ST. ANDREW'S S.S. HAS BIG OUTING

1914 Picnic Proves the Most Successful in School's History.

All that was needed to make St. Andrew's Sunday School picnic yesterday, at Springbank, a success was fine weather, and as Old St. Andrew's was far away as an ear-to-ear smile, the picnic was declared to be the most successful ever held by the Sunday school.

The kiddies went to the park in special cars at 11 a.m. After lunch, baseball games and races were held, some fast sprinting being accomplished in the events for ladies and male teachers.

The basketball game, between two girls' teams, the Blacks and Whites, was a thriller, the shrieks of the contestants being heard as far away as the pump-house. The final score was 12 to 4, in favor of the Blacks, who lined up as follows: Ruth Stevenson, Ella McKay, Jessie Love, Marjorie Mason and Margaret Simon. The Whites' lineup included: Beth Allen, Gladys Smith, Dorothy Wardrop, Peggy Gemmel and Kathleen Allen. The real thriller of the afternoon was an alleged ball game between the St. Andrew's scintillating diamond stars, playing under the names of the "Giants," and the "Cubs." The Giants, captained by Ward Casselman, hero of many baseball victories, triumphed over Rev. Hugh McFarlane's "Cubs" after seven innings of errorless (?) ball.

The second ball game of the afternoon was a nip-and-tuck affair between St. Andrew's Church League team and the London Life nine. St. Andrew's winning by 6 to 1. The latter played excellent ball and were in the running for the championship of the church league.

The pavilion was filled at tea-time with the young folks, and credit is due to the young women of the school who capably looked after the refreshments for the day.

The Sunday school received generous assistance from members of the congregation, who donated prizes and refreshments for the picnic.

ASPHALT PAVEMENT FOR WELLINGTON ST.

First Paved Road to Victoria Hospital Now Practically Assured.

DUNDAS HILL JOB, TOO

Majority of Property-Owners Have Signed Petition Against Pavement.

In order to have at least one asphalt pavement running to Victoria Hospital, the council will on Monday night vote on the question of paving Wellington street from the Grand Trunk tracks to the bridge.

An interesting point in connection with this proposal is that Arthur Carrothers claims to have a petition signed by a majority of the property-owners on the street, protesting against the pavement on the ground that it is too expensive. An estimate of the cost and the preparation of a bylaw for paving Waterloo street, from the Grand Trunk tracks to the hospital, were steps taken some time ago for making Waterloo street the paved road to the hospital, but Robert A. Carrothers secured a petition, with a majority of the property-owners, signing against the pavement.

The long-drawn-out controversy over the pavement of Dundas street will be apparently been settled, and this work will be taken up Monday night.

OPENING OF THE "LAKE SHORE LINE" OF THE CANADIAN PACIFIC

Commencing the 29th of June, the Canadian Pacific inaugurates what will hereafter be called the "Lake Shore Route," between Toronto and Montreal and Ottawa. Double train service between Toronto and Belleville daily, except Sunday, and between Toronto and Montreal, with the opening of the new service the following new towns will be reached by the Canadian Pacific: B. Whitty, Oshawa, Bowmanville, Port Hope, Cobourg, Brighton, Trenton, Belleville, Kingsford, Wilkinston, Bollingbroke, etc., and good service will be maintained both ways between all these points. For further information on this new service, call at 161 Dundas street. W. Fulton, City Passenger Agent.

On the fifteenth of each month the C. P. R. will pay in wages over the whole system \$5,000,000. This is the monthly record in round numbers, 120,000 cheques being drawn every month. It seems only the day before yesterday when 50,000 cheques were deemed to represent a tremendous monthly wage list. The number of employees grows all the time, in spite of careful appointment and economic working. These monthly cheques find their way into the most distant, the oddest places. They are mailed, in inclosures, to the distant parts of British Columbia. They find their way to the construction camps, removed from civilization. They reach the employees at the way-side station, showing a single tuft of grass amid the general aridity. And, however lonely or small or discouraging the locality or district, there will be someone there to cash the cheque for the employee. There may be a bank in a tent, which is very frequently the fact. If there is no bank there is a company's agent of some kind to whom the cheques will be addressed and who will distribute them to the men in the district. To make out the pay lists and check them, and control them, and issue the cheques to correspond to the book-keeping, and get the work so advanced as to have all things ready at the right date, on the stroke of the clock, requires a large staff at headquarters. And whether the times be good or bad, the figures rising or falling, the \$5,000,000 have to be provided on the fifteenth of each month to the minute. The exceptionally strong position of the Canadian Pacific has enabled it to pass through a time of stringency, always making more than its dividend with ample funds at its instant disposal. There has been, as far as possible, retrenchment during the past few months. That does not mean that the company has parted with any of its employees; but it has not undertaken new work necessitating the employment of new hands, or the disbursement of sums other than those already arranged for under older programs. No man in the service of the company, high or low, has any doubt about that monthly cheque, which will be honored in all parts of the Dominion.
