia, who are making their way towards East Cape, on the extreme east coast, in an effort to reach Alaska, was brought to Seattle yesterday by John W. Kelly, who has long been identified with affairs in the Arctic, both in Alaska and Siberia.

"The first word of the escape of the convicts reached Captain N. E. Killip, acting governor at Nichay, Kalmak, 1,500 miles from East Cape on March 13," said Kelly. "Immediately he sent a detachment of his men in pursuit. They overtook and engaged the exiles 100 miles from the coast. The Cossacks were defeated and seven of them killed. Several of the exiles met the same fate.

"Reduced in numbers by death from exposure and many having been killed in battles with natives, the band numbered 20 when last heard from. They have looted villages and killed natives when their demands for dogs, food and reindeer have been refused.

"The escaped convicts are not of the low criminal class, but are political prisoners."

THOMAS SMITH OF SARNIA ROAD DEAD

A pioneer resident of London Township died at his home, lot 17, on 2, on the Sarnia Gravel road yesterday, in the person of Mr. Thomas Smith. The news of his death will come as a surprise to a host of his friends, as on Tuesday last he was in his usual good health. On Wednesday morning he was attacked with paralysis and gradually sank until his death occurred.

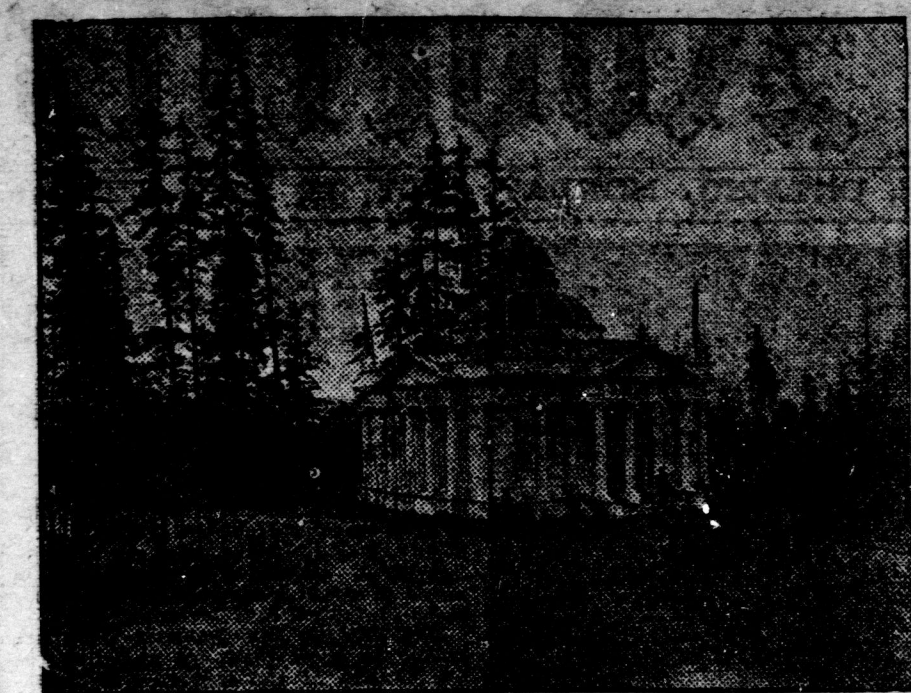

Mr. Smith was in his eighty-third year and had been a resident of London Township for nearly ninety years. He came to this country from Ireland with his mother and grandparents when he was four years old. The family resided first near Hyde Park and remained there for forty-six years. Later Mr. Smith moved to the farm on which his death occurred and had lived there continuously for thirty-three years. Besides his wife he is survived by two sons and three daughters: Crowell, who lives on the old homestead, at Hyde Park; Thomas, of Hyde Park; Mrs. James Knight, of London Township; Miss Maria, of Toronto, and Miss Rose at home. Mr. Smith was one of the oldest members of St. George's Church, West London, and the funeral, which will be held on Tuesday afternoon at Hyde Park Cemetery, will be conducted by Rev. G. B. Sage.

BURGLARS AT CHATHAM

Chatham, July 11.—A amateur burglar operated in the residential district on King street west last night. The residences entered were those of John Pigott, A. J. McGregor, J. B. Smith, Thomas Richardson and A. C. Trudell. The thieves threw things around pretty much, but they did not succeed in getting money. They had lunch while rifling A. J. McGregor's house. The police have a clue which may shortly result in two arrests.

SOVEREIGN BANK SHARES

Toronto, July 10.—Directors of the Sovereign Bank had a special meeting today to receive and consider the financial report that will be made to the shareholders at the annual meeting on Tuesday next. Mr. Aemilius Jarvis, president, for the Sovereign Bank, said today that he did not think that the shareholders would be called on to pay a call on their shares.

GRAND TRUNK AT SEATTLE FAIR.

The building of the Grand Trunk Railway system at the Alaska-Yukon-Pacific Exposition is a beautiful and ornate structure standing near the Canadian National Building. It is elaborately fitted and decorated throughout. In the dome is shown a series of pictures, composed of grasses and flowers, illustrating the various resources of the country tributary to the Grand Trunk system.

The walls are covered with colored transparencies of scenic agricultural and mineral sections of Canada and British Columbia, and these represent the highest art in exploitation illustration. Literature and valuable information has been assembled in attractive form, and this is distributed to exhibition visitors. It is the only strictly railway building on the grounds, and is a place visited by a great number of people from every part of the world.

All Is Quiet At Glace Bay Now

Glace Bay, N. S., July 12.—Monday morning finds the conditions practically unchanged in the great colliery districts of Southern Cape Breton, where the United Mine Workers of America, and the Dominion Coal Company are at war.

Half of the mines are still closed up and the remainder are being operated by less than the number employed before the strike.

An attempt will be made today to start No. 2 mine, which has been idle since Tuesday. All the United Mine Workers of America men have remained loyal. The company has about 300 more men at work than on Tuesday, but they were acting as special police and the soldiers have taken their places.

Scores of workmen are leaving town to fight to the finish, but so far everything is quiet.

The U. M. W. men, 600 strong, employed at Inverness mines, have gone out in sympathy with the Dominion Coal Company's employees. Two hundred soldiers have been called from Halifax to keep order there.

Montreal, July 11.—It is suspected that the Canadian Northern has been suffering from the attentions of an incendiary tramp who has burned two bridges, one at Burlington, near Shawinigan Falls, and the other at St. Paulin, on the Riviere du Loup branch.

The first fire was caught before it had gone far on Thursday night, and a repair gang sent out. While they were at work, however, at St. Paulin, 90 feet high, and with many spans, was reported on fire, and before it could be extinguished eleven spans were partly destroyed.

A special train was sent from Montreal with a big gang of men, who have worked night and day repairing the break. Work-

ing to the extent of the damage the special train had to scour the line to secure enough timber to repair the break.

The program was participated in by a large number of men from different parts of North Waterloo. Splendid prizes were given to the successful contestants, a handsome clock was given to the winner of the five-mile race this evening which was won by Oswald Lyeve, Berlin.

A Big Crowd Honors Minister King

Berlin, July 12.—The big picnic tendered by the friends of Hon. W. Mackenzie King, M.P.P., in honor of his recent elevation to the Dominion Cabinet as the first minister of labor in Canada, was given at Victoria Park Saturday afternoon.

A large crowd of people from all parts of North Waterloo arrived this morning and nearly all the farmers who attended the market remained here in order to take in the picnic.

The program was participated in by a large number of men from different parts of North Waterloo. Splendid prizes were given to the successful contestants, a handsome clock was given to the winner of the five-mile race this evening which was won by Oswald Lyeve, Berlin.

ELECTRIC TORNADO HITS PANAMA CITY

Near-Panic in National Theater When Lights Go Out—Feared Shipping Suffered.

City of Panama, July 11.—Preceded by suffocating heat all day, a phenomenal electric storm occurred last night, lasting three hours.

The wind blew with hurricane force, and there were dazzling lightning flashes and violent thunder reports. Torrential rains fell all night.

At the National Theatre, Maria Guerrero, a Spanish actress, was giving her farewell performance, when the electric lights suddenly went out. There was much confusion among the crowded audience, but a panic was averted.

The city was in utter darkness, and street traffic was suspended, while the storm was raging. Several palm trees were blown down. The zinc roofing was blown from many sheds and houses.

It is feared that shipping suffered much damage, but so far no reports have been received to indicate what, if any, disasters occurred. The wind is still high.

GAS TANK EXPLODES ON CHATHAM LAUNCH

Chatham, July 10.—Mr. Walter Scane had a narrow escape from death on St. Clair Lake yesterday.

With a party of friends he was out about a mile from the shore in his gasoline launch when the tank exploded. Fortunately no one was injured by the explosion, and they all got ashore in a small rowboat which Mr. Scane had attached to his launch.

The launch was a forty footer and the loss to Mr. Scane would be considerable.

LEVELLED BY STORM

St. Louis, Mo., July 12.—Special dispatches from Pana, Illinois, and Venia, Illinois, say that tornadoes struck those towns yesterday. At Venia four persons were injured and several buildings were destroyed. No one was hurt at Pana, but the property damage was considerable. Grain was levelled by both storms.

RATIONAL SUNDAY LEAGUE BOLT OF LIGHTNING ISSUES CALL FOR FUNDS

A Letter From Secretary Tells What the Organization Has Accomplished.

Toronto, July 11.—J. Enoch Thompson, secretary of the Canadian Rational Sunday League, is sending out letters asking the members of the league and others to contribute to the funds so the league can keep things moving.

"Since our organization we have entirely stopped the raids of the Lord's Day Alliance on the public treasury," the letter says.

"We have also influenced the Government to discontinue allowing the crown attorneys to prosecute the Lord's Day Alliance suits; consequently these gentlemen, rather than carry them on at their own expense, incite police officers to act as their agents."

"Instructed by the board, our solicitor appeared before the railway commission, both in Toronto and Ottawa, to oppose the interference of the Lord's Day Alliance with the moving of through freight on Sundays. I am informed our representative made the principal argument, though our interest in the matter was only sentimental. However, it cost us \$290, and the formal judgment extended the same privilege to all railways."

"I would also remind you that the Methodist conference has voted \$10,000 to employ an expert lobbyist to secure further restrictive Sunday laws, and we are the only organization that is opposing them. The Lord's Day Alliance has increased the salaries of their officials, who contrive to harass and annoy respectable citizens for petty infractions of their tyrannical laws."

"Under the circumstances I trust you will grant a donation, to assist us in keeping up the fight, or this country will be run by fanatics. Only the indifference of substantial citizens allows this small and aggressive minority to become influential with the lawmakers, and if no one opposes them the Government justly believe that they represent the great majority of the people."

The philosophy in life is in spending less than one's income, and it is painful to reflect how few philosophers there are.

AGED COUPLE BURNED TO DEATH IN BED

New York, July 12.—An aged couple who lived on the outskirts of the village of Patchogue, L. I., supported by a weekly allowance from a son in New York, were burned to death in their beds early yesterday. The victims were Townsend Gerry, 90 years old, and his wife Cynthia, who was 82. The police are disposed to believe that the old couple were victims of a robber and incendiary, but neighbors think that the lamp which Mr. and Mrs. Gerry kept burning in their bedroom all night may have started the fire.

When the fire arrived from the village, a quarter of a mile away, they found Peter Zerkaitch, the landlord, who lived on the second floor, was outside the house and the doors locked. He was arrested and will be held until the case is cleared up, although his account of the fire, and his escape by jumping from a window, is accepted as a creditable explanation.

ORDER WAS MADE HORTON VS. DUNCAN

Session of the High Court Was Held on Saturday.

Chief Justice Falconbridge presided at the sitting of the weekly high court held on Saturday for the trial of the following cases:

Re the McRae estate, an application to continue the allowance for maintenance for two years as in a prior order.

J. B. McKillop for London and Western Trust Company, F. P. Betts, J. C. Judd, K. C., W. R. Meredith and J. M. McEvey for other parties.

Horton vs. Duncan—A motion to confirm the report of the local master, Mr. R. K. Cowan, and for payment out of court of money to parties entitled. The order was made. P. H. Bartlett for the plaintiff, and W. R. Meredith for the defendant.

Dixon vs. Dixon, W. R. Meredith moved to confirm a report of the local master, Mr. R. K. Cowan. The order was directed to go.

SEARCH ALL STEAMSHIPS

Police Are on Watch For Men Who Stole \$500,000 in Jewels.

New York, July 10.—In a search for thieves, who are reported to have successfully engineered a \$500,000 jewel robbery in London a week ago, New York detectives boarded the liner Mauretania before she docked here, and went over the vessel thoroughly. Both cabin and steerage passengers were scrutinized, but no arrests resulted.

Other incoming boats for the next fortnight will be subjected to a similar search. The robbery was reported last week by cable, was one of the boldest which has occurred in London in many years. A Paris jeweler named Goldschmidt was the victim, and the loot, which was owned by a syndicate of French merchants, included ten pearl necklaces and a large quantity of loose pearls and diamonds.

Goldschmidt was held up and robbed in the lavatory of a Regent street restaurant. The thieves, it is believed, by Scotland Yard, are well-known continental experts. They are supposed to have started for America to market the gems.

COLLIDED ON A CURVE

Baileys, Col., July 12.—Nineteen persons riding on a handcar and pushcart trailer collided on a curve in Platte Canon on the Colorado and Southern Railroad last night with a freight train. Two persons were killed, two were fatally injured, and eleven were seriously hurt.
