SUTTON'S BODY EXHUMED

Autopsy Reveals Signs of His Having Been Murdered.

Washington, Sept. 13.—When the body of Lieutenant James N. Sutton, 30, the young marine officer, who met his death about two years ago at Annapolis, was exhumed at Arlington Cemetery this afternoon, an autopsy performed by physicians representing the navy department and young Sutton's mother, disclosed the fact that no bones were broken, also a contusion was found over the right eye.

It had been Mrs. Sutton's contention that her son's arm had been broken in the fight which preceded

his death, and that this being the case the shot which ended his life could not have been self-inflicted.

Dr. George Tulley Vaughan, of this city, who represented Mrs. Sutton at the autopsy, said tonight that the bullet wound which caused his death was three inches above the right ear, and was clean cut. There was no indication that the hair and scalp had been burned by powder.

The show he says, was evidently fired at a distance of five feet from the head, and could not possibly have been fired by Sutton.

After the autopsy had been completed the body was placed in a new coffin, provided by the Government, and was reinterred in the same grave after the ground had been consecrated by Rev. Father Alonzo Olds, of St. Augustine's Roman Catholic Church, this city.

BODY MAY HAVE BEEN THAT OF A WOMAN

Coroner Gray of Peterboro Says So, Though It Was in Man's Clothes.

Peterboro, Ont., Sept. 14.—The grow-some find made on George Campbell's farm at Springville, seven miles from here, yesterday morning, when George Bidgood came upon the skeleton of a human being, which had evidently been there for a year at least, develops peculiar circumstances. The body was resting in the branches of a tree which had been felled eighteen months ago, and was attired in man's clothing. The remains were very badly decayed, the head having fallen off and both arms being separated from the body. In the palm of the right hand was a white-handled razor, with a tuft of hair on the heel. A can of paris green, opened, lay a few yards away. A search of the pockets revealed \$4 in bills, some Dominion Bank, and others so badly decayed that only the word "Montreal" could be deciphered, and 90 cents in silver. The pockets also contained a pipe and a full package of T. and B. tobacco, a jackknife, and some matches.

Coroner Gray, of Peterboro, was summoned, and empanelled a jury from the crowd at the scene of the discovery. They adjourned indefinitely after viewing the body, as the authorities have nothing to work on in the case.

There are strong suspicions of foul-play, in spite of the paris green and the razor, as the coroner states that it would be impossible for the body to be in the position in which it was found had it been a case of suicide.

There is absolutely no clue to the identity of the body, as there is nothing around it to indicate who the person was. As far as is known now, no one in the community has been reported as missing.

A strange thing about the case is that the coroner states that some parts of the remains would lead him to the opinion that the body was that of a woman. Especially was this true of the teeth, which Dr. Gray thinks strongly bear out his opinion.

It is regarded as miraculous that the body should not have been discovered long since, as the spot has been frequented by many berry-pickers, and is only a few yards from the C. P. R. track.

Visitors will find the old firm, The Frank Cooper Studio, in new quarters, 330 Dundas street, opposite the Armories.

PITCHED BATTLE WITH THE FARMERS

Reported That Hydro Power Men and Citizens Came to Blows.

St. Ann's, Sept. 13.—The first actual physical conflict between farmers in the county of Lincoln and the workmen of the contractors for the hydro-electric power line took place here Saturday morning and the first victory lay with the farmers.

From what can be gathered of the conflict, it appears that the hydro-electric commission in July last agreed with Eli Lane and some neighbors on the amount of compensation to be paid for the right-of-way across their farms, but the money had not been paid over, although it is claimed that an official called on Mr. Lane last Friday to pay the money, but Mr. Lane, it is said, was not at home, consequently the payment was not made.

Be this as it may, on Friday morning about 7 o'clock the contractor's men, under Foreman Bowen, started to dig the holdings of the farmers, and several neighbors, armed with pitchforks and shovels, approached Bowen and his men and threatened them. It is claimed that Bowen urged the men not to interfere with the workmen, but to sue them or the contractors for any damage or for any wrongful entry on the farm.

Bowen and his workers allege that in spite of their peaceful attitude the farmers attacked the workmen, that Bowen had his arm broken by a blow from a pitchfork, that another workman got a scalp wound two inches long as the result of a blow with a shovel, while another workman was struck on the side, also with a shovel, and was badly bruised.

The workmen then quit the farm and will at once enter suits for damages for the alleged assaults and for being delayed with their work.

It is understood that Clark Lane, a brother of Eli Lane, has settled with the commission, as have most of the farmers in the vicinity, and on Monday the work of preparing for the towers will be resumed on some neighboring farms to that on which the trouble arose.

The contractors and the commission have, it is held, given every consideration to farmers and others whose property is affected by the work, and they say there is no justification for any attack on the workmen engaged in constructing the line.

NEW SENSATION AT MONTREAL PROBE

Alderman Says He Was Offered a Big Bribe by a Capitalist.

Montreal, Sept. 13.—At the royal commission this afternoon, Ald. Clearhouse swore that Mr. Mark Workman had offered him \$3,000 to vote for the Montreal Light, Heat and Power contract.

Mr. Workman is one of the richest men in Montreal and largest holder of the common stock of the company.

Witness stated that he was first approached and offered shares in the power company, and then Workman offered him \$3,000 if he voted the right way.

ARRESTED PRESIDENT

Daniel McDougall, of Glace Bay, Charged With Libel.

Glace Bay, N. S., Sept. 14.—Daniel McDougall, local president of the United Mine Workers, was arrested here on a charge of criminal libel. The charge arose, it is said, from an article which appeared in La Patrie, of Montreal, in which it is alleged McDougall warned Quebec men not to come here to work, as the Dominion Coal Company were using men like slaves and their yards were filthy.

Action was taken, it is believed, at the instance of the Dominion Coal Company. The arrest was made by Detective Carrington, of Montreal, who came to Glace Bay and arrested McDougall at 10:30 Sunday night. He was immediately placed on a special train, and will, it is reported here, be taken to Montreal.

THE PRAIRIE INDIAN TO HAVE A VOTE

Dominion Government Extends Franchise to Cover the Case.

Ottawa, Sept. 14.—The Dominion Government has issued a proclamation extending the provisions of the Indian act in regard to the exercise of franchise to all bands of Indians whose reserves are situated south of the north boundary of township 70, as surveyed or projected through the provinces of Alberta or Saskatchewan. This means that Indians of Alberta and Saskatchewan are placed on same basis in regard to the exercise of franchise as redmen of older provinces.

In future an Indian of these provinces who desires the white man's right of voting may qualify for the privilege by cultivating and securing the deed of a parcel of land. Hundreds of Indians in Eastern Canada have made themselves as important a factor in an election contest as a pale face, and it is expected that the Indians of the plains will not be slow in following their example.

MAY BE SOLD OUT.

Hamilton, Sept. 13.—The buildings of the Maple Leaf Amusement Company will be sold by public auction on Friday next unless the company makes an assignment. The company has been running in hard luck ever since

the park was opened, and there are several creditors. The park was recently seized under two executions to satisfy two claims aggregating \$1,000, and it is under these executions that the sheriff of the county will hold the auction sale.

SUES HIS LAWYERS.

Hamilton, Sept. 13.—A. Kotarian has issued a writ against Bruce, Bruce & Counsell, barristers, to recover \$500 which he claims is the balance due him from the settlement of a suit he brought against the Canada Colored Cotton Company for injuries. The suit was settled for \$800, and Kotarian claims he was entitled to that amount. He got only \$300 instead, the balance of \$500 being divided, he claims, between the legal firm and Budimir Protich, the interpreter.

THEIR GOLDEN WEDDING.

Cornwall, Sept. 13.—The golden wedding of Mr. and Mrs. Donald Roach was celebrated at the family residence 60 Marlboro street, today by the entire family, composed of six sons and four daughters, who had come with their families from nearly all parts of the world. On behalf of the family the happy parents were presented with an illuminated address and a purse of gold. The address being read by the eldest son and the presentation being made by the eldest daughter, Mr. and Mrs. Roach are 79 and 75 years old respectively, and are yet in perfect health.
