

A DISCOVERY THAT IS BENEFITTING THE WHOLE WORLD

Wonderful New Substance Formed By Combining Fruit Juices

It takes Canada to do the really big things that are being done. For thousands of years, people have known that fruit was good for them without knowing exactly why. A Canadian physician experimented until he found out.

Fruit juice is about nine-tenths water and one-tenth solid matter. And this solid matter is eight-ninths sweet and one-ninth bitter. It is the bitter principle that is the curative part of fruit. To get the full benefit of fruit, one must eat great quantities of fresh fruit. By the discovery of this Canadian physician, the bitter or curative part of fruit juice is so combined that it is made to grow or increase many times. In other words, a stronger fruit juice is created. This is made into tablets which are known all over Canada under the name of "Fruit-a-tives".

"Fruit-a-tives" is the only medicine in the world that cures constipation. JAMES PROUDFOOT, Esq. of Vankeek Hill, Ont., says "If it were not for 'Fruit-a-tives' I am satisfied I could not live."

Chronic Constipation makes Pains in the Bowels. There are two layers of muscles in the bowels which during constipation become thick and weak and cannot act. In severe cases, people go three and even ten days without the bowels moving. N. JOURNET, Esq. of Grande Ligne, Que., says "I heartily recommend 'Fruit-a-tives' to all who suffer with Constipation."

Bile, a liquid secreted by the liver, is the purgative of the body. Two pints of bile should be poured into the bowels every day. In severe constipation only about half a pint is secreted. With the muscles of the bowels weak and little bile, it is impossible for the bowels to move regularly. A. G. WILKINSON, Esq. of Hardwick, N. B., says "I tried 'Fruit-a-tives' and now I am well from Chronic Constipation from which I suffered for many years."

To cure Constipation, the liver must be stimulated to pour out more bile and the weak muscles strengthened. Mr. and Mrs. J. W. Fox of Newburgh, Ont., say "Our daughter was cured of appendicitis by 'Fruit-a-tives' after doctors had only an operation could save her life."

"Fruit-a-tives" is not merely a relieving agent but actually cures Constipation. It tones up the nerves and bowels and increases the flow of bile.

WM. PARSONS, Esq. of Otterville, Ont., says "I am eighty years of age and find 'Fruit-a-tives' do me more good than any other remedy."

Remember - chronic Constipation cannot be cured in a day, but "Fruit-a-tives" will quickly relieve the trouble and certainly cure you if taken at a reasonable time.

Senator JOHN COSTIGAN of Ottawa, says "I have been a dreadful sufferer from Constipation for over thirty years. After taking 'Fruit-a-tives' for a few months, I feel well from this horrible complaint."

"Fruit-a-tives" will cure you. Get a box, 5 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

EXCHANGE CHILDREN FOR VACATION TIME

Growing Custom in Europe Which Assists in Education of Young.

Though only started five years ago, the system of exchanging children between families in Germany, France and England has attained wonderful proportions. This year, in Berlin alone, 1500 children have swapped places as guests abroad. In the whole empire there are thousands of youngsters with the same ambition.

France and Germany, in spite of their traditional bitterness, are the greatest participants in this scheme. The English, under the direction of Lord Wensdale, are trying to extend their operations in the same direction. Curiously enough, however, there is less activity in England in the pursuit of a foreign language than anywhere.

The working of the scheme entails no risks. Each country has a committee, which reports on the fitness of any family to receive a foreign guest. When a family is approved in this way it sends a little boy or girl at its own expense to a German or French family for the holidays, receiving in exchange a child from this family for the same period. In that way languages are made easier in acquisition and, incidentally, a better understanding among the nations is established.

ACCURATE BUT IRRITATING

The English Language Spoken by Doctors Not Understood By The Bartenders.

Lawrence D'Orsay, the English actor, who has an accent as English as they make 'em, does not like Americans bartenders in general, and for the bartenders in St. Louis he entertains a particular aversion. "I went into a bar in St. Louis, dear boy," he said on one occasion, "and I ordered a bottle of beer. The bartender, don't you know, did not hand me the beer. He dashed it down on the bar and said it along for about ten or twelve feet, don't you know. I stopped right in front of me. I looked at him with a stony stare, as was quite proper but he paid no attention to me."

"Then I gave him a quart. He threw on the bar a coin, which rolled on the floor. Again I stared at him as if to insult him, but he paid no attention to me whatsoever. So I called a small black boy, and I said to him on the floor, and you can have it for your trouble."

"Then I said to the bartender: 'If you will find a coin on the floor, I will kick into your knowledge of what is polite and proper on the part of a bartender.' But he would not come from behind the bar. Then I gave him the number of my room, and told him I would be glad to see him at my time and give him the kick which he deserved. But he never came to the room."

"So, you see, dear boy, your American bartenders are immoral, and they won't be kicked. What is a gentleman to do?"

The Charm of Woman

Presumably the advance of woman's rights is playing the devil with the stereotyped form of compliment addressed to feminine graces. One learns that girls are commencing to job at hearing pretty things about their hair and their eyes. "When a man tells you you are as beautiful as the morning, when you are only nice-looking with a sunburnt neck, or he doesn't believe it, and then he's a liar." Dear, dear - what a charming prospect opens up before the young man doomed to carry on his love-making upon "George Washington principles." The up-titled nose poetry will become a snub, and the cream and white complexion a mere money change of "blue" and "whiting." It is quite in accordance with the tenets of strict veracity to tell a girl she is "as beautiful as the morning." The only danger lies in under-stating the case. A sharp girl acquaintance of mine twinged this very readily. "As beautiful as the morning, am I?" asked she. "Yes, but what sort of a morning?"

Physicians See Human "Aura"

Twelve physicians and six nurses who looked through the Kliner glass at the undraped bodies of four female models at Mercy hospital, saw the human body developed by an "aura." The experiments, under the direction of Dr. Patrick S. O'Donnell, followed the lines taken by Dr. Walter Kliner, of London. The instrument used was made of two pieces of oblong glass glued together, with a solution between. Women were used as subjects because the female is believed to have the stronger aura.

The observers saw faint, nebulous lights emanating from the subjects, like a "brush" discharge of electricity. Dr. O'Donnell considers the scientific demonstration of the aura, so long maintained by theosophists, as equaling in importance the discovery of the X-ray or of radium.

All in the Viewpoint. Mrs. Mary T. Metcalfe, discussing the pure question at the Gotham Club meeting at the Waldorf-Astoria in New York, smiled and said: "I heard a food dealer once declare that chemicals in food must be all right since salt itself was a chemical. A queer argument, eh? It depends on you, on the point of view. What was the salt dealer's influence on the point of view?"

Once, at Niagara, a gentleman said to his hotel proprietor, pointing toward the falls: "Glorious, isn't it?" "Glorious, isn't it?" "But it ain't what it used to be," the proprietor sadly returned. "No? Why not?" said the guest. "The hotel proprietor shook his head. 'Too many hotels,' he said."

FREDERICTON BUSINESS COLLEGE

W. J. OSBORNE, Principal.

OUR REGULAR TERM begins Monday Sept. 4th.

If possible, be with us on that date. If not, come when you can.

Could not begin to supply the demand for our graduates last year. Sold for free catalogue. Address: W. J. OSBORNE, Fredericton, N. B., Principal.

DEPARTMENT OF RAILWAYS AND CANALS

Intercolonial Railway.

Spur Line-Hampton Station to Hampton Village, N. B.

2nd NOTICE TO CONTRACTORS

Sealed Tenders, addressed to the undersigned and endorsed "Tender for Hampton Spur Line", will be received at this office until 10 o'clock on Saturday the 7th day of October 1911.

Plans, profiles, specification and form of contract to be entered into can be seen on and after the 21st of August at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa; at the office of the Chief Engineer of the Intercolonial Railway, Moncton; and at the office of the Intercolonial Terminal Agent, St. John, N. B.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labour, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and attached the actual signature, nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of \$500.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted. A cheque thus sent in will be returned to the respective contractors. The cheque of the successful tenderer will be held as security, or part security, for the due fulfilment of the contract to be entered into. The lowest or any tender not necessarily accepted.

By order, L. K. JONES, Secretary.

Department of Railways and Canals, Ottawa, September 18, 1911.

Newspapers inserting this advertisement must withhold authority from the Department will not be paid for it.

Sept. 27-28-77 E

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Wharf at Shediac Island, N. B.", will be received at this office until 4:00 p. m. on Tuesday, October 17, 1911, for the construction of a Wharf at Shediac Island, Westmorland County, N. B.

Plans, specifications and form of contract can be seen and forms of tender obtained at this department and at the office of Geoffrey Stead, Esq., District Engineer, Chatham, N. B.; E. T. P. Sheehan, Esq., District Engineer, St. John, N. B.; and on application to the Postmaster at Shediac Island, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signature, stating their occupations and place of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Secretary, Department of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order, R. G. DESROCHERS, Secretary.

Department of Public Works, Ottawa, September 18, 1911.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

Sept. 27-28-29.

The Kind You Have Always Bought

FRENCH WARSHIP BLOWS UP

400 Men Dead In Wreck of The Liberte At Toulon.

Toulon, France, Sept. 25.—The battleship Liberte was torn apart and totally destroyed by an explosion of her magazines today. Nearly 400 of her crew were killed. The battleship Republique was badly damaged and the battleships Democratie and Verite also suffered severely from the masses of twisted iron and armor plate that were hurled upon their decks.

NEW BRUNSWICK ALL RIGHT

The magnificent display of roots, vegetables, grains, cattle, sheep, etc., at the Chatham and Fredericton Exhibitions show that the country could exist very nicely even if the lumber industry were destroyed. Intensive farming and careful breeding of stock will make this province as rich a country as Denmark.

TENDERS FOR DREDGING

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Dredging Buctouche Harbour, N. B.", will be received until 4:00 p. m. on Tuesday, October 3, 1911, for dredging required at Buctouche Harbour, N. B.

Tenders will not be considered unless made on the forms supplied, and signed with the actual signatures of tenders. Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work. Only dredges can be employed which are registered in Canada, at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Secretary, Department of Public Works, for five per cent of the contract price which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order, R. G. DESROCHERS, Secretary.

Department of Public Works, Ottawa, September 18, 1911.

Newspapers inserting this advertisement without authority from the Department, opt. 20-21-22ns.

More bread and Better bread

And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it's the cheapest and most economical after all.
