A BATTLEFIELD AFTER THE BATTLE—AFTER THE FLIGHT OF THE GERMANS FROM THE MARNE DISTRICT, THEIR DEAD WERE LEFT LYING ON THE FIELD.

GERMANS IN HURRY TO TAKE ANTWERP

But Are Suffering Enormous Losses in Endeavor—Krupp Employees Man Big Siege Guns.

[Canadian Press.] London, Oct. 5.—The Antwerp correspondent of the Daily Telegraph, telegraphing regarding the fighting around Antwerp, under date of Saturday, says: "The Germans continue their desperate efforts to capture Antwerp. They are in a desperate hurry to accomplish it, and are pushing forward with their artillery at Forts Waeschem and Waver, St. Catherine's, and flanking their infantry in frantic efforts to break through."

"Their losses have been enormous, and the numbers killed are estimated as high as 8,000 during the present movement. The Belgians adopted a clever ruse to delay the Germans. They had last night several hours of rest ceased to reply, whereupon the German staff, thinking the fort out of action, ordered the infantry to advance in close formation. The Belgian gunners waited until they could see the whites of their eyes, and then opened a murderous fire."

"Thus far the forts in the outer ring of the Antwerp defences have suffered little harm from the German bombardment. The German big guns are not being worked by regular soldiers, but men in citizens' clothing, who wear only an armband to indicate their military occupation. Undoubtedly these men are summoned to replace the losses among the regular gun layers. The heaviest German guns are located north of Vilverde, where formations of reinforced troops have been prepared."

"The German shells have practically wiped out most of the little villages and hamlets in the outer circles of the Antwerp defences. The Germans still hold Malines, although at a heavy cost, as the town is subject to constant bombardment from the Antwerp forts."

COL. SAM. HUGHES GOES TO COMMUNE WITH NATURE

Minister of Militia Praises Officers of Contingent for the Smoothness With Which Camp and Departure of Troops Proceeded.

[Special to The Advertiser.] Ottawa, Oct. 3.—Having seen the Canadian troops off for the front Col. Sam Hughes is off for the woods. The Minister of Militia said this morning that he had been pretty busy during the past two months and felt a few days' rest would do him good. He knew of no better place to take it than in the woods of Haliburton County, so tomorrow he will leave for Lindsay. As to the report that he would visit the Canadian troops again before they went to the firing line, Col. Hughes would say nothing. However, it is believed here that the Minister of Militia will cross the Atlantic within the next two weeks.

Col. Hughes had nothing but praise for the men and officers who went to the front and declared that there had been splendid work done at the camp.

"Col. Geo. Patterson Murphy proved to be the best army service officer I ever saw," declared Col. Hughes.

ANTWERP FORTS TAKEN? Germans Claim Capture of Three With Immediate Redoubts.

SAY RUSSIANS BEATEN After Furious Battle at Crossing of River Niemen—2,000 Prisoners.

[Canadian Press.] Berlin, Oct. 5.—By wireless to Sayville.—An official report from the German headquarters says that in the siege of Antwerp the forts of Liere, Waeschem and Koningshoek and the intermediate redoubts, with 30 guns, have been taken.

"Thus a breach has been made in the outer circle of forts," the report adds, "rendering an attack on the inner circle of forts and the town itself possible. Near Augustowo, the Third Siberian and parts of the Twenty-second Russian Army Corps, composing the left wing of the Russian army, on crossing the Niemen River, were defeated after a furious battle, lasting two days. More than 2,000 unarmoured Russians were made prisoners, and a large quantity of guns and machine guns were captured."

Other press matter given out in official quarters says: "The force of native troops from British India, which recently landed at Marseilles, had left that port for the northward."

"British ships have arrived at Lisbon and are probably destined to transport Portuguese troops. Portugal's co-operation in the war is imminent, the mobilization of the Portuguese forces, it is believed, having been ordered by the demand of the British Government."

England is sowing mines in several ports on the coast of the Baltic, and to this effect has been given to neutral shipping.

The Rumanian crown prince has been strongly rebuked for his pro-Russian agitation. The leaders of the Rumanian parties have declared themselves in favor of continuing the neutral policy of the country.

"A manifesto issued by the Rumanian Socialist party assumes that the neutrality of the country will be preserved, and the Rumanian propaganda in certain newspapers, and emphasizes the dangerous position of Russia."

Germany is using the Dutch flag to investigate report and indorse complaint—Plan to End Contraband Trade.

[Canadian Press.] Paris, Oct. 5.—The Figaro says that France has protested to Holland that the German merchants are using the flag to carry contraband of war and that Holland, after investigating, announced that the complaints were justified.

The Chinese will not oppose Japanese Will Allow the Occupation of Shan-Tung Railroad, But Hope for Some Control.

[Canadian Press.] Peking, Saturday, Oct. 3. [Delayed in Transmission].—Although the Chinese authorities continue to hope that the Japanese will permit them a measure of control over the Shan-Tung railroad, they have informed the Japanese that they will not oppose the military occupation of the line. This is the railroad which runs from Teling-Tau westerly through the Province of Shan-Tung to Chi-Nan, passing through Wei-Hsien.

The Japanese are confident that the Chinese troops will obey the instructions of the Japanese army.

Left Wing, After Battle of Considerable Violence, With Indecisive Effect, Retires a Little—No Change Along Rest of Front

[Canadian Press.] Paris, Oct. 5.—3:02 p.m.—The following official communication was given out in Paris this afternoon: "On our left wing, to the north of the Oise, the battle continues with great violence. The result remains indecisive. We have been obliged, at certain points, to cede ground. "Along the remainder of the front there has been no change."

PRAYS WAR MAY RESULT IN UNITY OF THE IRISH NATION

John Redmond, in Recruiting Speech at Wexford, Says the Irishmen Cannot Stand Aloof in Present Hour of Great Danger.

[Canadian Press.] London, Oct. 5.—John E. Redmond, the Irish leader, in making recruiting speeches at Wexford on Sunday, eloquently appealed for a reconciliation on the home rule question. He said: "I will meet Andrew Bonar Law (the Opposition leader in Parliament) by gentleness and by reason. I pray with all my heart and soul that out of this terrible war one blessed result may come for Ireland, and that is that as Irishmen go on fighting side by side, Catholics by Protestants, and north of Ireland Irishmen by south of Ireland Irishmen, it may prove to be a sign of the future unity of our Irish nation."

"German domination would mean the loss of all the liberties we have won. I will put it quite plainly, as General Botha (the South African premier) did in his speech, Are you for Britain and her colonies, or are you on the side of Germany?"

"Believe me, we cannot remain aloof. The war has come upon us, and we must make our choice. The only choice of honor, of safety and of statesmanship is to defend the Empire's liberties against their declared enemy."

AUSTRIANS WAITING IN DUMB PATIENCE

Mass of the People Still Has Faith in Germany's Powers.

UNEASINESS PREVAILING Commerce Is Paralyzed and Sugar Refiners Try To Ship to Britain.

[Canadian Press.] London, Oct. 5.—A news letter received by the Reuter Telegram Company to word received here from Vienna, the Austrian public is waiting in dumb patience for some definite news as to what is really happening in Galicia and along the Serbian frontier. Although there is an uneasy feeling that affairs are not going well for Austria, the mass of the people still put their faith on Germany, and are confident that, no matter what happens now, the Germans will eventually save the situation.

"Many others, however, disgusted with the ambiguous and scanty reports from official sources, are beginning to disregard the newspapers altogether. Ever since it became known that Russia was making such startling headway in Galicia, the Vienna newspaper comments have been most guarded. The editorialists deal chiefly with the German campaign in western Europe, thus seeking to divert public attention from the Austrian reverses at Lemberg and along the Serbian border, but the presence of 70,000 Polish refugees from Galicia, added to the constant arrival of thousands of wounded, has considerably discounted the effects of official reticence."

"Commerce and industry are paralyzed throughout the dual monarchy, and the stoppage of exports threatens to ruin some of the largest industries, notably the sugar trade. Millions of pounds of sugar are sent annually from Austria to Great Britain, India and other points abroad, and the sugar refiners are anxiously endeavoring to find some means of getting their product to England by indirect routes. To relieve the stress of the financial situation, the Government has decided to organize a war credit, in order to carry on various industrial enterprises."

No Boycott Likely. "Numerous suggestions have been made for boycotting goods coming from hostile countries, notably England and France, but they have met with scanty support in the most influential commercial circles. The Prague Chamber of Commerce refused to indorse such a proposal, saying that it would be quite useless at the present moment, besides being dangerous for Austrian interests later on. Outside Vienna and Budapest the aspect of the whole country is lifeless and apparently devoid of active men and presents an appearance so strange and oppressive."

FALLING BEAM IN BARN KILLS CHILD

May Little, of Windsor, Had Her Skull Crushed While Swinging—Was Visiting at Colchester.

[Special to The Advertiser.] Essex, Oct. 5.—May, the 10-year-old daughter of Mr. and Mrs. Arthur Little, of Windsor, who has been living with her grandparents, Mr. and Mrs. William Little, of Essex, was killed on Sunday evening. Mrs. Little and granddaughter were visiting at William Little's home, Colchester North, and about 6 o'clock, May, with some other children, went out to the barn to swing. The beam to which the swing was fastened became loosened, and in falling struck the little girl on the head, crushing the skull.

The other children ran to the house and called their parents, who hurried in the child. Medical assistance was to no avail, for she died about 11 o'clock. The beam, which fell, about twenty feet, was about 14 feet long and 6 inches in diameter. The funeral will be held on Tuesday.

TWO OBJECTS OF HUNGARY INVASION

Insure Russian Left Flank and Open New Field of Activity and Supply.

[Canadian Press.] Rome, via Paris, Oct. 5.—7:18 a.m.—News from Russian headquarters says that the invasion of Hungary through the Carpathians has two objects. The first is to insure the left flank of the Russian army operating against Premysl and along the San River, and the second, to open a new field of activity in the vast Hungarian plains, where it can frighten the population, disturb the drilling of Hungarian reservists and recruits and cut the railway communications, besides focusing an important portion of the army from the resources of the country.

It is recalled that during the Russian-Turkish war of 1877 an expedition, commanded by Gen. Gurko, and mostly composed of cavalry, did the same thing, crossing the Balkan mountains and entering Eastern Rumania.

A DARING COUP

[Canadian Press.] London, Oct. 5.—19:10 a.m.—A dispatch to the Star from Rome, speaking of the Russian invasion of Hungary, says: "Having captured all the Carpathian passes, the Russians have commenced the invasion of Hungary. Advancing to the south, they have occupied Hossuzsents. They crossed the river and cut the railway at Cziket, thus isolating the remainder of Hungary."
